## INTERNSHIP COMPLETION CERTIFICATE

We are glad to inform you that Ms. Pallavi Balaji Hatagale from JSPM's Rajarshi Shahu College Of Engineering, Tathwade, Pune has successfully completed her internship at M/s. Balalji Ashok Jagtap Construction from 9 Jan 2023 till 9 Jun 2023.

During her internship, she was trained and exposed to the various construction activities in company. We found her to be extremely inquisitive and hard working. She was very much interested to learn the Engineering and technology part of our core division and also willing to put her best efforts and get into the depth of the subject to understand it better.

Her association with us was very fruitful and we wish her all the best in her future endeavors.

For M/s. Balaji Ashok Jagtap Construction,

Registered office at Nanospaces , Ravet , PCMC 411 033.

Date: 08th March 2023.

Pallavi Tambolkar E. Code- KA0992 Cont. No: 9130163740

#### TO WHOMSOEVER IT MAY CONCERN

This is to certify that Ms. Pallavi Tambolkar was employed with our Company Knest Manufactures LLP from 01st November 2022 to 08th March 2023 as Executive Assistant.

Ms. Pallavi Tambolkar was very hard working, efficient, sincere, honest and dedicated employee with a professional attitude and she was able to perform all the responsibilities as assigned. We have no objection to her in taking up another assignment and she has no liabilities with our company.

We wish you best of luck for your future endeavor's ... !

#### **Internship Certificate**

This is to certify that **Neha Ovhal** has successfully completed an internship at **StruEngineers India Pvt Ltd** from 10<sup>th</sup> February 2023 to 30<sup>th</sup> June 2023. Throughout the internship, she has demonstrated exceptional dedication, enthusiasm, and a strong commitment to learning and professional growth.

Throughout the internship period, Neha Ovhal exhibited a positive attitude and a willingness to take on new challenges. She consistently demonstrated an ability to learn quickly, adapt to changing circumstances, and deliver high-quality work within tight deadlines. Her strong analytical and problem-solving abilities were evident in her contributions to Precast concepts understanding and tasks in live projects.

Therefore, it is with great pleasure that we present this Internship Certificate to Neha Ovhal, recognizing her exemplary performance and significant contributions during her time with StruEngineers India Pvt Ltd. We believe that she has acquired valuable skills and experiences that will contribute to her future success.

We wish Neha Ovhal the very best in her future endeavors and have no doubt that she will continue to excel in her professional pursuits.

#### Sub: Regarding your internship in our Company's Engineering Services Department

Dear Neha,

We would like to confirm that your application for internship for the position of Trainee BIM Modeller in Engineering Services Department has been accepted. Here are the terms of internship while working with the Company:

- 1. Duration of internship will be from February 15<sup>th</sup> 2023 to May 14th 2023.
- 2. You will be designated as "Trainee".
- 3. You will not be entitled or any other benefits from the company during this tenure.
- 4. From time to time, your performance will be evaluated and based on this, your incentives will be decided.
- 5. During internship, you are expected to abide Code of Conduct prescribed by the Company for all the employees.
- 6. You are requested to submit your acceptance to the terms mentioned above as confirmation of your internship. After receiving your acceptance, we shall send your appointment letter for the same.

Please feel free to contact us in case of further details. Wishing you good luck for your future endeavours.

Yours sincerely,

Seringhanag

#### Letter of Intent ("LOI")

December 18, 2022

Dear Rohan Shantilal Jawale,

We are pleased to inform that your candidature has been shortlisted for the position of **Analyst/A4** with **Capgemini Technology Services India Limited** (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in **Annexure 1** to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification:</u> Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: -
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment process.
  - 3. The business and skill requirement of the Company.
  - 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

**Note 1:** Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the requirement of project/assignment/client (including night shifts).

**Note 2:** After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
  - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
  - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
  - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
  - 6. Any act or omission which is in violation of any Company policy.
- H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written consent.
- I You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact <u>fresherhiring.in@capgemini.com</u>, please ensure you mention your name, registered email id, superset id and details of the query.

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING TATHAWADE, PUNE-411033

(An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)

Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

Name of Student : Piyush Arun Badgujar Email Id : <u>pabadgujar02@gmail.com</u> Phone No: 8080518568

Name of Company	Hackveda Delhi , H-3/60, III Floor, Sector 18, Rohini , Delhi 110089
Name of Company Mentor	Mr. Devanshu Shukla
Name of Institute Mentor	Mrs. Amruta Udapurkar
Duration Of Internship	4.5 months

## **Abstract:**

Hackveda provide internship in App Development, Research Support & Workforce Development Platforms also build mobile and web apps, provide research support and build workforce for industry.

## **Company Profile:**

Hackveda started in 2011 to Solve Cybersecurity Problems.

Hackveda registered in 2017 in India & Hackveda Ltd registered in 2018 in Canada to discover exciting internship opportunities and kickstart career with comprehensive internship and recruitment platform.

Hackveda have hiring partners as SOTI, INSHORTS, PAYTM, Deloitte Asia pacific,Metlife etc.

## **Internship Objective:**

Learn and apply web: Interns will have the opportunity to acquire and apply knowledge of web development technologies (such as HTML, CSS) and Android development.

Interns will work on real-world projects under the guidance of experienced mentors or developers. This experience will help them understand the development process, best practices, and industry standards.

Interns will have the chance to work collaboratively in a team, understanding the dynamics of project management, version control, and communication skills.

The internship encourages interns to explore their creativity and innovative thinking by allowing them to propose and implement unique features or functionalities in web and Android applications.

Interns will gain insight into the various stages of software development, including requirements gathering, design, development, testing, and deployment.

## **Roles and responsibilities:**

In this internship My role and responsibilities are like to develop web application using the HTML and CSS. The application should be able to handle user authentication, data storage, and real- time updates. The application should also be able to allow users to interact with one another in some way, such as by sharing posts, messaging, or commenting. Finally, the application should have a visually engaging design and be optimized for mobile devices.

# Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

This Develop proficiency in web development and website fundamentals. In-depth knowledge of Web technologies, including Spring Framework and figma, Vs code etc.

Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries

# **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at Hackveda, I successfully completed a Creation of Doctor search website project. This project involved designing and developing a system to manage search results operations, including Doctor near me facility. Understand Client Software Requirement Specification I implemented the SRS Document for this project. Real-Time Stock Market Data Web Application using Flask modules we have to create realtime model for stock market website and deployed it on pythonanywhere.com. Such project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for all the projects.

## **Achievements during Internship:**

Successfully completed Internship program from Hackveda ltd. and completed all the assessments and the assigned task. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment.

Name of Company	Tata Motors, Pune / Yash Automation, Pune
Name of Company Mentor	Mrs. Kajal Sanas / Mr. Balbhim Mugle
Name of Institute Mentor	Mrs. Sayali Jawale
Duration Of Internship	2+2 Months

# Abstract:

Study of the preventive maintenance schedule and procedures for maintenance of plant, equipment, machinery and structures. Study the break down maintenance taking place in the organization. Study the safety measures undertaken in the organization and to repair and reconditioning procedures for components and equipment's.

# **Company Profile:**

Tata Motors Limited is India's largest automobile company, with consolidated revenues of INR 2.7 lakh crores (USD 42 billion, 2017) It is the leader in commercial vehicles in each segment and among the top in passenger vehicles with winning products in the compact, midsize car and utility vehicle segments. It is also the world's fourth largest truck and second largest bus manufacturer by volume.

Yash Automation company with leadership in the field of Designing, Manufacturing & supply of Industrial component cleaning, Washing machine and coolant filtration systems. We offer aqueous based industrial component cleaning machines for high precision cleaning applications with advanced filtration & oil removal coaling systems for increasing components efficiency, performance and working life which reduces running cost.

# **Internship Objective:**

To develop professional competence through internship.

To apply academic knowledge in a personal and professional environment.

To build the professional network and expose students to future employees.

Apply professional and societal ethics in their day to day life.

To become a responsible professional having social, economic and administrative considerations. To make own career goals and personal aspirations

## **Roles and responsibilities:**

The project involved studying the preventive maintenance schedule and procedures for plant, equipment, machinery, and structures. Breakdown maintenance in the organization was analyzed, identifying the root causes. Procedures to estimate production loss due to breakdowns were examined, along with suggestions for reducing such losses. Safety measures implemented by the organization were studied, as well as repair and reconditioning procedures for components and equipment.

# Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

PLCs, HMIs, KUKA robots, and electric drives are essential components of modern industrial automation. PLCs provide control and decision-making capabilities, while HMIs offer intuitive interfaces for operators. KUKA robots are renowned for their precision and flexibility, and electric drives enable precise control over motor speed and torque. Together, these technologies drive efficient and advanced industrial processes.

## **Project Completed/Handled during Internship:**

During my internship at Tata motors, I successfully completed a project "Productivity improvement by analyzing water leakages". The main reason of creating the Allen Bradley testing kit is to give the training to new joined students or employ in the TATA MOTORS. To

make them understand new things about PLC, SLC and control Logix

# Achievements during Internship:

How important good communication is as an intern, I discovered it's essential to be enthusiastic and open to learning new skills, asking for more work and being curious to learn and ask questions. learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market.

Name of Student: Mrunal Bhamare (RBT19EL021) Email ID: <u>mrunalbhamre100@gmail.com</u> Mobile No: 7666481007

Name of Company-1	TATA Motors Passenger Vehicle
Name of Company Mentor	Mr. Sachin Patil
Name of Institute Mentor	Mr. Sandeep Gaikwad
Duration Of Internship	3 Months

## • Abstract:

Tata Motors Passenger Vehicle Limited: TATA Motors is a leading vehicle manufacturer in INDIA. The TATA Motors Pune plant (Previously called as TELCO) has a Passenger Vehicle unit and a Commercial Vehicle unit.

## • Company Profile:

Tata Motors Limited is an Indian multinational automotive manufacturing company headquartered in Mumbai.It is a subsidiary of Tata Group, an Indian conglomerate. Its products include passenger cars, trucks, vans, coaches, buses, sports cars, construction equipment and military vehicles

## • Internship Objective:

The objective of this training is to bridge the gap between theoretical and practical knowledge. Using of a methodology for successfully carrying out the project is data collection and analysis using Excel. Suggestions and implementation of the same are also a part of this project work. In order to effectively complete the project, discussion/conversation with various people at different levels.

## • Roles and Responsibilities:

Cost Estimation by Should cost modelling, Managing database of cost drivers for various parts, Teardown research, Supplier financial health analysis, Idea generation for new projects, customer study are carried out.

# • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt core concepts regarding electric vehicle and also some terms related to cost engineering.

- Technology learnt -
- 1. MS Powerpoint
- 2. Excel
- 3. Digikey
- 4. Mouser
- 5. Eximpulse

# • Project Completed / Handled during Internship:

Costing and estimation of 3 in 1 combo which consist of DC DC Converter, OBC, PDU. And also get familiarize with various machines, materials, inspection procedure, documentation.

# • Achievements during Internship:

This internship at TATA Motors was really a boon for me as it gave me the necessary experience that a fresher should have. The interaction with people at various levels made me understand their views on various things. The projects I worked upon taught me how to do critical analysis of things.

# • Next Plan of Action:

As an intern at TATA Motors, your next plan of action may depend on your specificrole and responsibilities within the company. However, here are some general steps you can taketo make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

## • Internship Photos:

Name of Company-2	Energy Bae Pvt. Ltd.
Name of Company Mentor	Mr. Akshay Jain
Name of Institute Mentor	Mr. Sandeep Gaikwad
Duration Of Internship	1.5 Months

## • Abstract:

Energy Bae Private Limited: Energy Bae is a comprehensive end-to-end renewable energy platform providing tailored solutions for all the customer needs. The services are provided with the help of more than 120 vendors and manufacturers associated with the company.

# **Company Profile:**

The company started with a Wind turbine and Hydrogen Engine manufacturing company in 2017 Mr Akshay Jain & Mr Pranay Khobragade, alumni of Sinhgad Institute of Technology, Lonavala. The company aspire to make a difference to this world using the knowledge and experience. Wayumitra is a star product of this company which is a hybrid rooftop turbine product. It is a synergy product of Wind & Solar Energy providing reliable power and maintenance services for renewable energy systems.

# • Internship Objective:

Empower people to power themselves using Renewable Energy. The objective of this training is to bridge the gap between theoretical and practical knowledge. Using of a methodology for successfully carrying out the project is data collection and analysis using Excel. Suggestions and implementation of the same are also a part of this project work. In order to effectively complete the project, discussion/conversation with various people at different levels.

## • Roles and Responsibilities:

Following are some responsibilities carried out during program, Introduction to the company's vision, mission, and commitment to renewable energy. Familiarization with sustainable energy concepts, industry trends, and global challenges. Orientation on the company's sustainable practices, policies, and safety guidelines. Understanding the internship program's goals, expectations, and learning outcomes. Rotations across different departments focused on renewable energy initiatives. Shadowing and observing professionals in departments such as solar, wind, energy storage, and sustainability.

# • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

- 1. MS Excel
- 2. Google sheets
- 3. Google Docs
- 4. CRM

# • Project Completed / Handled during Internship:

- System designing of solar and wind energy quotation
- Solar Panel
- Wind Turbine
- Proposal
- Bomb of quotation

# • Achievements during Internship:

In this whole Internship Program, I learnt how industry works. The internship done in this company was one of my best experiences of the industry and market. I learn various things related to the market, customers and renewable projects and its process of completion. The best part of my internship is that I got this opportunity to work with a startup company. The process of start of a company is observed and learned the ways of operating and taking it onto the new step one after another.

India Name of Company Mentor	Mr. S.P Chavan Zarapkar
Name of Institute Mentor	Dr. Harsha Anantwar
Duration Of Internship	4 months

#### Abstract:

VSSK SUGAR FACTORY Solapur India: Leading and specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented teamcommitted to delivering exceptional results.

#### **Company Profile:**

Vitthalrao Shinde Sahakari Sakhar Karkhana Limited, is located about 7 kms Away from Mumbai- Hyderabad National Highway No. 65 at Gangamainagar, Post Pimpalner, Tal. Madha, Dist. Solapur. Nearest railway station is Kurduwadi. The sugar Mill (VSSSKL) is registered as a Co-Operative Society vide Registration No. SUR/MADH/PRG/(A), S90/1999 dated 21/05/1999. It is one of the progressive sugar Mill in the Solapur district and has achieved excellent results since its establishment. The Sugar mill has achieved best technical performance and expanded its capacity in short Time span under the able guidance of Founder Chairman Hon. Shri. Babanrao Vitthalrao Shinde (MLA).

## **Internship Objective:**

To maximize the sugarcane production per unit of land, water and fertilizer use through various cane department programmes Development of improved cane varieties as per need of sugarcane growers and sugar mills and to development various technologies for sugarcane cultivation. Allocation of sufficient cane area to the sugar mills to ensure the availability of sugarcane to meet their cane requirement and ensuring Cane Price Payments to farmers for cane supplied by them through Cane Societies. To consider and dispose of the applications received for establishment of Khandsari Units, outside 15 km radial distance of sugar mill gate, and collection of purchasetax. To provide information about the latest advanced sugarcane cultivation techniques and imparting training to sugarcane farmers, staff/officers of sugar mills and cane department.

#### **Roles and responsibilities:**

After extraction of the juice it is filtered and sent to the boiling house. The Engineering division is responsible for perfect running of all the moving parts as well as production of power in running the sugar mill continuously with reduced down time so as to get maximum profit to the industry.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** electrical control panel is a combination of electrical devices which use electrical power to control the various mechanical functions of industrial equipment or machinery. An electrical control panel includes two main categories: panel structure and electrical components. Our slip ring motors are used in a wide variety of industries such as sugar, cement, paper, power, mining or steel . They are used to drive shredders, crushers, mills, compressors, fans, refiners, etc

#### **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at vitthal sugar, I successfully completed a Agriculture marketing system. This project involved designing and developing a comprehensive system to manage agriculture network operations, including Booking management, receipts handling, and sales tracking. I implemented the system using Java technologies such as Spring Boot Framework and Microservices, and SQL for database management. The project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for Agriculture marketing.

