Report on Freshmen Session.

1. Introduction :

A warm welcome was given to the first-year students, to the exciting world of engineering! This session offers a roadmap to help you build a strong foundation in both academics and extracurricular activities. Begin by mastering essential subjects like programming and mathematics, while exploring key coding languages such as Python, C, C++ and Java. Get involved in technical clubs, work on hands-on projects, and network with peers to enhance your skills. Explore key domains such as AI/ML, Cybersecurity, Cloud Computing, Data Science, Blockchain, IoT, and Web Development, which provide immense opportunities for growth. To make the session even more fun, we concluded with an engaging quiz round where students guessed logos of popular brands, sparking excitement and curiosity.

2. Event Objective:

To provide participants with a foundational understanding of emerging tech fields like Artificial Intelligence, Machine Learning, and Cybersecurity, and to guide them in exploring various career paths and growth opportunities in the tech industry.

3. Event Outcomes:

To gain an understanding of AI, ML, and Cybersecurity domains.
To Understand the skills and knowledge required for different roles in IT industry.
To identify potential career opportunities and paths in the tech industry based on their interests and strengths.

4. Details:

- **Venue:** F.Y Seminar Hall(201).
- **Date :** 8/10/2024
- **Speakers (Computer Engineering Department):**
 1. Mr. Anis Shaikh.
 2. Mrs. Prajakta Satav.
 3. Mr. Kshitij Thorat.
 4. Mrs. Yashini Pardeshi.

5. Targeted Audience:

All F.Y students from all the CS, CSBS and IT branches(180 students).

7. Conclusion

The freshmen session successfully provided first-year engineering students with a clear roadmap to navigate their academic and extracurricular journey. By emphasizing the importance of mastering core subjects and exploring diverse technical domains like AI/ML, Cybersecurity, Cloud Computing, and more, the session highlighted numerous opportunities for growth. Participation in clubs, hands-on projects, and building networks were encouraged to enhance learning beyond the classroom. The engaging quiz round added a fun and interactive element, leaving students excited and motivated to dive deeper into their chosen fields. With curiosity and dedication, students are now equipped to explore the endless possibilities in engineering and technology.
