

JSPM's
Rajarshi Shahu College of Engineering, Tathawade, Pune
(An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)
Department of Engineering Sciences and Humanities
Academic Year: 2024-25

Day : Saturday **Date** : 14/12/2024
Faculty Coordinator : Dr Venu Shree, Ms Pallavi
Pendse, Ms Amruta Dixit, Ms Rupali Girase **Time** : 10 am – 1 pm

Event Name : **Language Day** - From Emojis to Shakespeare – Language is Lit!!

The Department of Engineering Sciences and Humanities successfully organized a vibrant and engaging **Language Day** on **14th December 2024** with a Christmas theme. The event aimed to foster language skills, cultural appreciation, and creativity among first-year engineering students.

Highlights of the Event

Students showcased their talents and enthusiasm through participation in a variety of competitions, including:

Poetry Recitation

Spelling Bee

Poster Making

Greeting Card Design

Fireless Cooking Competition

Origami

The event witnessed participation from students across three languages—English, German, and Japanese—celebrating linguistic diversity and cultural exchange.

Inauguration

The program commenced in the presence of the dignitaries with a heartwarming rendition of the classic Christmas carol "Jingle Bells" sung in English, German, and Japanese. The audience was delighted to experience the universal spirit of Christmas through different linguistic expressions.

Dignitaries Present:

Mr. Bhilare, Campus Director

Dr S M Yadav, Head of Department

Dr Tomar, Dean Academics

DACs –

Mr Kushal Lodha

Dr Anagha Jahagirdar

Ms Bharati Thawali

Ms Samrin Bagwan

Competitions and Activities

The competitions allowed students to express their creativity and teamwork while fostering a sense of holiday cheer. Each event was meticulously judged by a panel of faculty members, who commended the participants for their exceptional efforts and originality.

The program concluded with the lively song "We Wish You a Merry Christmas" sung in unison by all participants and faculty. The highlight of the event was the arrival of Santa Claus, who delighted everyone by distributing toffees and spreading joy.

Acknowledgment

The success of the Language Day was made possible by the collective efforts of the department, faculty members, and students. The event not only celebrated the festive spirit of Christmas but also emphasized the importance of multilingual communication and cultural inclusivity.

The Department of Engineering Sciences and Humanities looks forward to organizing more such enriching events in the future.