#### Achievements during Internship:

Successfully delivered the Agriculture marketing System project, meeting all project requirements and deadlines. Received positive feedback from the team and stakeholders for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Duration Of Internship	4 months

## Abstract:

Capgemini Pune India: Leading IT consultancy specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented team committed to delivering exceptional results.

## **Company Profile:**

Capgemini India is a leading global provider of consulting, technology, and outsourcing services. It is a subsidiary of Capgemini, a multinational company headquartered in France. Capgemini India offers a wide range of services, including consulting, application development and management, infrastructure services, cloud computing, cybersecurity, and digital transformation solutions.

## **Internship Objective:**

During the internship, I gained theoretical as well as practical knowledge in developing full stack applications using .NET Technologies. Through this internship, I gained insights into the complete software development lifecycle and learned how to design, develop, and deploy scalable and robust .NET applications, leveraging industry best practices and coding standards. Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

#### **Roles and responsibilities:**

Implementing C# and ASP.NET technologies to create responsive and dynamic web applications, Utilizing the Model-View-Controller (MVC) architecture. Working with Entity Framework to facilitate seamless object-relational mapping and database interactions, ensuring efficient data access and manipulation. Utilizing .NET Core framework and building RESTful APIs with Web API for creating scalable and interoperable web services, enabling seamless integration with other applications.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** Proficiency in C# programming language and Object-Oriented Programming (OOP) principles. In-depth knowledge of .NET Framework technologies, including Angular.

Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries and optimizing performance. Familiarity with front-end technologies like HTML, CSS, JavaScript, and frameworks like Angular. Expertise in utilizing Entity Framework, enabling efficient mapping between database models and objects, and facilitating seamless data access and manipulation. Hands-on experience with .NET Core framework, allowing to develop cross-platform applications that are efficient, scalable, and easily maintainable.

#### **Project Completed/Handled during Internship: (as per your projects but compact) :**

After Gaining theoretical knowledge, I got an opportunity to apply these skills in a real-world scenario by working on a comprehensive case study called Online Shopping System. The ECommerce System project aimed to provide a platform for users to buy products from anywhere at any time. This system allows users to search for required product, order and view product. It also had a feature of Sign-in and Sign-up. I implemented the system using C# technologies such as .Net Framework Framework that includes ASP.NET Core Web API, and SQL Server for database management. The project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for ECommerce System.

#### **Achievements during Internship:**

Successfully delivered the E-Commerce System case study, meeting all project requirements and deadlines. Received positive feedback from the team for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Name of company:	Capgemini, Mumbai, India
Name of Company Mentor:	Mrs. Rashmi Pawaskar
Name of Institute Mentor:	Ms S A Jawale
Duration Of Internship:	27 <sup>th</sup> January 2023 to 31 <sup>st</sup> May 2023 (4 months)

## Abstract:

Capgemini is a global leader in consulting, technology services, and digital transformation. The company operates in various locations worldwide, including Mumbai, India. In Mumbai, Capgemini has established a strong presence and has become one of the prominent IT service providers in the region. Capgemini's Mumbai location is known for its state-of-the-art facilities, robust infrastructure, and a collaborative work environment.

## **Company Profile:**

Capgemini is a global leader in consulting, technology services, and digital transformation, offering a wide range of solutions to clients across industries. With a strong focus on innovation and leveraging emerging technologies, Capgemini helps organizations navigate the complexities of the digital age and drive business growth.

## **Roles and Responsibilities:**

Developing web applications using the .NET framework and associated technologies. Working on both front-end (client-side) and back-end (server-side) development. Creating user interfaces using HTML, CSS, and JavaScript frameworks. Implementing server-side logic, database integration, and API development.Managing databases and writing SQL queries. Fixing bugs, performing unit testing, and ensuring software quality.Implementing C# and ASP.NET technologies to create responsive and dynamic web applications, utilizing the Model-View-Controller (MVC) architecture. Working with Entity Framework to facilitate seamless object-

relational mapping and database interactions, ensuring efficient data access and manipulation. Utilizing .NET Core framework and building RESTful APIs with Web API for creating scalable and interoperable web services,

## Skills Technology / Advanced tools / software / Procedures learnt during Internship:

Proficiency in the .NET framework, including C#, ASP.NET. Front-end development using HTML, CSS, JavaScript, and frameworks like Angular. Back-end development, including API development, server-side logic, and database integration using SQL Server or MySQL.Version control systems like Git for code management and collaboration.Testing frameworks like NUnit or xUnit for unit testing. At the Beginning of my Internship I learnt basics of SQL then started with C# programming. In that I learn Object Oriented Programming principles. Expertise in utilizing Entity Framework, enabling efficient mapping between database models and objects, and facilitating seamless data access and manipulation. Hands-on experience with .NET Core framework, allowing me to develop cross platform applications that are efficient, scalable, and easily maintainable. I had the opportunity to apply these skills in a real-world scenario by working on a comprehensive case study, where I gained practical experience.

**Project Completed/Handled during Internship: (as per your projects but compact):** After Gaining theoretical knowledge, I get opportunity to apply these skills in a real-world scenario by working on a comprehensive case study called Car washing center. The project aimed to provide a platform for users to book car washing appointment from anywhere at any time. This system allows users to search for available timings, view their schedules.

## **Achievements during Internship:**

I have Successfully completed the internship along with case study which was assigned to me during the internship period. During the internship, I received positive feedback from my mentor for my dedication and ability to meet project deadlines effectively.

## **Internship photos:**

## JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)

Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-2023

Name of the student: Vikas Somnath Divase Email: vikasdivase77@gmail.com Phone No: 9370506913

Name of the Company	Victorious Infotech
Name of the Company Mentor	Rakesh Maangal
Name of the Institute Mentor	Prof. Surbhi Singh
Duration of Internship	From 10 <sup>th</sup> Jan 2023 to 11 <sup>th</sup> May 2023

## Abstract:

Victorious Infotech is a Web Development & Web Designing Company, Agency. They offer Website Development Services and Digital Marketing Services. C-77, C Block, Sector 2, Noida, Uttar Pradesh.

# **Company Profile:**

As a designer and developer, we help companies around the world build amazing websites, mobile apps, and services that are simple, durable, beautiful and easy to use. Victorious Infotech an offshore web design company and online solution provider, is in a unique position to serve you right because we have the best combination of affordability and quality. As a complete Web Solutions Company we offer customer-oriented web design services and more importantly, deliver them effectively.

## **Internship Objective:**

I have learnt about web development and languages required to do project given by company. Able to create designs of web development. Learnt to create integrated with all the required modules of

an education institute, in one application, that too, with the most User-friendly interface.

## **Roles and Responsibilities:**

In this internship I am working on project "School Management Project (ERP Process)", which manages student data. I have gone through training provided by company. Learnt basics of react js and other languages required.

# Skills Technology / Advanced tools / software's / Procedures learnt during Internship:

At the beginning of my Internship, I understood that how company works and I mapped all the learning aspects. I needed to learn some programming languages like react js, html, css and jav a.Our project manager has provided the training for all basic requirement to learn and create somedesigns. I have done my coding on VS Code; this is a software which we have used for designing web pages

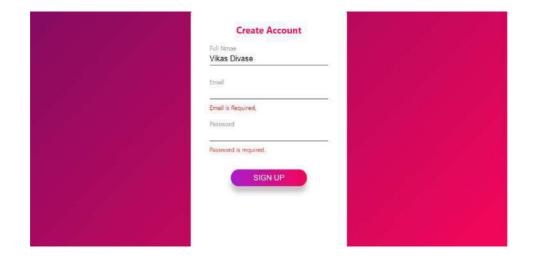

# **Project Completed/Handled during Internship: (as per your Project but compact)**

I have learnt creating web pages. While creating it I used GitHub, how to use pre-defined libraries and programming which was required for project.

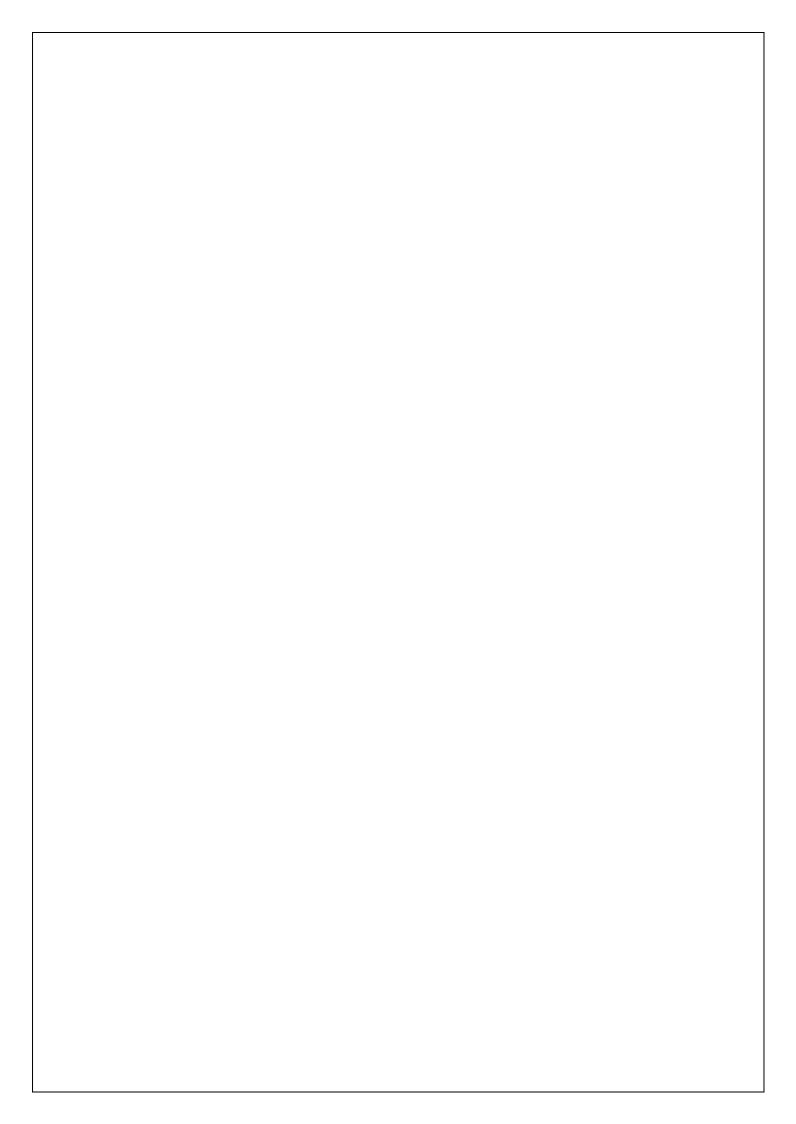

## **Achievements during Internship:**

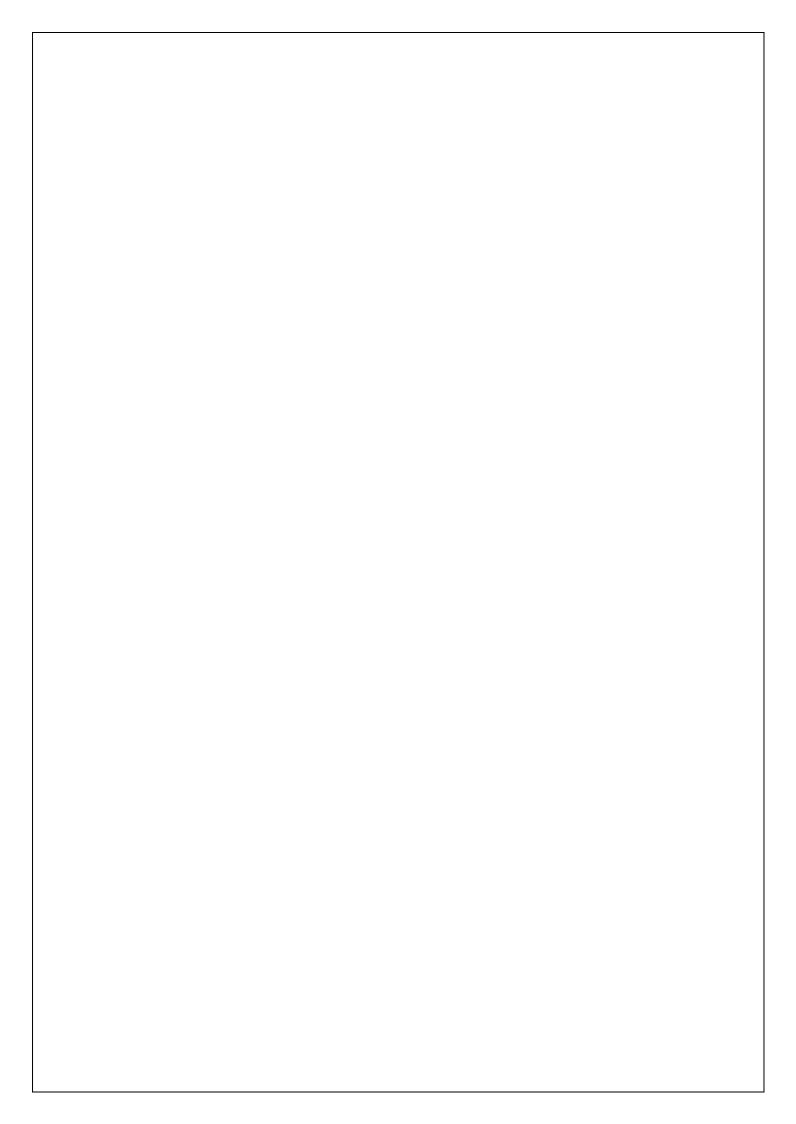

In this whole internship program, I learnt how industry actually works. I got knowledge e of varioustypes of technologies as well. This internship is very UPSKILLING Program for me.

Name of Company	Leoni Wiring System Pune, Pvt.ltd
Name of Company Mentor	Mr. Sushant Patange
Name of Institute Mentor	Mrs. M.A Kanawade
Duration Of Internship	6 months

## Abstract:

LEONI is a global provider of products, solutions and services for energy and data management in the automotive industry. The market-listed group of companies has around 100,000 employees in 28 countries and generated consolidated sales of EUR 5.1 billion in 2021. The value chain ranges from standardized cables and special cables to highly complex wiring systems and related components. Leoni supports its customers as an innovation partner and solution provider with distinctive development and system expertise on the way to increasingly sustainable and connected mobility concepts by developing the next generation of wiring systems.

## **Company Profile:**

LEONI concentrates research and development work on the automotive industry's major trends such as electro mobility, autonomous driving, digitalization and connectivity. LEONI has already been active in the field of electro mobility for about 20 years and, in addition to high voltage cables and cable harnesses, also offers special components and charging cables for electric vehicles and plug-in hybrids. To expand our position as a system provider, we are also strengthening our competence in the areas of electronics and software.

## **Internship Objective:**

A larger part of our technical knowledge comes by doing experiments and visiting industries. The stuff which we learn from books and theory lectures is important as well but realizing the actual implementation of what you have studied is something which makes you more confident about your knowledge. I learned different soft-skills and software like Capital XC, as well as creation of SMV, BOM, WIRE CHART and supported in different quality tests performed on harness.

#### **Roles and responsibilities:**

I was appointed as an intern in design and development department. I was given basic training about the work to be done. Working in this department gave me a broader vision and scope of automotive and off road engine wiring systems. A very different yet very relevant to automotive wiring systems. In design department gets the design from the customer .With reference to this drawing a designer creates another drawing for convenience of the production engineer in the company.

## Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

In LEONI different soft-skills and software like Capital XC, as well as creation of SMV, BOM, WIRE CHART in Design and Development Department and supported in different quality tests performed on harness. In Process Engineering LAY Cad software is used for Design the Harness lay up boards to manufacture The actual harness as per the drawing by customer End.

## **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship I am done with design department, in this department customer provide to company as per their requirement, design department compare their drawing as per leoni drawings. I am done with caterpillar and koel, air international project. making their wire chart, bill of material, and splice diagram after that we use this information in CAPITAL XC to make harnesss.

