Synopsis:

deAsra Foundation is a non-profit organization established by visionary technocrat Mr. Anand Deshpande, founder of Persistent Solutions, Pune with the aim to assist nano to micro scale enterprises especially in the rural India. Hence, the Institute E-Cell has signed MoU with deAsra Foundation in July 2024 to inculcate and nurture temperament of entrepreneurship among the young aspirants. The department of Engg. Sciences and Humanities efforts to give all round exposure to the students made this event to introduce them to entrepreneurship mind-sets.

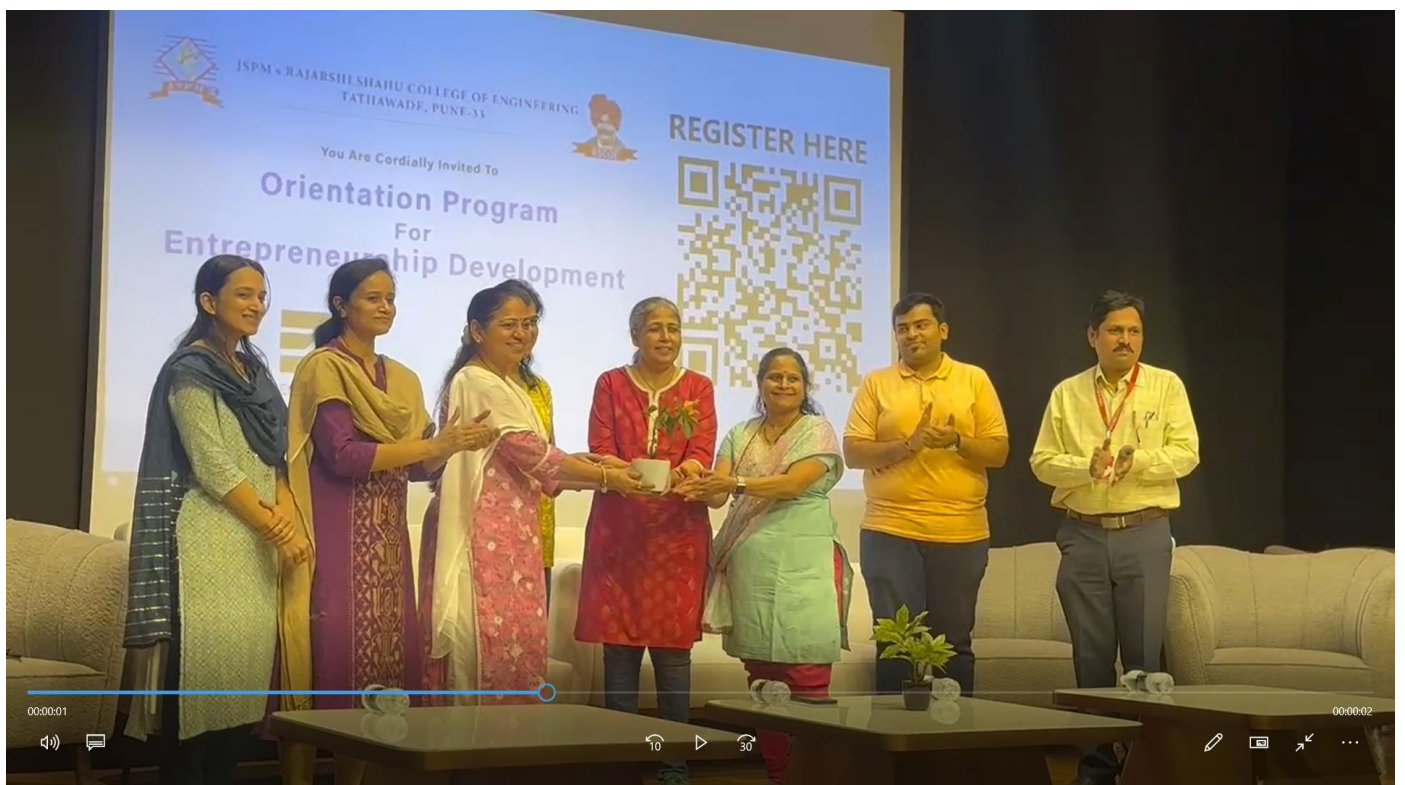

The event started with the welcome address followed by Saraswati Pujan by all dignatories. Session chair Prof. (Dr.) S. M. Yadav madam felicitated the guest speaker Ms. Manisha Tapaswi. The speaker is an alumni of TISS (Tata Institute of Social Sciences). She is currently engaged with deAsra Foundation as a program manager. The speaker eloquently influenced the audience with the successful stories of enterprises established by very common people and doing handsome profitable business.

The program ended with the spontaneous interactions by the audience on different challenges and opportunities in setting up business and the assistance provided by different agencies. Students also expressed their interest to enrol for short term course INSPIRE LITE conducted by deAsra Foundation in the second semester.
