About the Department

Rajarshi Shahu College of Engineering, Department of MCA was established in the Academic Year 2002-2003 with an objective to provide quality technical education and excellence in the ever expanding horizon of technical education of the 21st century to all the aspiring students.

Career Path:

The M.C.A program is a mix of computer-related and general business management courses. The computer related courses use microcomputers to introduce standard techniques of programming; the use of software packages including Databases; System Analysis and Designing; Expert system, Artificial Intelligence. The general business management courses include the functional areas of management like Accounting, Project Management. The course would emphasize the study and creation of business applications.

Special Features of Department

❖ Highlights

TEACHING LEARNING PROCESS:

Good academic environment with excellent classroom teaching learning process comprising Conventional Lecture Method, Use of Overhead Projector, Power Point Presentations, Audio-Visual Aids, Guest Lectures, Industrial Visits and many more

ACADEMIC PERFORMANCE:

Department became role model due to its consistent Academic Performance in the university exams. Always stood amongst first three colleges in the university since its inception

ACADEMIC MONITORING SYSTEM:

Department has multilevel academic monitoring and mentoring system consist of Head of Department (HOD), Departmental Academic Coordinator (DAC), Guardian Faculty Member (GFM) for group of 18-22 students for every class

INDUSTRY INSTITUTE INTERACTION:

In order to bridge gap between Industry and academics, department has Academic Advisory Board which are having members from Industry and Academics.

Department is accredited and re-accredited by TATA Consultancy Services (TCS) in succession from 2009.

TRAINING AND PLACEMENT CELL

MCA Department has a robust and proactive Industry Interaction Cell that works in close coordination with the students giving them direction and resources to acquire the necessary skills to secure dream jobs. Through its strong links with the industry, the cell arranges guest lectures, group discussions, conferences, industrial visit and live projects to continually enhance the industry interface experience of MCA students. This process makes a powerful impression by exposing students to industry professionals and building contacts with them, which ultimately helps students immensely for internships and placements. Placement Record for the Last Five Years is above 80%

ENTREPRENEURSHIP DEVELOPMENT CELL

Department has a EDC cell to create Awareness about entrepreneurship by

Lohagad (Fort)
Cleanliness Camp

Parents Teacher Meet

Biscope- Movie Making

AVYAKTA- T-Shirt
Painting

2nd Prize in FacePainting

Technical seminar on
Angular JS & CGP
under CSI

conducting the workshops and special seminars in association with MITCON Engineering Services and NEN by successful entrepreneur from different fields, managers of different financial and banking institutions for faculties and students.

PROFESSIONAL SOCIETIES and QUALITY IMPROVEMENT PROGRAMS