#### **Achievements during Internship:**

Successful Handled the Design & Development Department with caterpillar and cummins with Cutting chart charts , Bom, smv, and Design tools, Customer Demand that means the Actual Interaction with Customer to fulfil their Demand . System reconciliation of Major Supplier Like TYCO Is the main achievement during the last Month of the training.

Name of Company Mentor , Address & Contact No.	Mr. Aakash Jadhav	9595938868
Duration Of Internship	10/01/2023 To 10/06/2023	3

# Abstract:

Skylight Software Solution specialized in providing innovative web solution to its elaborative customer base. Website, Web, PHP, React JS, Angular JS, JAVA, Android Mobile Application Development Software and Software Product Based Company in Pune are some of the verticals we specialize in. We have earned the pride of being leading web solution provider in India. Therefore our Project & Product Development in Pune, Android App Development in Pune clients and our work speak for us. Business needs can be met only when technology is in sync with service. At Skylight Software Solution, we provide multi-dimensional IT services that would cater to high-end internet strategy, Software Development. And also design solutions for corporate customers all across the globe.

## **Company Profile:**

Skylight Software Solution is an emerging Information Technology (IT) and Software Development Services provider in Pune, India incorporated in 2016. Our main objective is to transform people's life by using latest, reliable, flexible and secure technologies. We prefer to deal

with open source technologies to make Customized Product Development, Website Development, Web Application Development, Android Application Development, iOS Application Development, Mobile Application Development and Software Product Based Company in Pune, Commercial Project Development, Search Engine Optimization (SEO), Search Engine Marketing (SEM) and Corporate Training/ Industrial Project Training.

## **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge in developing front-end applications using HTML, CSS, Javascript Technologies. A front-end developer is a programmer that codes the front end of a website. Typically, the front-end developer's job is to convert website design files into raw HTML, JavaScript (JS) and/or CSS code. This includes the basic website design/layout, images, content, buttons, navigation and internal links. The end result is code that serves as the website's front-end structure, which is used by a back-end developer to add business logics and connect databases and processes, among other processes.

## **Roles and Responsibilities :**

In the start of the internship, I was appointed as software trainee. I gained theoretical as well as practical knowledge in developing front-end applications using HTML, CSS, Javascript Technologies. A front-end developer is responsible for ensuring that a website's visual front end is free of errors and looks exactly as designed. A front-end developer also ensures that a website has the same visibility across different computing and mobile Web browsers.

# **Skills Technology / Advanced tools / software / Procedures learnt during Internship**

At the beginning of my internship I learn basics of HTML. In that I learn about different types of tags and list and attributes and how to create forms. Then I started with CSS programming. In that I learn about types and different properties of CSS. In that I learn about designing of web pages. Then I learn about Javascript programming language. In that I learn about variables, data types, operators, arrays, loops, and validation.

# **Project Completed/Handled during Internship: (as per your projects but compact):**

After gaining theoretical knowledge, I get opportunity to apply these skills on the project work. I worked on the project name e-insurance. Maintaining all the details for the insurance such as cash information or age related important information into the hard copy and by chance if any of the document get missed up or get harmed then whole of the information will be missed, resulted into the major loss for the user. This project is safe and secure and useful for the user.

## **Achievements during Internship:**

I have Successfully completed the internship along with practical and theoretical knowledge and the work which was assigned to me during the internship period. I had the opportunity to apply these skills in a project work where I gained practical experience. During the internship, I received positive feedback from my mentor for my dedication.

Name of Company	TATA MOTORS
Name of Company Mentor	Mr. Yogesh Borkar
Name of Institute Mentor	Mrs. Manjusha Kanawade
Duration Of Internship	4 months

## Abstract:

Study of the preventive maintenance schedule and procedures for maintenance of plant, equipment, machinery and structures. Study the break down maintenance taking place in the organization. Study the safety measures undertaken in the organization and to repair and reconditioning procedures for components and equipment's.

**Company Profile:** Tata Motors Limited is India's largest automobile company, with consolidated revenues of INR 2.7 lakh crores (USD 42 billion, 2017) It is the leader in commercial vehicles in each segment and among the top in passenger vehicles with winning products in the compact, midsize car and utility vehicle segments. It is also the world's fourth largest truck and second largest bus manufacturer by volume.

The Tata Motors Group's over 60,000 employees are guided by the mission "to be passionate in anticipating and providing the best vehicles and experiences that excite our customers globally."

Established in 1945, Tata Motors' presence cuts across the length and breadth of India. Over 8 million Tata vehicles run on Indian roads, since the first rolled out in 1954. The company's manufacturing base in India is spread across Jamshedpur (Jharkhand), Pune (Maharashtra), Lucknow (Uttar Pradesh), Pantnagar (Uttarakhand), Sanand (Gujarat) and Dharwad (Karnataka). Following a strategic alliance with Fiat in 2005, it has set up an industrial joint venture with Fiat Group Automobiles at Ranjangaon (Maharashtra) to produce both Fiat and Tata cars and Fiat power trains. The company's dealership, sales, services and spare parts network comprises over 6,600 touch points across the world.

#### **Internship Objective:**

To develop professional competence through internship.

To apply academic knowledge in a personal and professional environment.

To build the professional network and expose students to future employees.

Apply professional and societal ethics in their day to day life.

To become a responsible professional having social, economic and administrative considerations. To make own career goals and personal aspirations

## **Roles and responsibilities:**

The project involved studying the preventive maintenance schedule and procedures for plant, equipment, machinery, and structures. Breakdown maintenance in the organization was analyzed, identifying the root causes. Procedures to estimate production loss due to breakdowns were examined, along with suggestions for reducing such losses. Safety measures implemented by the organization were studied, as well as repair and reconditioning procedures for components and equipment.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** PLCs, HMIs, KUKA robots, and electric drives are essential components of modern industrial automation. PLCs provide control and decision-making capabilities, while HMIs offer intuitive interfaces for operators. KUKA robots are renowned for their precision and flexibility, and electric drives enable precise control over motor speed and torque. Together, these technologies drive efficient and advanced industrial processes.

## **Project Completed/Handled during Internship:**

During my internship at Tata motors, I successfully completed a project "Cycle Time Reduction & Design Layout of Skid and Details of Gearboxes". In the project focused on cycle time reduction and design layout of skid, the aim was to optimize production efficiency. Through process analysis and optimization techniques, cycle times were reduced, enhancing productivity. Additionally, the skid design layout was improved, incorporating efficient placement of gearboxes to streamline operations and maximize space utilization.

## **Achievements during Internship:**

How important good communication is as an intern, I discovered it's essential to be enthusiastic and open to learning new skills, asking for more work and being curious to learn and ask questions. learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market.

Name of CompanyKPIT Technologies LimitedName of Company MentorMrs. Nidhi ChaudhariName of Institute MentorProf. Rahul S. AnkusheDuration Of Internship6 Months (still going on)

## • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

## • Company Profile:

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

#### • Internship Objective:

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

#### • Roles and Responsibilities:

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

## • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR
- 6. "Let Us C" Book
- 7. "The C Programming Language" Book
- 8. Virtual Lab Training on STM32H7A3

## • Project Completed / Handled during Internship:

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

## • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

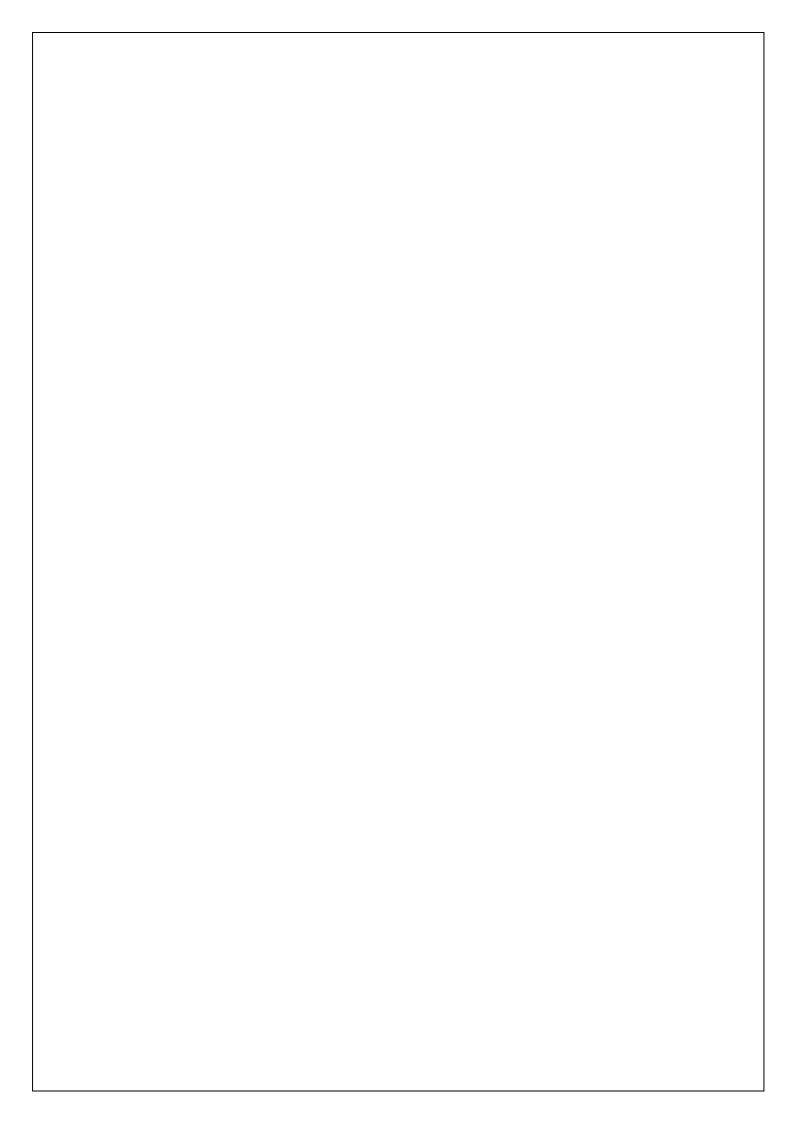

## • Next Plan of Action:

As an embedded systems intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

Duration Of Internship	10 months

## Abstract:

Q-Spiders is a best-in-class learning solutions organization headquartered in India's IT capital, Bangalore offering a wide range of courses in the area of software testing and are official partners of the ISTQB<sup>®</sup>. The institute provides young job aspirants the perfect launch pad to build a rewarding career in the growing IT sector. From its humble beginnings, Q-Spiders has grown exponentially to be the world's largest software testing training organization spread across countries. It also offers special components and charging cables for electric vehiclesand plug-in hybrids.

## **Company Profile:**

Q-Spiders is a best-in-class learning solutions organization headquartered in India's IT capital, Bangalore offering a wide range of courses in the area of software testing and are official partners of the ISTQB<sup>®</sup>. The institute provides young job aspirants the perfect launch pad to build a rewarding career in the growing IT sector. From its humble beginnings, Q-Spiders has grown exponentially to be the world's largest software testing training organization across countries.

## **Internship Objective:**

In Q-spider, I attended an internship program from 5th January to 5th July 2023 And the Internship Activity includes training and implementation of core Java, and SQL. Web Technology and Advance Java.

## **Roles and responsibilities:**

In this Internship, I am Learning the core java Web Technology, SQL and , Advance java In that, I have made One project with the help of HTML, and CSS. I have taken the final SQI mock, and I have completed the core java

## Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

Java Full Stack course is more of job-oriented training which is designed as per current industry standards. You can start your career in the IT industry with basic and advanced skills. The course will be trained by top industry experts who have a passion to train students and help them get jobs in IT industry or excel in IT industry.

## **Achievements during Internship:**

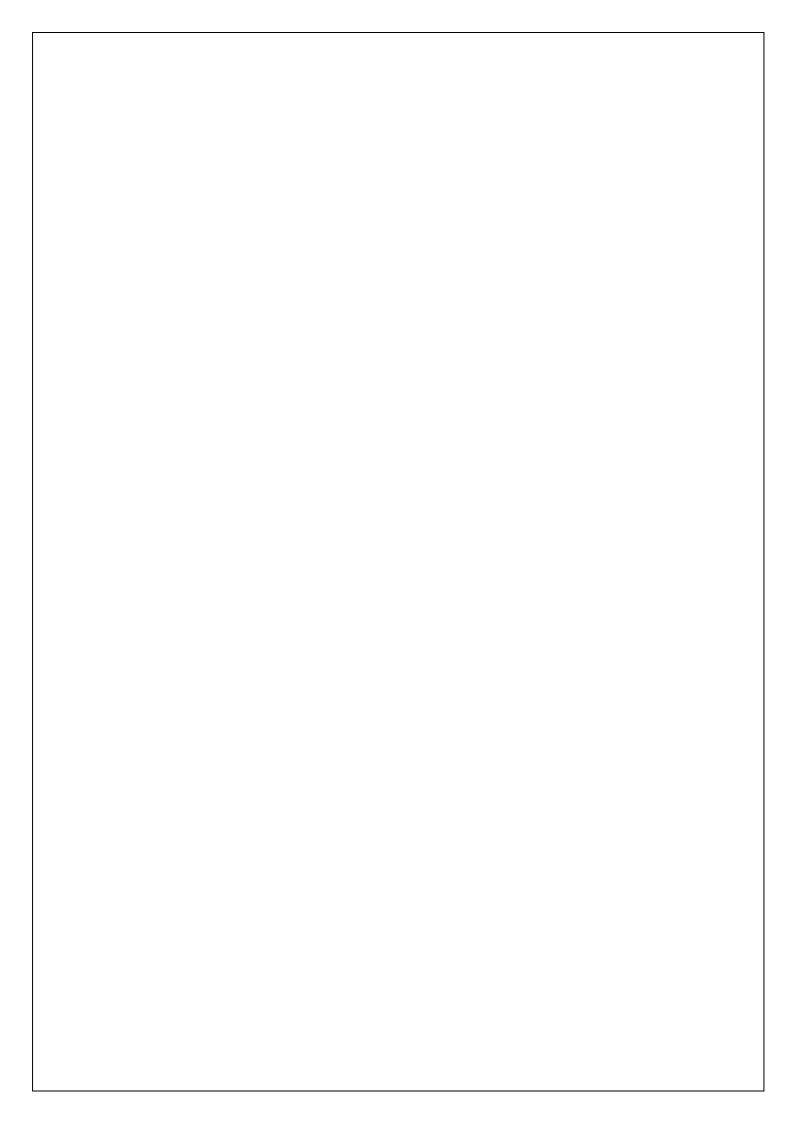

In this whole Internship Program, I Learnt How industry actually Works. I got Knowledge of full-stack developer

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

Name of Student: Nikhil Yuvraj kalsait.

Email Id: <a href="mailto:nikhilkalsait45@gmail.com">nikhilkalsait45@gmail.com</a>

Phone No: 8262835052

Name of Company	TATA MOTORS PASSENGER VEHICLE LIMITED (TMPVL),PUNE
Name of Company Mentor	Mr. Nitin Kolekar.
Name of Institute Mentor	Mrs. Manjusha A. Kanawade.
Duration Of Internship	2.5 months

## Abstract:

Tata Motors Group (Tata Motors) is a \$45 billion organization. It is a leading global automobile manufacturing company. Its diverse portfolio includes an extensive range of cars, sports utility vehicles, trucks, buses and Defence vehicles. Tata Motors is India's largest and the only original equipment manufacturer (OEM) offering extensive range of integrated, smart and e-mobility solutions. The company's current passenger cars include the Zest, Bolt, Harrier, Tigor, Tiago, Nexon, Hexa, Aria, Gravitas, Altroz, etc.

## **Company Profile:**

The Indian automobile industry is undergoing a technological transformation as companies strive to maintain their competitive edge and provide optimized products and services to customers. Tata Motors, founded in 1945, is a prominent player in the sector, involved in automotive operations, information technology services, and other ventures. Their offerings span passenger cars, utility vehicles, commercial vehicles, and more.Tata Motors Group, valued at \$45 billion, is a global leader in automobile manufacturing, providing a wide range of vehicles, including electric and smart mobility solutions.

## **Internship Objective:**

To expose engineering students to industrial environments. To apply the engineering knowledge in real industrial situations. To use the experience gained from the "Industrial Training" in discussions held in the lecture rooms. To gain experience in writing reports in engineering works/projects. To expose students to the engineer's responsibilities and ethics. To expose the students to future employers. Familiarize with various materials, processes, products and their applications along with

relevant aspects of quality control and shop floor management.

## **Roles and responsibilities:**

My Job Role in an industry as a Survey Engineer. Where I can Note All the Readings Of stud welding controller & Find out the different Fault causes that is occurred by stud welding controller and for that give the corrective action Plan.

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

During This whole Internship I leaned lots Of things. I get opportunity to get familiarizes with various machines, materials, inspection procedure, documentation and also an insight of the worker psychology, their habits and attitude. Also, interaction with various Departments and different people created confidence in me and improved communication skills. In this period I learned About Stud Welding Process In detailed manner.

## **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at TATA MOTORS, I successfully completed a Project Whose titled As Stud Welding Controller Fault Detection and It's reduction. This project involved Data Collection and Find Out the Different Different Fault is happned due to The Controller What are the cause for that and give the Corrective action plan For that.

#### **Achievements during Internship:**

Successfully completed the Project Titled as a Stud Welding Controller Fault Detection And it's Reduction, meeting all project requirements anddeadlines. Received positive feedback from the team and respected guide for my contributions to the Stud welding Controller. I also Give the Corrective action plan To the Maintenance Team Which Is More helpful. Reduces the stud welding controller Fault upto 80%. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Phone No: 7743855847

Name of Company	Leoni Wiring System (Pune) Pvt. Ltd, India.
Name of Company Mentor	Mr. Manoj Bartakke
Name of Institute Mentor	Mrs. Surbhi Singh
Duration Of Internship	6 months

#### Abstract:

LEONI concentrates its research and development work on the automotive industry's major trends such as electro mobility, autonomous driving, digitalization and connectivity. LEONI has already been active in the field of electro mobility for about 20 years and, in addition to high- voltage cables and cable harnesses, also offers special components and charging cables for electric vehicles and plug-in hybrids.

#### **Company Profile:**

LEONI Wiring Systems Pvt. Ltd. manufactures wiring harnesses. The Company provides products which includes accessories, cable system solutions, copper cable, fiber optics, hybrid cables, cable assembly, and wiring systems. LEONI Wiring Systems serves its customers worldwide

#### **Internship Objective:**

Gain practical experience in wiring harness. Expand skills in areas such as Design, Value Chain Management, Production, Quality. Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

#### **Roles and responsibilities:**

Doing value chain management, take care of bill of material (BOM), making cutting charts. I was given basic training about the work to be done. Working in this department gave me a broader vision and scope of automotive and offroad engine wiring systems.

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

I learned different soft-skills and software like Microsoft Excel, as well as creation of blooning drawing, visual cheking, work on production line and give training to freshers. supported in different quality tests performed on harness.

#### **Achievements during Internship:**

I learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market. This process overall helped me develop my professional network.

Name of Student: Shivpal Vasant Karne

Email Id: <a href="mailto:shivpalkarne04@gmail.com">shivpalkarne04@gmail.com</a>

Phone No: 9960032944

Name of Company	SUSTAINFY ENERGY LLP
Name of Company Mentor	Mr. Shrinivas Kulkarni
Name of Institute Mentor	Mrs. Manjusha Kanawade
Duration Of Internship	5 months

#### Abstract:

Study of the current trends in Electric vehicle like technologies, models, efficiency, range etc. Study of the Design of motors which is used in ev's. Study the Business opportunities for Electric vehicles. Study of the current scenario of Electric vehicle in automobile market.

**Company Profile:** Sustainfy Energy LLP is a Limited Liability Partnership (LLP) based in Maharashtra, India. Established in 2017, the company specializes in providing services related to solar energy, including Solar Energy Service, Solar Roof Top Service, and more. Their offerings have gained widespread acclaim for their unique designs, superior quality, and reliability.

With a commitment to clean power, Sustainfy Energy LLP aims to promote renewable energy and sustainability. They leverage their extensive expertise in the solar photovoltaic (PV) value chain to provide services such as inspection, testing, design, and engineering of solar PV plants.

Sustainfy Energy LLP prides itself on fostering a culture of innovation. Their team of dynamic and progressive-minded experts applies their insights and ingenuity to create added value for their clients' projects. They strive to deliver solutions that effectively mitigate risk and maximize the rewards of ambitious ventures in the renewable energy sector.

#### **Internship Objective:**

To develop professional competence through internship.

To apply academic knowledge in a personal and professional environment.

To build the professional network and expose students to future employees.

Apply professional and societal ethics in their day-to-day life.

To become a responsible professional having social, economic and administrative considerations.

To make own career goals and personal aspirations

#### **Roles and responsibilities:**

Initially I was assigned to collect the data of current and past EV automobile market; top companies, their technologies like battery capacity and range, price and their motor.

Later my work was in detailed EV structure, e.g., their advantages and disadvantages, efficiency and Their maintenance cost. After my training started for AutoCAD and solid works designing software where I designed basic structure of simple induction motor.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** I used MS-Excel to save the data of EV's industry; for designing purpose I used AutoCAD, Solid Works and ENSYS Maxwell software.

#### **Project Completed/Handled during Internship:**

During my internship at Sustainfy Energy LLP, I successfully completed a project "Reaserach on EV's for business opportunity". In the project focused on EV market and motor designing, the aim was to optimize production efficiency through process analysis and optimization techniques, making affordable EV's and enhancing productivity.

#### **Achievements during Internship:**

How important good communication is as an intern, I discovered it's essential to be enthusiastic and open to learning new skills, asking for more work and being curious to learn and ask questions. learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market.

# Department of Electrical Engineering Internship Summary Academic Year: 2022-23

# Name of Student: Aditi Vivek Kulkarni

Email Id: <u>kulkarniaditi006@gmail.com</u>

Name of Company	Discovery Tooltech, Pune
Name of Company Mentor	Mr. Mangesh Patil
Name of Institute Mentor	Mr. Rahul S. Ankushe
Duration Of Internship	4 months

#### Abstract:

This internship provided me with a great opportunity to provide my greater contribution towards our family business. Our family business is manufacturing fountain pens where I used to handle inventory and marketing to some extent, but this opportunity provided by the Department of Electrical Engineering helped me give my contribution to the operations part as well.

#### **Company Profile:**

GM Custom Pens was founded by Mr. Vivek Kulkarni and co-founded by Mr. Apurv Kulkarni in the year 2017 is a pen manufacturing company. The company manufactures 2 categories of pens: Urushi and Non-Urushi pens. Initially the company started manufacturing fountain pens only, but they have entered into new domain of manufacturing nibs also. For this purpose, it needed special purpose machines and hence approached Discovery Tooltech for the same.

#### **Internship Objective:**

During this internship I gained both theoretical and practical knowledge of nib manufacturing. Throughout the internship I got to work with real machines and got to know various manufacturing processes in depth. I got the opportunity to get hands-on experience of nib manufacturing, nib grinding, polishing and nib coating.

#### **Roles and responsibilities:**

I worked as a trainee at Discovery Tooltech. But along with this I worked as a link between our family business and Discovery Tooltech.

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

I learned from scratch the types of nibs, nib sizes, grind types, nib materials, nib making process, nib making machine, parts of nib making machine, how to grind nibs, troubleshooting, quality assurance, nib polishing and nib coating.

#### **Project Completed/Handled during Internship:**

During my internship at Discovery Tooltech, I successfully completed a nib manufacturing project given by GM Custom Pens. This project involved designing and manufacturing various size nibs with different coatings. The project helped to contribute in a greater way towards our family business.

#### Achievements during Internship:

Successfully delivered nib manufacturing project, meeting all project requirements and deadlines. Received positive feedback from the company for my contributions towards the completion of the project. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

#### **Photos of the Product Developed:**

JSPM's

RAJARSHI SHAHU COLLEGE OF ENGINEERING TATHAWADE, PUNE-411033

(An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)

Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

Name of Student : Omkar Rajendra Kundle Email Id : <u>omkarkundle300@gmail.com</u>

Phone No: 7499142414

Name of Company	TATA MOTORS CVBU.
Name of Company Mentor	Mr. Yogesh Borkar
Name of Institute Mentor	Mrs. Manjusha Kanawade
Duration Of Internship	4 months

#### Abstract:

The project entitled "*Part Identification System Using PLC* " was carried out in assembly division TATA MOTORS, Pune. The main objective of project is to design system to increase manufacturing efficiency and safety. It is the process of identifying and eliminating inaccurate parts in the process and make process easier for employees by automating certain operation to reduce cycle time for selecting parts.

**Company Profile:** Tata Motors Limited is India's largest automobile company, with consolidated revenues of INR 2.7 lakh crores (USD 42 billion, 2017) It is the leader in commercial vehicles in each segment and among the top in passenger vehicles with winning products in the compact, midsize car and utility vehicle segments. It is also the world's fourth largest truck and second largest bus manufacturer by volume.

The Tata Motors Group's over 60,000 employees are guided by the mission "to be passionate in anticipating and providing the best vehicles and experiences that excite our customers globally."

Established in 1945, Tata Motors' presence cuts across the length and breadth of India. Over 8 million Tata vehicles run on Indian roads, since the first rolled out in 1954. The company's manufacturing base in India is spread across Jamshedpur (Jharkhand), Pune (Maharashtra), Lucknow (Uttar Pradesh), Pantnagar (Uttarakhand), Sanand (Gujarat) and Dharwad (Karnataka). Following a strategic alliance with Fiat in 2005, it has set up an industrial joint venture with Fiat Group Automobiles at Ranjangaon (Maharashtra) to produce both Fiat and Tata cars and Fiat power

trains. The company's dealership, sales, services and spare parts network comprises over 6,600 touch points across the world.

#### **Internship Objective:**

- To To design system to increase manufacturing efficiency and safety.
- To eliminate inaccurate parts in the process.
- Make process easier for workers by automating certain operation.
- To reduce cycle time for selecting parts.
- Planning of the action for solving real time problems.
- Exact failure due to current structure.
- Analyse the process.

#### **Roles and responsibilities:**

The project involved studying the preventive maintenance schedule and procedures for plant, equipment, machinery, and structures. Breakdown maintenance in the organization was analyzed, identifying the root causes. Procedures to estimate production loss due to breakdowns were examined, along with suggestions for reducing such losses. Safety measures implemented by the organization were studied, as well as repair and reconditioning procedures for components and equipment.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** This is clearly the concept of engineering where I got an opportunity to learn about gears, gear box, transayle, PLCs, HMIs, I got an opportunity to solve a problem through team work. During my

transaxle, PLCs, HMIs. I got an opportunity to solve a problem through team work. During my industrial training, there are many changes from the point of learning environments and discussion among colleagues. It can directly increase the dedication and rational attitude toward myself.

#### **Project Completed/Handled during Internship:**

During four months of implant training period, a lot of experience, knowledge and exposure that I have handy. All disclosures were awakened myself in a boost of self-confidence to face life more challenging now. Practical is a complement to the science or theory learned. This is clearly the concept of engineering where I got an opportunity to learn about gears, gear box, transaxle, PLC, HMI. In the Gear Box Assembly, the slightly different lever parts is installed in this process employees unknowingly choose wrong lever part and install it to the gearbox due to this human error defective gearbox is manufactured.

It is necessary to eliminate this error for that Part Identification System Using PLC is installed at that assembly station.

#### **Achievements during Internship:**

How important good communication is as an intern, I discovered it's essential to be enthusiastic and open to learning new skills, asking for more work and being curious to learn and ask questions. learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market.

Name of company:	Capgemini, Mumbai, India
Name of Company Mentor:	Mrs. Rashmi Pawaskar
Name of Institute Mentor:	Dr. S. L. Chavan
Duration Of Internship:	27 <sup>th</sup> January 2023 to 31 <sup>st</sup> May 2023 (4 months)

# Abstract:

Capgemini is a global leader in consulting, technology services, and digital transformation. The company operates in various locations worldwide, including Mumbai, India. In Mumbai, Capgemini has established a strong presence and has become one of the prominent IT service providers in the region. Capgemini's Mumbai location is known for its state-of-the-art facilities, robust infrastructure, and a collaborative work environment.

# **Company Profile:**

Capgemini is a global leader in consulting, technology services, and digital transformation, offering a wide range of solutions to clients across industries. With a strong focus on innovation and leveraging emerging technologies, Capgemini helps organizations navigate the complexities of the digital age and drive business growth.

# **Roles and Responsibilities:**

Implementing C# and ASP.NET technologies to create responsive and dynamic web applications, utilizing the Model-View-Controller (MVC) architecture. Working with Entity Framework to facilitate seamless object-relational mapping and database interactions, ensuring efficient data access and manipulation. Utilizing .NET Core framework and building RESTful APIs with Web API for creating scalable and interoperable web services, enabling seamless integration with other applications.

#### Skills Technology / Advanced tools / software / Procedures learnt during Internship:

At the Beginning of my Internship I learnt basics of SQL then started with C# programming. In that I learn Object Oriented Programming principles. Expertise in utilizing Entity Framework, enabling efficient mapping between database models and objects, and facilitating seamless data access and manipulation. Hands-on experience with .NET Core framework, allowing me to develop cross platform applications that are efficient, scalable, and easily maintainable. I had the opportunity to apply these skills in a real-world scenario by working on a comprehensive case study, where I gained practical experience.

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

After Gaining theoretical knowledge, I get opportunity to apply these skills in a real-world scenario by working on a comprehensive case study called Car washing center. The project aimed to provide a platform for users to book car washing appointment from anywhere at any time. This system allows users to search for available timings, view their schedules.

#### **Achievements during Internship:**

I have Successfully completed the internship along with case study which was assigned to me during the internship period. During the internship, I received positive feedback from my mentor for my dedication and ability to meet project deadlines effectively.

#### **Internship photos:**

Name of Company	HVD CEC
Name of Company Mentor	Mr. Ritwik Dixit
Name of Institute Mentor	Dr. Harsha Anantwar
Duration Of Internship	5 months

#### Abstract:

HVD CEC is a premier UPSC coaching institute dedicated to providing top-notch education for civil service aspirants. With a highly qualified faculty and a comprehensive curriculum, we strive to empower students with the knowledge and skills needed to excel in the UPSC examination. **Company Profile:** 

Innovative teaching methods right

Innovative teaching methods, rigorous test series, and personalized guidance ensure holistic development and maximum success for our students. Join HVD CEC to embark on your journey towards a successful career in the civil services.

#### **Internship Objective:**

The objective of joining HVD CEC UPSC classes is to receive comprehensive and expert guidance in preparing for the civil service examination. By enrolling in these classes, you aim to enhance your knowledge, understanding, and analytical abilities in various subjects and current affairs. The goal is to acquire the necessary skills, strategies, and confidence to effectively tackle the UPSC exam and secure a high rank, leading to a successful career in the civil services.

#### **Roles and responsibilities:**

Rolls and responsibilities include: Active participation in classroom discussions, asking questions, and seeking clarifications to deepen your understanding of the subjects.

Regular attendance and punctuality to make the most of the comprehensive curriculum and maximize learning opportunities.

Diligent completion of assigned readings, practice exercises, and homework to strengthen your knowledge and skills.

Taking full advantage of the personalized guidance and feedback provided by faculty members to improve your performance and achieve your goals.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** During my time at HVD CEC UPSC classes, I acquired a range of skills and knowledge related to technology and procedures. I learned to navigate various online platforms and resources used for UPSC preparation, such as online study materials, e-learning modules, and practice tests. Additionally, I gained proficiency in utilizing technology for research, data analysis, and staying updated with current affairs. Furthermore, I developed a strong understanding of the procedures involved in the UPSC examination, including the application process, exam pattern, and interview protocols. These skills and knowledge have equipped me to effectively leverage technology and navigate the procedures necessary for a successful UPSC journey.

To build the professional network and expose students to future employees.

Apply professional and societal ethics in their day to day life.

To become a responsible professional having social, economic and administrative considerations. To make own career goals and personal aspirations

#### **Roles and responsibilities:**

The project involved studying the preventive maintenance schedule and procedures for plant, equipment, machinery, and structures. Breakdown maintenance in the organization was analyzed, identifying the root causes. Procedures to estimate production loss due to breakdowns were examined, along with suggestions for reducing such losses. Safety measures implemented by the organization were studied, as well as repair and reconditioning procedures for components and equipment.

#### Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

This internship at TATA Motors was really a boon for me as it gave me the necessary experience that a fresher should have. The above project gave me a brief insight onto the costing and analysis of PCB components. I was able to see process and identification of PCB components. This internship also taught me how to handle different challenges and also to find the right solution to the problem. In short the skills I got to work upon are Excel and PowerPoint proficiency , Analysis Skills , Communication Skills , Teardown BOM preparation.

#### **Project Completed/Handled during Internship:**

During my internship at Tata motors, I successfully completed a project "Cost Estimation of 3 in 1 combo". Electric vehicles (EV) have developed rapidly because of its high efficiency and pollution-free advantages. 3 in 1 combo system is used in Electric Vehicles. Electric drive systems have gone through several development phases from independent module, integration of motor and transmission, and partial integration of ECU, motor and transmission, to three-in-one integration. Electric vehicle combines end equipment such as the onboard charger (OBC), high-voltage DC/DC (HV DCDC), inverter and power distribution unit (PDU).

#### **Achievements during Internship:**

How important good communication is as an intern, I discovered it's essential to be enthusiastic and open to learning new skills, asking for more work and being curious to learn and ask questions. learned how to communicate and build relationships with the people I worked with. I learned how to introduce myself, talk about my interests, knowledge and skills with entrepreneurs and business owners, as well as how to ask questions and gain a better understanding of businesses not only in the co-working space, but also others in the market.

#### • Abstract:

Tata Elxsi is a global technology company that provides innovative product engineering and digital transformation solutions to businesses across various industries. The company was founded in 1989 and is headquartered in Bengaluru, India, with a presence only in Asia-Pacific regions i.e. Singapore.

#### • Company Profile:

Tata Elxsi offers services ranging from automotive design and development to testing and validation. The company has collaborated with global automotive manufacturers to develop cutting-edge technologies for autonomous vehicles, connected cars, and electric mobility and is specialized in providing innovative product engineering and digital transformation solutions to industries such as automotive, broadcast and media, communication, healthcare, and semiconductor.

#### • Internship Objective:

The internship program in embedded systems at Tata Elxsi is designed to provide students and recent graduates with a practical experience in the field of embedded systems, and to groom a personal with industry demanding skills by working alongside a team of experienced professionals.

#### • Roles and Responsibilities:

The embedded systems intern has been exposed to various aspects of embedded systems development, including software design, firmware development, and testing. Successfully completing industry standard modules and familiarizing themselves with the organization's development tools, processes, and methodologies.

• Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts of MATLAB, AUTOSAR, Embedded System, Embedded C and M- Script. Embedded Systems Design Cycle, Processors and Microcontrollers, MATLAB Programming, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. MATLAB Software
- 2. AUTOSAR
- 3. Embedded C
- 4. Vector CANalyzare

# **Project Completed / Handled during Internship:**

Did projects based on MATLAB Software which included m-script development that maps Autosar Elements to Simulink model I/O ports and some basic project of Validation Testing using CANalyzer Software.

#### • Achievements during Internship:

This complete Internship Program helped me to understand workflow of industry in various scenarios and also helped to gain knowledge of various types of automotive software's as well as Business Process. This internship program proved to be a huge Upskilling Program for me.

#### • Next Plan of Action:

As an embedded systems intern at Tata Elxsi Limited, my next plan of action may depend upon the specific role and responsibilities which will be assigned to me within the company. However, there are some general steps which helped me to make the most of my internship:

- 1. Familiarizing oneself with the company and its products
- 2. Developing a plan of action
- 3. Understanding the project goals
- 4. Working on your technical skills
- 5. Communicating effectively
- 6. Networking with colleagues

#### • Internship Photos:

Mr. A.C. Mulla Mentor (Electrical Dept.) Dr. S.L. Chavan HOD (Electrical Dept.)

- 5. C and M-Script Programming Language
- 6. Basics on Jira Software
- 7. "Let Us C" Book
- 8. "MAAB Guidelines" Book

#### JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary Academic Year: 2022-23

Name of Student: Sarvadnya Sanjaykumar Nikrad (RBT19EL039)

Mobile No: +91 7499165120

Name of Company	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Dr. Harsha Anantwar
Duration Of Internship	6 Months (still going on)

#### • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

#### • Company Profile:

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

#### • Internship Objective:

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

#### • Roles and Responsibilities:

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

#### • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR
- 6. "Let Us C" Book
- 7. "The C Programming Language" Book
- 8. Virtual Lab Training on STM32H7A3

#### • Project Completed / Handled during Internship:

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

#### • Achievements during Internship:

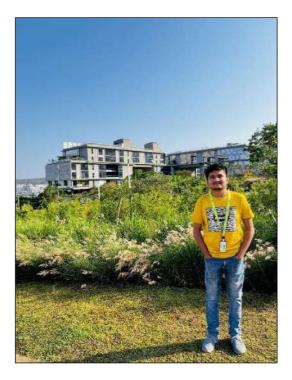

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

#### • Next Plan of Action:

As an embedded systems intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

## JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)

Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-2023

# Name of the student: Jyoshna Shivaji Pandharpote Email: jyoshna2028@gmail.com Phone No:8767455257

Name of the Company	Victorious Infotech
Name of the Company Mentor	Rakesh Maangal
Name of the Institute Mentor	Dr. Harsha Anantwar
Duration of Internship	From 10 <sup>th</sup> Jan 2023 to 11 <sup>th</sup> May 2023

# Abstract:

Victorious Infotech is a Web Development & Web Designing Company, Agency. They offer Website Development Services and Digital Marketing Services. C-77, C Block, Sector 2, Noida, Uttar Pradesh.

# **Company Profile:**

As a designer and developer, we help companies around the world build amazing websites, mobile apps, and services that are simple, durable, beautiful and easy to use. Victorious Infotech an offshore web design company and online solution provider, is in a unique position to serve you right because we have the best combination of affordability and quality. As a complete Web Solutions Company we offer customer-oriented web design services and more importantly, deliver them effectively.

# **Internship Objective:**

I have learnt about web development and languages required to do project given by company. Able to create designs of web development. Learnt to create integrated with all the required modules of

an education institute, in one application, that too, with the most User-friendly interface.

## **Roles and Responsibilities:**

In this internship I am working on project "School Management Project (ERP Process)", which manages student data. I have gone through training provided by company. Learnt basics of react js and other languages required.

# Skills Technology / Advanced tools / software's / Procedures learnt during Internship:

At the beginning of my Internship, I understood that how company works and I mapped all the learning aspects. I needed to learn some programming languages like react js, html, css and jav a.Our project manager has provided the training for all basic requirement to learn and create somedesigns. I have done my coding on VS Code; this is a software which we have used for designing web pages

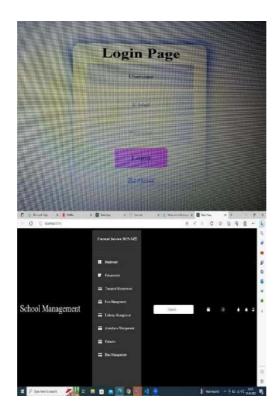

# **Project Completed/Handled during Internship: (as per your Project but compact)**

I have learnt creating web pages. While creating it I used GitHub, how to use pre-defined libraries and programming which was required for project.

## **Achievements during Internship:**

In this whole internship program, I learnt how industry actually works. I got knowledge e of varioustypes of technologies as well. This internship is very UPSKILLING Program for me.

## **Photos:**

#### JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune)

Department of Electrical Engineering Internship Summary Academic Year: 2022-23

#### Name of Student: Mayur Narayan Raskar (RBT19EL030) Email ID: mayurraskar00@gmail.com

Mobile No: +91 9175991973

Name of Student & PRN No.	Mayur Narayan Raskar (RBT19EL030)
Name of Company	Priya Electricals
Name of Institute Mentor & Contact No.	Mr. Aabid Mulla
Duration Of Internship	09/01/2023 to 09/06/2023

#### • Abstract:

Priya Electricals is a firm that performs specialized construction work related to the design, installation, and maintenance of electrical systems. They work on a wide range of projects, from residential and commercial buildings to industrial facilities and infrastructure developments.

#### **Company Profile:**

Priya Electricals in electrical contracting refers to the specialized field of construction that focuses on the installation, maintenance, and repair of electrical systems in various settings. Electrical contractors are professionals who specialize in designing, installing, and maintaining electrical infrastructure, including wiring, power distribution systems, lighting, and control systems.

#### • Internship Objective:

Electrical contracting requires a deep understanding of electrical theory, codes, and regulations, as well as proficiency in electrical system design and installation techniques. Electrical contractors must stay up-to-date with the latest industry trends, advancements in technology, and changes in electrical codes to deliver high-quality work and ensure compliance with safety standards.

#### • Roles and Responsibilities:

As an on field electrical engineer intern has been exposed to various aspects of design, installation and maintenance of electrical system. Successfully doing the project management, design and installation, inspection and testing.

#### • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Equipment Maintenance and Repair: I have learned how to perform maintenance tasks on electrical equipment, such as testing, calibration, and repairing faulty components.

Installation and Wiring: Internships often provide opportunities to gain hands-on experience with electrical installations, including proper wiring techniques, circuit design, and compliance with safety standards.

Electrical Systems Analysis: I have gained knowledge and practical experience in analyzing electrical systems, including understanding circuit diagrams, schematics, and electrical components.

#### • Project Completed / Handled during Internship:

Under the guidance of senior engineers, I contributed to the design of electrical systems for specific projects. I reviewed electrical drawings, load calculations, and technical specifications. I assisted in creating electrical schematics and laits using computer-aided design (CAD) software.

#### • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of projects as well as Business Process. This internship is very UPSKILLING Program for me.

#### • Next Plan of Action:

After completing your internship as an on-field electrical engineer, it's important to have a plan of action to continue your professional development and advance your career in the field. Here's a suggested plan of actions:

- 1. Reflecting on your internship experiences
- 2. Update Your Professional Profile
- 3. Develop a plan
- 4. Network and Build Professional Connections
- 5. Communicate effectively
- 6. Network with colleagues

Name of Company	Recruit Nxt ,Delhi, India
Name of Institute Mentor	Mr. Aabid. C. Mulla
Duration Of Internship	5 months

#### Abstract:

Embarking on a video editing internship is an exciting opportunity to gain hands-on experience and delve into the world of visual storytelling. As an intern, you will have the chance to learn essential skills, work with industry professionals, and contribute to real-world projects. In this immersive learning environment, you will discover the intricacies of video editing, develop technical expertise, and cultivate your creative vision.

#### **Company Profile:**

During your video editing internship, you will have the chance to work with professional editing software and tools, such as Adobe Premiere Pro, Final Cut Pro, or DaVinci Resolve. These industry-standard non-linear editing systems offer a wealth of features and functionalities that allow you to manipulate footage, experiment with effects, and refine your editing techniques. Through hands-on practice, you will become familiar with the software's interface, learn efficient workflows, and gain a deeper understanding of the editing process.

#### **Internship Objective:**

In today's digital age, video editing has emerged as a powerful and indispensable tool in the world of visual storytelling. It allows content creators, filmmakers, vloggers, and even amateur enthusiasts to transform raw footage into captivating and professional-looking videos. With the proliferation of social media platforms, the demand for well-edited videos has skyrocketed, making video editing a sought-after skill. In this introduction, we will explore the essence of video editing, its significance, and the creative process behind it

#### **Roles and responsibilities:**

As an intern, you may be involved in various stages of video production, from pre-production to post-production. This will give you a holistic understanding of the editing process and its role within the broader filmmaking or content creation workflow. You may participate in script analysis, shot selection, rough cuts, color grading, audio editing, and adding visual effects. This comprehensive experience will equip you with a well-rounded skill set and a deeper appreciation for the art of storytelling through video

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

In video editing, the term "Basic Canvas" refers to the workspace or editing area where you arrange and manipulate video clips, images, and other elements to create your video. It is the visual representation of the timeline or the composition you are working on.

The Basic Canvas provides a visual canvas where you can view and interact with your video project. It typically consists of a preview window or viewport that displays the current frame or sequence of frames you are editing. This allows you to see how the various elements of your video come together and how they will appear to the audience.

#### Project Completed/Handled during Internship:

video editing tools empower content creators to shape and refine their video projects. With their wide range of features, these tools allow for precise editing, seamless transitions, audio enhancements, visual effects, and more. Whether you are a professional filmmaker or an amateur enthusiast, video editing tools provide the necessary resources to transform raw footage into compelling and engaging videos.

#### **Achievements during Internship:**

Created a portfolio of edited videos: Compile a collection of edited videos that demonstrate your proficiency in various editing techniques, such as cutting, transitions, effects, color correction, and audio enhancement. This portfolio can showcase your abilities to potential employers or clients.

Completed assigned editing projects: Successfully complete all the video editing assignments given to you during the internship. This includes adhering to deadlines, meeting quality standards, and addressing any feedback or revisions promptly..

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23

Academic Year: 2022-23

Name of Student: Jayesh Diwakar Raut Email Id: rautjayesh136@gmail.com Phone No: 9370821333

Name of Student	Jayesh Diwakar Raut	
Name of Company	Q-SPIDER, Pune	
Name of Institute Mentor & Contact No.	Dr. S. L. Chavan	9763722256
Name of Company Mentor, Address & Contact No.	Mr. Dhananjay Tayade, pune	8951922961
Duration Of Internship	6 Months	

# **Abstract:**

This report is a comprehensive account of my internship experience at Q-spider as a Java developer. The internship took place offline, starting on January 15th, 2023 and lasted for 18 weeks, during which I worked for 6 hours per day. This opportunity was provided by the Department of Electrical Engineering at JSPM's Rajarshi Shahu College of Engineering in Tathawade, Pune 33, where I am currently studying

# **Company Profile:**

In today's competitive job market, internships have become an integral part of the learning journey for students and aspiring professionals. An internship serves as a bridge between academic studies and practical application, offering a unique opportunity to gain valuable industry experience and enhance one's skillset.

# **Internship Objective:**

The internship emphasized gaining expertise in a variety of. Java development technologies and frameworks, including Core java, SQL Server, Web API, , HTML, CSS, and TypeScript, as well as becoming familiar with contemporary technologies used in industry through the L-Shift Programmer.

#### **Roles and responsibilies:**

The intern's daily obligations were laid out in a structured schedule created by their industry mentors during the internship. Different themes were assigned to us, and we were given deadlines for reading and understanding the material. We carefully followed the timetable to make sure we finished the required reading in the allotted time. An exam was given to gauge our knowledge and competence after we finished each lesson. This methodical approach helped us monitor our development and pinpoint areas that needed more focus, which aided in our overall learning and growth during the internship.

# Skills Technology / Advanced tools / software's / Procedures learnt during Internship:

We were able to acquire database design, querying, and data manipulation techniques during our internship at Q-spider because to the practical experience we gained using Core java and SQL Server, a relational database management system. The experience of the internship was heavily reliant on the web application. Working with the Web API was another opportunity presented by the internship. Additionally, we developed expertise in front-end development tools including, HTML, CSS, and TypeScript.

#### **Project Completed/Handled during Internship:**

I worked on developing a Flipchart clone using Angular, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient shopping experience for customers while giving merchants the opportunity to offer their products on an online marketplace. In order to ensure the secure transactions, users have been required to log in and make purchases. In addition to improving sales and customer satisfaction, the developed system has also had a positive effect on both retailers and customers.

#### **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding.

# Abstract:

Salesforce is one of the best cloud-based CRM platforms. It is an integrated CRM platform that provides a single shared view of each customer for all the departments within an organization, such as Marketing, Sales, Commerce, and Service. Salesforce is a SaaS or Software as a Service, which means there is no need to install the software or server to work on. Users can simply sign-up in Salesforce.com and can start running the business instantly.

# **Company Profile:**

The primary focus of Pegasus Technologies & Software Pvt. Ltd. is to offer outsourcing, technology, and consulting services to several global businesses. The company's services are concentrated on assisting its clients in achieving digital transformation, enhancing their overall performance, and improving business operations.

# **Internship Objective:**

The internship emphasized gaining expertise in a variety of sale CRM development technologies and frameworks, A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

#### **Roles and responsibilies:**

The intern's daily obligations were laid out in a structured schedule created by their industry mentors during the internship. Different themes were assigned to us, and we were given deadlines for reading and understanding the material. We carefully followed the timetable to make sure we finished the required reading in the allotted time. An exam was given to gauge our knowledge and competence after we finished each lesson. This methodical approach helped us monitor our development and pinpoint areas that needed more focus, which aided in our overall learning and growth during the internship.

# **Skills Technology / Advanced tools / softwares / Procedures learnt during Internship:**

We were able to acquire database design, querying, and data manipulation techniques during our internship at Pegasus Technologies because to the practical experience we gained using hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills The experience of the internship was heavily reliant on the web application frameworks Workbench and Postman Working with the API's was another opportunity presented by the internship. Additionally, we developed expertise in Apex and Visual Force Technology.

#### **Project Completed/Handled during Internship:**

I worked on developing a Battle Station App and The Hospital Management App using Apex, Java, JS, CSS, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient experience for customers while booking online appointment of doctor. In order to ensure the secure transactions of doctor's fees, users have been required to log in, the developed system has also had a positive effect on both retailers and customers.

#### **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding. A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. During my internship at Pegasus Technologies & Software Pvt. Ltd., which lasted from 15 Jan 2023 to 15 June 2023 I had the opportunity to develop myself into various aspects of Salesforce CRM. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

Name of Company	Capgemini, Pune, India
Name of Company Mentor	Mrs. Rashmi Pawaskar
Name of Institute Mentor	Prof. Amruta Udapurkar
Duration Of Internship	4 months (27Jan to 31 May)

#### Abstract:

Capgemini is a global consulting and technology company that provides services in multiple industries, including aerospace and defense, automotive, banking, consumer products, energy and utilities, healthcare, life sciences, manufacturing, public sector, retail, telecommunications, and transportation.

#### **Company Profile:**

The main scope of Capgemini is to provide consulting, technology, and outsourcing services to a wide range of industries across the globe. The company's services are focused on helping its clients achieve digital transformation, improve their business processes, and enhance their overall performance.

#### **Internship Objective:**

The internship focused on developing proficiency in various technologies and frameworks related to .NET development, including C#, SQL Server, ASP.NET, ASP.NET Core, ASP.NET Core Web API, Angular, HTML, CSS, and TypeScript and to be well-versed with recent technologies used in industry through L-Shift Program.

#### **Roles and responsibilities:**

During the internship, the intern had a structured schedule established by their industry mentors, which outlined their daily responsibilities. We were assigned various topics and given specific timeframes to study and comprehend the concepts. We diligently followed the schedule, ensuring we covered the necessary material within the allocated time. After completing each topic, a test was administered to assess our understanding and proficiency. This systematic approach allowed us to track our progress and identify areas that required further attention, contributing to our overall learning and development during the internship

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

The internship at Capgemini provided hands-on experience in C#, SQL Server a relational database management system which enabled us to learn database design, querying, and data manipulation techniques. ASP.NET and ASP.NET Core, frameworks for building web applications, were central to the internship experience. The internship also provided an opportunity to work with ASP.NET Core Web API. Furthermore, we acquired proficiency in front-end development technologies such as Angular, HTML, CSS, and TypeScript.

#### **Project Completed/Handled during Internship:**

The project given to me during my internship was Flight booking System. The Flight booking System project aimed to provide a platform for users to book Flight tickets from anywhere at any time. This system allows users to search for available Flights, view their schedules and seat availability, and make a reservation for a particular Flight and class of service. The system also provides features such as cancellation of reservations, checking booking status, and generating e-tickets.

#### **Achievements during Internship:**

In this whole Internship Program, I Learnt How industry actually Works. I learned about several technologies that are now being used in the IT industry.

Name of Company	Eletransco EPC solutions, Hackveda Limited
Name of Company Mentor	Mr.Nitin Palande, Mr. Devanshu Shukla
Name of Institute Mentor	Dr. S. L. Chavan
Duration Of Internship	5 months

# Abstract:

A start up company licensed under the name of Eletransco provide Solar and Electrical equipment installation services also Power Factor Correction solutions to residential as well as industries working in following domains such as solar rooftop, solar water pumps, streetlights etc. Hackveda started in 2011 to Solve Cybersecurity Problems. Hackveda registered in 2017 in India & Hackveda Ltd registered in 2018 in Canada to discover exciting internship opportunities and kickstart career with comprehensive internship and recruitment platform. Hackveda provide internship in App Development, Research Support & Workforce Development Platforms also build mobile and web apps, provide research support and build workforce for industry.

# **Company Profile:**

Eletransco provide Solar and Electrical equipment installation services also Power Factor Correction solutions to residential as well as industries working in following domains such as solar rooftop, solar water pumps, streetlights. Hackveda provide internship in App Development, Research Support & Workforce Development Platforms also build mobile and web apps, provide research support.

# **Internship Objective:**

Gain practical experience in developing sustainable energy resources.Gain in depth knowledge about solar energy applications with its practical implementations. Also understand about various licensing process and to know about various government subsidies.

Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

# **Roles and responsibilities:**

To plan, design and execute solar energy projects and manage everything from residential rooftop installations to large-scale municipal projects. Develope a in detail simulation of solar installation on PVsyst software. To solve complex problems regarding AWS cloud computing applications with completion of given task regarding AWS in stipulated time and deliver a in depth presentation to peers.

# Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

During my internship at Eletransco I came across various electrical engineering and solar engineering related knowledge which includes various load calculations, critical observations, predictions, interpretations which include immense problem solving skills and a long term approach which enclaves all the concerned topics for a successful project. Got in depth knowledge about PVsyst software. At Hackveda I pursue facile AWS knowledge and new concepts such as instances, S3,beanstalk,RDS etc. with hands on with infallibility with pertaining corporate professional ethics in cloud engineering field.

# **Project Completed/Handled during Internship: (as per your projects but compact) :**

During the period of one month at Eletransco I visited various locations where solar installations took place. I also handled Chakan site where I done load calculations with survey . Perform the simulation for customer . I also handled the inventory for the same project with testing of inverter. At hackveda I handled a AWS account where I launch EC2 instance and provice various services of free tier such as Simple Email Service, providing IAM user, configuring a reverse proxy using NIGNIX ,Create an Elastic beanstalk also set up an RDS instance with S3 and integrate all for the applications of cloud computing in stock market .

# **Achievements during Internship:**

Successfully deliver the chakan site simulation on PVsyst with shadow analysis for customer with necessary calculatons. Successfully ordered the inventory and manage it according to the cost of the project. Manage various customers and deliver them quotations. Successfully implement my knowledge in cloud computing with the help of amazon AWS to provide different essential services to businesses and also provide easy to implement stock predictions in cloud computing to gain more accuracy in trading.

I worked on developing a Flipchart clone using Angular, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient shopping experience for customers while giving merchants the opportunity to offer their products on an online marketplace. In order to ensure the secure transactions, users have been required to log in and make purchases. In addition to improving sales and customer satisfaction, the developed system has also had a positive effect on both retailers and customers.

#### **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field.

This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding

Internship Institute Mentor Mr. Aabid C. Mulla HOD (Electrical Department)

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

Name of Student: Akshay Nandkishor Shinde Email Id: <u>akshayshinde56912@gmail.com</u> Phone No: 9518565281

Name of Company	NITS GLOBAL, Pune
Name of Company Mentor	Ms. Komal Mane
Name of Institute Mentor	Prof. Rahul S. Ankushe
Duration Of Internship	4 months

#### Abstract:

NITS Global is a prominent training institute that offers comprehensive programs in various fields, including IT technologies, business management, data science, design, and more. With a commitment to excellence, expert instructors provide industry-relevant training using innovative methodologies. It's state-of-the-art facilities and practical approach ensure that students gain valuable skills for professional success.

#### **Company Profile:**

NITS Global is a leading IT training institute specializing in computer networks, firewalls, cloud computing, Linux, and ethical hacking. Our practical and industry-relevant programs are taught by expert instructors with real-world experience. With state-of-the-art lab facilities, we focus on hands-on training and emphasize ethical practices and cybersecurity. Join us to gain the skills needed for a successful IT career.

#### **Internship Objective:**

CCNA aims to provide individuals with the necessary skills to design, build, and manage computer networks, covering topics such as network fundamentals, routing and switching, network security, and troubleshooting. CEH, on the other hand, focuses on ethical hacking methodologies and techniques, including network scanning, system hacking, web application security, wireless network security, and penetration testing. Both trainings equip participants with essential knowledge and expertise in their respective domains.

#### **Roles and responsibilities:**

Individuals' role includes participating in discussions and practical exercises, completing assignments and projects on time, and seeking clarification when needed. Individual should actively practice the concepts learned, conduct independent research, and leverage available resources to enhance their understanding. Additionally, they should maintain a professional and ethical approach, respecting the confidentiality and security aspects of the training. By taking ownership of their learning, students can maximize the benefits and successfully acquire the skills necessary for CCNA and CEH certifications.

#### Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

During my CCNA and CEH intemship, I acquired skills in configuring Cisco networks and utilizing tools like Wireshark for network analysis. I gained expertise in network troubleshooting, protocols, and system exploitation. I also learned ethical hacking methodologies, including web application security. Additionally, I developed proficiency in using advanced software and tools for network management. Throughout the internship, I followed industry-standard procedures, maintained confidentiality, and adhered to ethical guidelines, enhancing my professional knowledge and experience in the field.

#### Project Completed/Handled during Internship: (as per your projects but compact):

During my CCNA and CEH training, I successfully completed several task projects that showcased my skills and knowledge in the field. Few projects involved designing and implementing a secure network infrastructure using Cisco packet tracer, ensuring optimal performance and data protection. Other projects focused on conducting a comprehensive reconnaissance and footprinting test on a web application, identifying vulnerabilities and creating malwares to exploit the system. These projects allowed me to apply my CCNA and CEH training effectively and demonstrate my capabilities in real-world scenarios.

Name of Company	Ecosun energy company pune
Name of Company Mentor	Mr. S.P.Kulkarni
Name of Institute Mentor	Mr.A.C.Mulla
Duration Of Internship	5 months

# Abstract:

Ecosun Energy is a renewable energy company that specializes in the development, installation, and maintenance of solar energy systems. The company focuses on harnessing the power of the sun to generate clean and sustainable electricity for residential, commercial, and industrial applications.

# **Company Profile:**

Ecosun Energy is committed to promoting environmental sustainability and reducing carbon emissions by providing reliable and cost-effective solar solutions. They offer a range of services, including solar panel installation, system design and engineering, project management, and ongoing monitoring and maintenance.

# **Internship Objective:**

The primary objective of an internship is to gain valuable knowledge and practical experience in the renewable energy industry, specifically in the field of solar energy. I had the opportunity to learn about solar technologies, project development, installation processes, and maintenance procedures.

# **Roles and responsibilities:**

Designing and engineering solar energy systems based on client requirements and site assessments. Conducting feasibility studies, energy analyses, and system sizing calculations.

Preparing and reviewing technical specifications, drawings, and documentation.

Managing project timelines, budgets, and resources

Conducting quality control inspections and ensuring compliance with industry standards and regulations.

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

Project management tools like Microsoft Project or Asana, which help in tracking project progress, scheduling tasks, managing resources, and facilitating collaboration among team members.

# **Project Completed/Handled during Internship: (as per your projects but compact) :**

1 We completed our first project of 7 KW at Baner near Jupiter hospital in which I learned about panel, inverter ACDB, DCDB, LA, Earthing are component which are used in on grid solar system.

#### **Achievements during Internship:**

Successfully completing these assignments within the given timeframe, meeting the project objectives, and delivering high-quality work. Hands-on work with solar installations, an achievement could be actively participating in the installation process, demonstrating competence in tasks such as mounting solar panels, electrical wiring, system testing, or troubleshooting. Contributing to the successful completion of installations would be a significant accomplishment.

# Abstract:

VISION IAS is India's premier research, and training coaching institutes, which continuously Innovates to help Civil Service aspirants actualize their dreams through 'integrated efforts' of Interactive learning system, Team work, Technology & Innovation.

# **Company Profile:**

Vision IAS Delhi offers coaching for the UPSC exam for prelims, mains and also provides Personality development program to crack UPSC interviews. Vision IAS coaching provides Online class for the better performance analysis. It provides daily current affairs, IAS Test Series, distance learning programs, study material digitalized classroom courses to the Students aspiring to Crack IAS Exam

# **Internship Objective:**

To Learn More about Humanities like Indian culture will cover the salient aspects of Art Forms, Literature and Architecture

From ancient to modern times. Modern Indian history from about the middle of the eighteenth century until the Present- significant events, personalities, issues. The Freedom Struggle – its various stages and important contributors /contributions From different parts of the country. Post-independence consolidation and reorganization within the country. History of the world will include events from the 18<sup>th</sup> century such as industrial Revolution, world wars,

# **Roles and responsibilities:**

Ethics and Human Interface: Essence, determinants and consequences of Ethics in Human actions; dimensions of ethics; ethics in private and public relationships. Human Values – lessons from the

Lives and teachings of great leaders, reformers and Administrators; role of family, society and

Educational institutions in inculcating values. Attitude: content, structure, function; its influence and relation with thought and Behavior; moral and political attitudes; social influence and persuasion. Aptitude and foundational values for Civil Service, integrity, impartiality and non-Partisanship, objectivity, dedication to public service, empathy, tolerance and Compassion towards the weaker sections.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** Public/Civil service values and Ethics in Public administration: Status and problems; Ethical concerns and dilemmas in government and private institutions; laws, rules, Regulations and conscience as sources of ethical guidance; accountability and ethical Governance; strengthening of ethical and moral values in governance; ethical issues in International relations and funding; corporate governance.

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

Learned And Interacted with people facing various issues as mentioned, formerly. The need to analyze working of banking sector, Repo Rate and to implement it effectively in banking sector to achieve best.

#### **Achievements during Internship:**

Analyzed the problem faced by the people living in the state, how to improve unemployment rate effectively, how can we reduce poverty and to increase growth while limiting the inflation rates

#### **Photos:**

Name of Company	Capgemini ,Mumbai, India
Name of Company Mentor	Mrs. Rashmi Pawaskar
Name of Institute Mentor	Dr. Harsha Anantwar
Duration Of Internship	4 months

# Abstract:

Capgemini Pune India: Leading IT consultancy specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented team committed to delivering exceptional results.

# **Company Profile:**

Capgemini India is a leading global provider of consulting, technology, and outsourcing services. It is a subsidiary of Capgemini, a multinational company headquartered in France. Capgemini India offers a wide range of services, including consulting, application development and management, infrastructure services, cloud computing, cybersecurity, and digital transformation solutions.

# **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge in developing full stack applications using .NET Technologies. Through the internship, I gained insights into the complete software development lifecycle and learned how to design, develop, and deploy scalable and robust .NET applications, leveraging industry best practices and coding standards.

# **Roles and responsibilities:**

Implementing C# and ASP.NET technologies to create responsive and dynamic web applications, utilizing the Model-View-Controller (MVC) architecture. Working with Entity Framework to facilitate seamless object-relational mapping and database interactions, ensuring efficient data

access and manipulation. Utilizing .NET Core framework and building RESTful APIs with Web API for creating scalable and interoperable web services, enabling seamless integration with other applications.

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

At the Beginning of my Internship I learnt basics of SQL then started with C# programming. In thatI learn Object Oriented Programming principles. Expertise in utilizing Entity Framework, enabling efficient mapping between database models and objects, and facilitating seamless data access and manipulation. Hands-on experience with .NET Core framework, allowing me to develop cross-platform applications that are efficient, scalable, and easily maintainable. I had the opportunity to apply these skills in a real-world scenario by working on a comprehensive case study, where I gained practical experience.

#### Project Completed/Handled during Internship: (as per your projects but compact):

After Gaining theoretical knowledge, I get opportunity to apply these skills in a real-world scenario by working on a comprehensive case study called Crop Deal case study. The Crop Deal system project is aimed to provide a platform for farmers and dealers to book buy and sell crops easily without any third person involved from anywhere at any time. This system allows farmers to post their crops and dealers to search good crops and buy it from farmers.

#### **Achievements during Internship:**

I have successfully completed the internship along with case study which was assigned to me during the internship period. During the internship, I received positive feedback from my mentorfor my dedication and ability to meet project deadlines effectively.

#### **Photos:**

Phone No: 8767537628

Name of Company	Jadekar Software Pvt Ltd
Name of Company Mentor	Mr. Pavan Jadekar
Name of Institute Mentor	Mrs. Rashmi Panherkar
Duration Of Internship	4.5 months

# Abstract:

Jadekar Software Pvt Ltd: It is a professional IT consulting service provider since 2022. They believes in maintaining a positive mindset, creating partnerships with a purpose, and always strive for significant outcomes. Throughout the year they have earned a reputation of being one of the best consultants in the Maharashtra area.

# **Company Profile:**

Company's team consists of skilled professional who are experts in various technologies and programming languages. They leverage the latest industry practices and tolls to develop robust and scalable software applications. Jadekar Software offers wide range of services including software development web and mobile applications development, database management quality assurance and maintenance and support.

# **Internship Objective:**

Insights gained which can help us in a better understanding of Full Stack Web Development in a very clear and concise way so that we can able to design and manipulate the web development/applications. The areas of these mainly deal with Front End (HTML, CSS, ReactJS, and Angular) & Back End (NodeJS, Java, Express, and Django). Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices for the beneficial of both (Self & Organization).

# **Roles and responsibilities:**

Collaborate with development teams and product managers to create innovative software solutions. Also to develop entire architecture, responsive design, user interaction and user experience. Keep track of new development tools, frameworks, methods and architecture.

**Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:** Adapting the necessity of the skills that requires practical applications. The skills that I have learnt for my tasks include HTML, CSS, JavaScript, JSP & Servlet, AJAX and Core Java. Learnt about Git and version control systems and platform integration, documentation. Learnt about the MySQL and its applications like SaaS and ISVs, Ecommerce, retail point of sales system. Learnt about the framework which includes React JS, Spring Boot, Bootstrap, Django, Angular, and Android SDK.

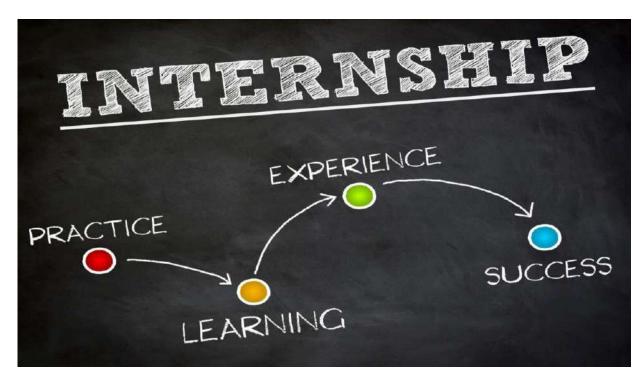

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

During my internship I handled some of the tasks which helped me to grasp my skills a lot. My projects include Payment Billing Product Design, online Library Project, Mail-casting, and Pharmacy Project, Transport Company. These Projects comprises of some steps which are i) Design the front end ii) Build the Front End iii)Build the persistence layer(back end b=databases and models) iv)Build API's and used Oracle databases to store data of different clients under different projects. Web Hosting Platforms were used to deploy the product on cloud service provider.

#### **Achievements during Internship:**

I have successfully delivered the Logistics Packers and Movers (Full Stack Web Applications). Their Professional team mentored me for up skilling the full stack web domain knowledge. Learnt about networking and improved the communication skills, also learnt about strategic planning and organizational performances. Received the positive feedback from the team for my contributions to the development and implementation of the system. I have also gained an insights of how core IT functions and how it's helping in shaping the future of India.

Name of 1st Company	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Ms. Rashmi Panherkar
Duration Of Internship	3 Months

# Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# **Company Profile:**

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

# **Internship Objective:**

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

# **Roles and Responsibilities:**

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

# Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on Agile and Scrum, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR

# **Project Completed / Handled during Internship:**

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

# **Achievements during Internship:**

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# **Internship Photos:**

Name of 2nd Company	Octagon Software Solution LLP
Name of Company Mentor	Mr. Sanket Jadhav
Name of Institute Mentor	Ms. Rashmi Panherkar
Duration Of Internship	2 Months

# Abstract:

Octagon Software Solution is a leading software company providing innovative and customizable solutions for businesses across industries. With a focus on usability, scalability, and efficiency, develop high-quality software products and services to streamline operations and drive business growth. Their experienced team utilizes the latest technologies to deliver robust and reliable solutions, ensuring customer satisfaction and success.

# **Company Profile:**

Octagon Software Solution LLP Company, is an entity incorporated on 30 January 2018 under Ministry of Corporate Affairs (MCA). Octagon Software Solution LLP Company is also an entity listed under Class as a 2organization having Registration Number for the Company or Limited Liability Partnership as Computer and related activities. The company offers a wide range of services, including software development, web development, mobile application development, ecommerce solutions, and custom software solutions. With a team of skilled and experienced professionals, Octagon Software Solutions strives to provide innovative and tailored software solutions to meet the specific requirements of its clients.

# **Internship Objective:**

The objective of my Angular Developer internship is to gain practical experience and hands-on exposure in developing web applications using Angular framework. Through this internship, I aim to enhance my knowledge and skills in Angular development, front-end web development, and web application architecture. I intend to apply my learning's to real-world projects, improve my problem- solving abilities, and collaborate effectively with teams in a professional environment. Ultimately, I seek to grow as an Angular Developer and gain valuable industry experience in web development.

# **Roles and Responsibilities:**

During my Angular Developer internship, my roles and responsibilities include participating in the development of web applications using Angular framework. I will be responsible for designing and implementing user interfaces, writing clean and efficient code, and integrating front-end components with back-end services. Additionally, I will collaborate with the development team to understand project requirements, contribute to the software development life cycle, and participate in code reviews to ensure code quality and adherence to best practices.

# Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

I developed proficiency in various skills, software, and technologies essential for Angular development. This included expertise in Angular framework, Typescript, HTML,CSS, JavaScript/ES6, Angular CLI, reactive programming with RxJS, Angular Material, development tools like Visual Studio Code and Git, testing with Jasmine and Karma, RESTful APIs integration, and debugging and optimization techniques.

# **Project Completed / Handled during Internship:**

I completed project during my Angular Developer internship was a basic to-do list application. The application allowed users to add tasks, mark them as completed, and remove tasks from the list. It had a simple user interface with an input field to add tasks and a list to display them. Users could interact with the tasks by clicking checkboxes to mark them as completed or clicking a delete button to remove them from the list. The project helped me understand the fundamentals of Angular, such as component creation, data binding, and event handling, in a straightforward context.

#### **Achievements during Internship:**

In conclusion, my Angular Developer internship was a valuable learning experience that significantly enhanced my skills and knowledge in Angular development. The internship provided me with real-world project experience, allowing me to apply Angular principles to solve practical problems. Overall, the internship was instrumental in my professional growth, equipping me with the confidence and expertise to excel as an Angular Developer in the industry.

Name of Company Mentor, Address & Contact No.	Mr. Somil Deshmukh, Nagpur	9764138488
Duration Of Internship	6 Months	

# **Abstract:**

Salesforce is one of the best cloud-based CRM platforms. It is an integrated CRM platform that provides a single shared view of each customer for all the departments within an organization, such as Marketing, Sales, Commerce, and Service. Salesforce is a SaaS or Software as a Service, which means there is no need to install the software or server to work on. Users can simply sign-up in Salesforce.com and can start running the business instantly.

# **Company Profile:**

The primary focus of Pegasus Technologies & Software Pvt. Ltd. is to offer outsourcing, technology, and consulting services to several global businesses. The company's services are concentrated on assisting its clients in achieving digital transformation, enhancing their overall performance, and improving business operations.

# **Internship Objective:**

The internship emphasized gaining expertise in a variety of sale CRM development technologies and frameworks, A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

# **Roles and responsibilies:**

The intern's daily obligations were laid out in a structured schedule created by their industry mentors during the internship. Different themes were assigned to us, and we were given deadlines for reading and understanding the material. We carefully followed the timetable to make sure we finished the required reading in the allotted time. An exam was given to gauge our knowledge and competence after we finished each lesson. This methodical approach helped us monitor our development and pinpoint areas that needed more focus, which aided in our overall learning and growth during the internship.

# Skills Technology / Advanced tools / softwares / Procedures learnt during Internship:

We were able to acquire database design, querying, and data manipulation techniques during our internship at Pegasus Technologies because to the practical experience we gained using hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills The experience of the internship was heavily reliant on the web application frameworks Workbench and Postman Working with the API's was another opportunity presented by the internship. Additionally, we developed expertise in Apex and Visual Force Technology.

#### **Project Completed/Handled during Internship:**

I worked on developing a Battle Station App and The Hospital Management App using Apex, Java, JS, CSS, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient experience for customers while booking online appointment of doctor. In order to ensure the secure transactions of doctor's fees, users have been required to log in, the developed system has also had a positive effect on both retailers and customers.

#### **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding. A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. During my internship at Pegasus Technologies & Software Pvt. Ltd., which lasted from 15 Jan 2023 to 15 June 2023 I had the opportunity to develop myself into various aspects of Salesforce CRM. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

Name of Company	Capgemini, Pune, India
Name of Company Mentor	Mrs. Rashmi Pawaskar
Name of Institute Mentor	Dr. S. L. Chavan
Duration Of Internship	4 months (27Jan to 31 May)

# Abstract:

Capgemini is a global consulting and technology company that provides services in multiple industries, including aerospace and defense, automotive, banking, consumer products, energy and utilities, healthcare, life sciences, manufacturing, public sector, retail, telecommunications, and transportation.

# **Company Profile:**

The main scope of Capgemini is to provide consulting, technology, and outsourcing services to a wide range of industries across the globe. The company's services are focused on helping its clients achieve digital transformation, improve their business processes, and enhance their overall performance.

# **Internship Objective:**

The internship focused on developing proficiency in various technologies and frameworks related to .NET development, including C#, SQL Server, ASP.NET, ASP.NET Core, ASP.NET Core Web API, Angular, HTML, CSS, and TypeScript and to be well-versed with recent technologies used in industry through L-Shift Program.

# **Roles and responsibilities:**

During the internship, the intern had a structured schedule established by their industry mentors, which outlined their daily responsibilities. We were assigned various topics and given specific timeframes to study and comprehend the concepts. We diligently followed the schedule, ensuring we covered the necessary material within the allocated time. After completing each topic, a test was administered to assess our understanding and proficiency. This systematic approach allowed us to track our progress and identify areas that required further attention, contributing to our overall learning and development during the internship

#### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

The internship at Capgemini provided hands-on experience in C#, SQL Server a relational database management system which enabled us to learn database design, querying, and data manipulation techniques. ASP.NET and ASP.NET Core, frameworks for building web applications, were central to the internship experience. The internship also provided an opportunity to work with ASP.NET Core Web API. Furthermore, we acquired proficiency in front-end development technologies such as Angular, HTML, CSS, and TypeScript.

# **Project Completed/Handled during Internship:**

The project given to me during my internship was Flight booking System. The Flight booking System project aimed to provide a platform for users to book Flight tickets from anywhere at any time. This system allows users to search for available Flights, view their schedules and seat availability, and make a reservation for a particular Flight and class of service. The system also provides features such as cancellation of reservations, checking booking status, and generating e-tickets.

#### Achievements during Internship:

In this whole Internship Program, I Learnt How industry actually Works. I learned about several technologies that are now being used in the IT industry. **Photos:**

Name of Student & PRN No.	Manish Sanjay Zope	RBT19EL019
Name of Company	CollegeDoors PVT-LTD	
Name of Institute Mentor & Contact No.	Dr. S. L. Chavan	9763722256
Name of Company Mentor & Contact No.	Mr. Tushar Kanhe	7083395626
Duration Of Internship	6 Months	

# **Abstract:**

CollegeDoors PVT-LTD is an Edu-tech company for the aspirants of JEE Main and CET. The journey of CollegeDoors began with the coming together of a few of us IIT and IIM graduates who felt very strongly about the quality of education and preparation imparted to aspirants of top engineering and medical colleges of India. Our shared belief was that the efforts put in by teachers and students needed to be supported with quality content, technology and operational excellence to be able to drive success. We decided to apply our education, experience, and insights to making a difference.

# **Company Profile:**

CollegeDoors PVT-LTD is Edu-tech company for the aspirants of JEE Main and CET. The journey of CollegeDoors began with the coming together of a few of us IIT and IIM graduates who felt very strongly about the quality of education and preparation imparted to aspirants of top engineering and medical colleges of India.

# **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge about python programming language and also learn to develop live Industry Project with Python and Different Libraries. Through the internship, I gained insights into the complete software development lifecycle and learned how to design, develop, the project on industry best practices and coding standards.

#### **Roles and Responsibilities :**

Implementing Python and using different libraries of python to scan OMR Answer sheet using Numpy, OpenCV, Pillow, Computer vision, Image Processing, Thresholding. Using these tools of Python we build a project of OMR Answer sheet scanning where the aspirants can easily find there score and can check the answered que & Unanswered que and reviewed. Also done with R&D on Microsoft Azure active directory.

#### Skills Technology / Advanced tools / software / Procedures learnt duringInternship :

At the Beginning of my Internship, I learnt python programming language and also doing the R&D on Microsoft Azure Active Directory. Later we studied the different tools of python programming language such as Numpy, Computer vision, OpenCV, Image Processing, Contour Detection, Thresholding, Template Matching, Optical character Recognition (OCR). In Python we studied the List, Tuples, Dictionary, Sets, Control flow structure, Function, Generators/Iterators, lists Comprehension. All the Skills we learned that are usefull for live Industry Project.

#### **Project Completed/Handled during Internship: (as per your projects butcompact):**

After Gaining theoretical knowledge we have assigned with OMR Answer sheet scanning project for JEE, NEET aspirants where they can easily get there score of answered question. They can also check how many question are solved and unsolved and which que is reviewed. We have use the python different libraries such as Computer vision, OpenCV, Pillow, Image Processing, Thresholding and Optical character Recognition(OCR). The project is implemented on Jupyter Notebook on VS code studio.

#### **Achievements during Internship:**

I have Successfully completed the internship along with case study which was assigned to me during the internship period. During the internship, I received positive feedback and lots of guidance from my mentor for my dedication and ability to meet project deadlines effectively.

# Name of Student: Heramb Dilipkumar Kadam

Email Id: herambkadam123@gmail.com

Phone No: 7709175776

Name of Company	Ecosun Energy Company, Pune, India
Name of Company Mentor	Mr. Sanjay Kulkarni
Name of Institute Mentor	Mr. Sandeep Gaikwad
Duration Of Internship	5 months

# Abstract:

Ecosun Energy is a solar company, where we are committed to harnessing the power of the sun to create a sustainable future. As a leading provider of solar installation services and water heater manufacturing, we are dedicated to making renewable energy accessible to everyone. At our company, we understand the pressing need to transition to cleaner and more efficient energy sources. That's why we specialize in the design, installation, and maintenance of solar systems for residential, commercial, and industrial clients.

# **Company Profile:**

Ecosun Energy is a dynamic and innovative company dedicated to providing renewable energy solutions to individuals and businesses. Specializing in solar power, we aim to make clean and sustainable energy accessible to all. Our company focuses on solar panel installation, offering customized solutions for residential, commercial, and industrial properties.

We understand that each client has unique energy needs, which is why we take a personalized approach to every project.

# **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge in the installation of a Solar Panel system and water heater. To gain valuable hands-on experience and contribute to the mission of Ecosun as an intern, by applying my knowledge of sustainable energy and environmental practices. I aim to enhance my skills in renewable energy project development, research, and analysis, while actively participating in the organization's efforts to promote clean and efficient solutions for a greener future.

#### **Roles and responsibilities:**

Assisting with renewable energy project development: Supporting the team in researching and identifying potential sites for solar or wind energy projects, conducting feasibility studies, and analyzing data to assess project viability. Conducting research and analysis: Gathering data on renewable energy policies, regulations, and market trends, and providing insights to the team. Assisting in evaluating the financial and environmental impact of renewable energy projects.

# Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

While working as an intern at Ecosun Energy, I have the opportunity to develop and enhance various skills, as well as gain experience with specific technologies and advanced tools/software used in the renewable energy industry. Some of the skills and technologies commonly utilized at Ecosun Energy and relevant to an internship role are Renewable Energy Software: Familiarity with software tools used for renewable energy project analysis and design, such as PVSyst, HOMER, WindPRO, RETScreen, or EnergyPlus.

# **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at Ecosun, I Successfully 4 projects, In which each project was having a load of around 7k KVA to 9K KVA. We were taught to calculate load, serve the owner, take notes, calculate the output, and fulfill the requirement of the customer.

#### **Achievements during Internship:**

Completed The internship course with flying colors. Autocad certified course. Google designs certified courses for 3, months.

#### **Photos:**

Internship Institute Mentor Ms. Surbhi Singh HOD (Electrical)

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING (An Autonomous Institute Affiliated to Savitribai Phule Pune University) DEPARTMENT OF ELECTRICAL ENNGINEERING INTERNSHIP SUMMARY (A. Y. 2022-23)

Name of Student Anuja Santosh Magar Email :<u>el2160anujamagar@gmail.com</u> Phone No: 7263902004

Name of Company	<b>ENERGYBAE</b> Private Limited
Name of Company Mentor	Mr Akshay Jain
Name of Institute Mentor	Prof. Surbhi Singh
Duration of Internship	4 Months

# Abstract:

The company focuses on providing tailored renewable solutions for all the customer needs. They offer best solutions in Wind, Solar and Hybrid System to achieve the renewable requirements. It works in collaborating with the manufacturers and vendors to get and provide the renewable resources to the needed ones.

# **Company Profile:**

ENERGYBAE Private Limited is a comprehensive end-to-end renewable energy platform providing tailored solutions for all the customer needs. The services are provided with the help of more than 120 vendors and manufacturers associated with the company. The company started by keeping a vision Empower People to Power Themselves using Renewable Energy. They aspire to make a difference to this world using knowledge and experience. Wayumitra is a star product of this company which is a hybrid rooftop turbine product. It is a synergy product of Wind and Solar Energy providing reliable power and maintenance services for renewable energy systems.

# Internship Objective:

The objective is to gain actual experience of a startup company working in renewable field of technology. It enhanced my technical skills as well as my personal skills and increased my confidence of working in the respective field. I got a chance to interact with the provider as well as customer's of the respective field. Side by side i worked on my personal qualities and skills to improve myself.

# **Roles and Responsibilities:**

I handled multiple roles and responsibilities within the organization. Firstly i started to know the customer needs. Secondly I started connecting with the new customers and providing them the technical solutions after the whole analysis of their requirement and the site survey. Also, i developed a plan that can be provided to the customer by creating the BOQs and Proposals. Few times, I designed some sketches of the project planned in Sketch-Up, PV Sketch software's.

# Skills/Technology learned:

I worked on problem analysing skill with different kind of scenario's and necessities and improved by getting the solutions to the provided scenarios. Got to know and learn the process of customer need assessment and system design.

Also, I improved myself to operate the following software's.

- 1. SketchUp
- 2. PV Sketch

# Achievements:

Successfully completed all the tasks before the deadline. Provided the project proposal data to the customers in every possible way with a detailed plan. Worked on designing and completed some project designs that need to be provided to the customer's. Successfully closed the multiple deals of the customers for the completion of the project, installation of solar system, wind turbines, etc and provided products delivery services.

Name of Student: Balraj Shivraj Malage (RBTL20EL004) Email ID: balrajmalage17@gmail.com Mobile No: 7768992949

Name of Company-1	KPIT Technologies Limited
Name of Company Mentor	Ms. Nidhi Chaudhari
Name of Institute Mentor	Dr. Harsha Anantwar
Duration Of Internship	4 Months

# • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# • Company Profile:

KPIT's engineering services help clients to design, develop, and test complex systems, software, and hardware for the automotive and manufacturing industries. The company has deep expertise in areas such as autonomous vehicles, connected cars, and electric vehicles, and works with clients to develop cutting-edge solutions that meet their unique needs.

# • Internship Objective:

Gain a knowledge about MATLAB software, how it is useful for testing purpose. MATLAB helps to perform mathematical calculation, design, analysis and optimization as well as gives speed, accuracy and precision to results. Learn new modules like VnV(Verification and Validation)

Also to gain some Knowledge about AUTOSAR i.e. Automotive Open System Architecture.

# Roles and Responsibilities:

Implementation of a SIMULINK model based on given mathematical operation, to test by running the model. We have build many MATLAB model like Pendulum, Spring Mass System

and many more, where we learned how we can use different blocks of Simulink to build a model. In VnV, we were assigned to create a Test Harness to test the simulation.

In this GENESIS program we were assigned to complete the assignment and courses in the given duration of time.

- Skills Technology/Advanced tools /software's/Procedures learnt during Internship: Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. Verification / Validation and Code Quality. Courses completed in training are as follows:
- 1. Agile and Scrum
- 2. Embedded Systems
- 3. MATLAB fundamentals
- 4. MATLAB Onramp

# • Project Completed / Handled during Internship:

Did projects on Model Building Design of cruise control system and electronic throttle control by using MATLAB tool. Also we have build First order differential equation, second order differential equation, state flow problems in MATLAB Simulink.

# • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# • Next Plan of Action:

As an Model based design intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

• Internship Photos:

Name of Company	LEONI Wiring Systems (Pune) Pvt. Ltd.
Name of Company Mentor	Mr. Kishor Mapare
Name of Institute Mentor	Mr. Sandeep Gaikwad
Duration Of Internship	6 months

# Abstract:

LEONI is a global provider of products, solutions and services for energy and data management in the automotive industry. The market-listed group of companies has around 100,000 employees in 28 countries and generated consolidated sales of EUR 5.1 billion in 2021. The value chain ranges from standardized cables and special cables to highly complex wiring systems and related components. Leoni supports its customers as an innovation partner and solution provider with distinctive development and system expertise on the way to increasingly sustainable and connected mobility concepts by developing the next generation of wiring systems.

# **Company Profile:**

LEONI concentrates its research and development work on the automotive industry's major trends such as electro mobility, autonomous driving, digitalization and connectivity. LEONI has already been active in the field of electro mobility for about 20 years and, in addition to high voltage cables and cable harnesses, also offers special components and charging cables for electric vehicles and plug-in hybrids. To expand our position as a system provider, we are also strengthening our competence in the areas of electronics and software.

# **Internship Objective:**

Contribution to the company's success by leveraging my skills, knowledge, and enthusiasm for the field of wiring systems. I aim to gain practical experience in a professional work environment, learn from industry experts, and apply my theoretical understanding to real-world projects. By actively participating in diverse tasks and collaborating with the LEONI team, I intend to enhance my technical abilities, develop a deeper understanding of wiring systems, and strengthen my problem-solving and communication skills.

# **Roles and responsibilities:**

Creating and maintaining comprehensive documentation related to process instructions, standard operating procedures (SOPs), work instructions, and process flowcharts. Ensuring that the documentation is up to date and accessible to relevant stakeholders. Proactively monitoring and analyzing process performance metrics, such as yield, cycle time, scrap rate, and rework, to identify areas for improvement. Implementing corrective actions and driving continuous improvement initiatives.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** Layman & Laycad is a software tool used in the field of electrical engineering and wiring systems. It helps process engineers in creating and designing electrical layouts, wiring diagrams, and cable harnesses. Layman facilitates the visualization and documentation of electrical connections and components, ensuring accurate and efficient wiring system designs. It assists in creating and editing electrical schematics, routing cables, and generating accurate bills of materials (BOMs). As a process engineer, I have used SAP for tasks such as tracking work orders, managing production schedules, analyzing production data, and ensuring smooth coordination between different departments.

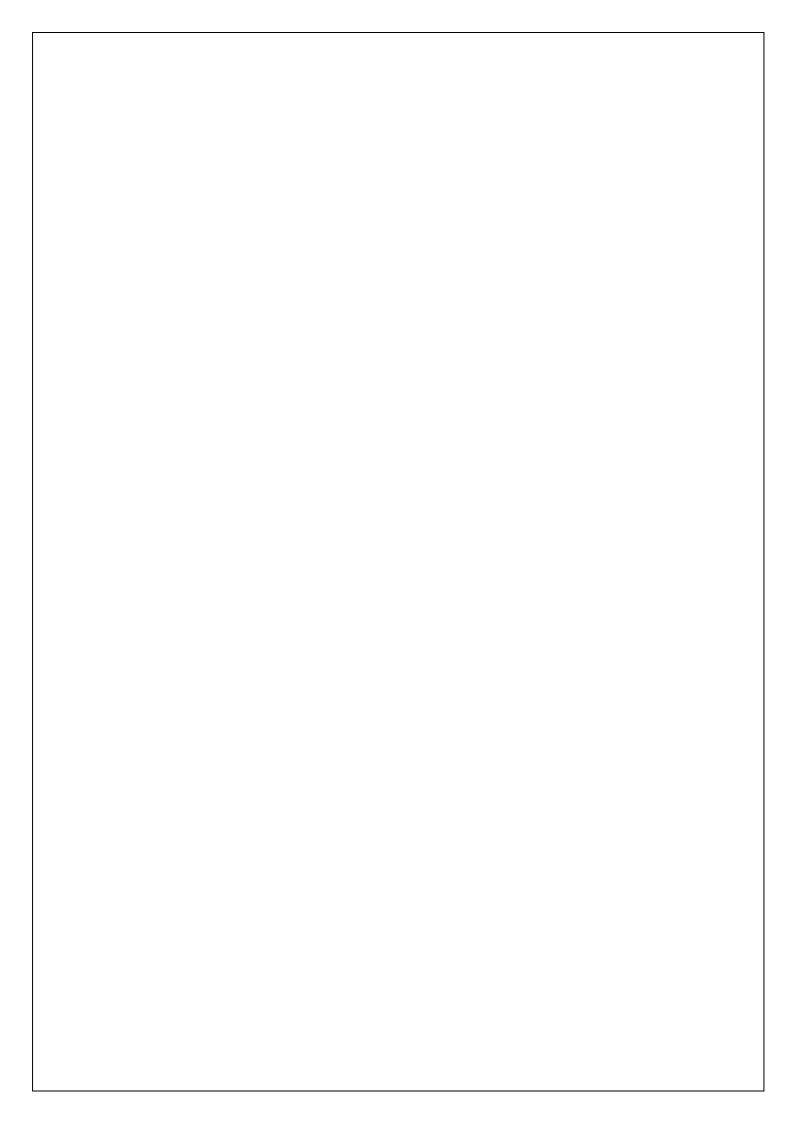

#### **Achievements during Internship:**

Contributed to the successful completion of specific projects, meeting project objectives, timelines, and quality standards, while effectively managing resources and stakeholders. Received positive feedback from the team and stakeholders for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Name of Company	Bajaj Auto Ltd , Pune , India
Name of Company Mentor	Mrs. Pawan Vaishanav
Name of Institute Mentor	Prof. Komal Zope
Duration Of Internship	4.5 Months

# Abstract:

Bajaj Auto is a multinational company based in Pune, India, and is one of the largest manufacturers of two-wheeled vehicles in the world. The company's primary business is the production of motorcycles, scooters, and three-wheeler vehicles for the domestic and international markets.

# **Company Profile:**

Bajaj Auto was founded in 1945 by Jamnalal Bajaj, and over the years, it has become a major player in the Indian automotive industry. The company has a wide range of products, including popular brands such as Pulsar, Avenger, Dominar, and Chetak, among others. Bajaj Auto is also involved in various joint ventures with global partners, including KTM AG of Austria and Triumph Motorcycles of the UK.

# **Internship Objective:**

As an intern in the Manufacturing and Operations department of Bajaj Auto's electric scooter division, I gained exposure to various aspects of the production process, including supply chain management, quality control, and assembly line operations. I have also been involved in the testing and validation of new products and processes, as well as the implementation of cost-saving measures and productivity improvements.

# **Roles and responsibilities:**

During my internship, I had the opportunity to work with cross-functional teams, including engineers, designers, and production managers, to support the development and launch of new electric scooter models. I have also been involved in the development and implementation of standard operating procedures and quality control measures to ensure consistent and high-quality production.

# Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

Based on the tasks and responsibilities I described, there are several key takeaways and learning outcomes you may have gained from your internship at Bajaj Auto. These may include:

1. Technical Skills: I gained technical skills in areas such as line balancing, kit jig design, and Bill of Materials (BOM), which are all critical to the manufacturing and production process.

2. Problem-Solving Skills: My involvement in on-line problem solving have helped me develop critical thinking and problem-solving skills, enabling you to identify and address production issues in real-time.

3. Cross-Functional Collaboration: Working in the Manufacturing and Operations department would have given you exposure to cross-functional teams, including engineers, designers, and production managers, helping me understand how different departments work together to achieve business goals.

4. Attention to Detail: My involvement in quality control tasks such as line balancing and BOM management have helped me develop a keen eye for detail, ensuring that production processes are executed to the highest standards.

5. Professional Growth: Your internship at Bajaj Auto would have provided you with valuable experience in a real-world manufacturing environment, helping me gain practical knowledge and develop skills that will be useful throughout your career.

Overall, my internship experience at Bajaj Auto have helped me develop a range of technical and professional skills, giving you a solid foundation for success in the manufacturing and operations

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

During my internship at Bajaj Auto, I was given the opportunity to design a new kit jig for the Chetak production line using Teamcenter (Teamcenter is a Product Lifecycle Management (PLM) software solution developed by Siemens Digital Industries Software) and NX as CAD software. The kit jig is an important tool used in the manufacturing process to hold the different components of the scooter in place during assembly.

To design the new kit jig, I worked closely with the production team to understand their requirements and to identify areas where the existing kit jig could be improved. I then used my knowledge of engineering design principles to develop a new, more efficient and effective kit jig. This involved creating detailed design specifications, including 3D models and technical drawings, and testing the new kit jig to ensure that it met the necessary requirements for strength, durability, and precision.

Through this experience, I gained valuable skills in engineering design, project management, and collaboration with cross-functional teams. I also learned the importance of attention to detail, testing, and validation in the design process.

#### **Achievements during Internship:**

My internship at Bajaj Auto have provided me with valuable experience and skills that can help you prepare for a career in the manufacturing and operations field. Some of the ways in which your internship experience may have helped you in preparation for my career include:

1. Practical Experience: My internship has provided me with hands-on experience in a real-world manufacturing environment, helping me gain practical knowledge and skills that can be applied in your future career.

2. Exposure to Different Departments: My involvement in cross-functional teams have given you exposure to different departments and functions within a manufacturing organization, helping me understand how different teams work together to achieve business goals.

3. Professional Networking: During your internship, I have had the opportunity to connect with professionals in your field, including mentors, supervisors, and other interns, building your professional network and potentially opening up future job opportunities.

4. Development of Transferable Skills: My involvement in tasks such as problem-solving, attention to detail, and process optimization would have helped me develop transferable skills that are valuable across a range of industries and job functions.

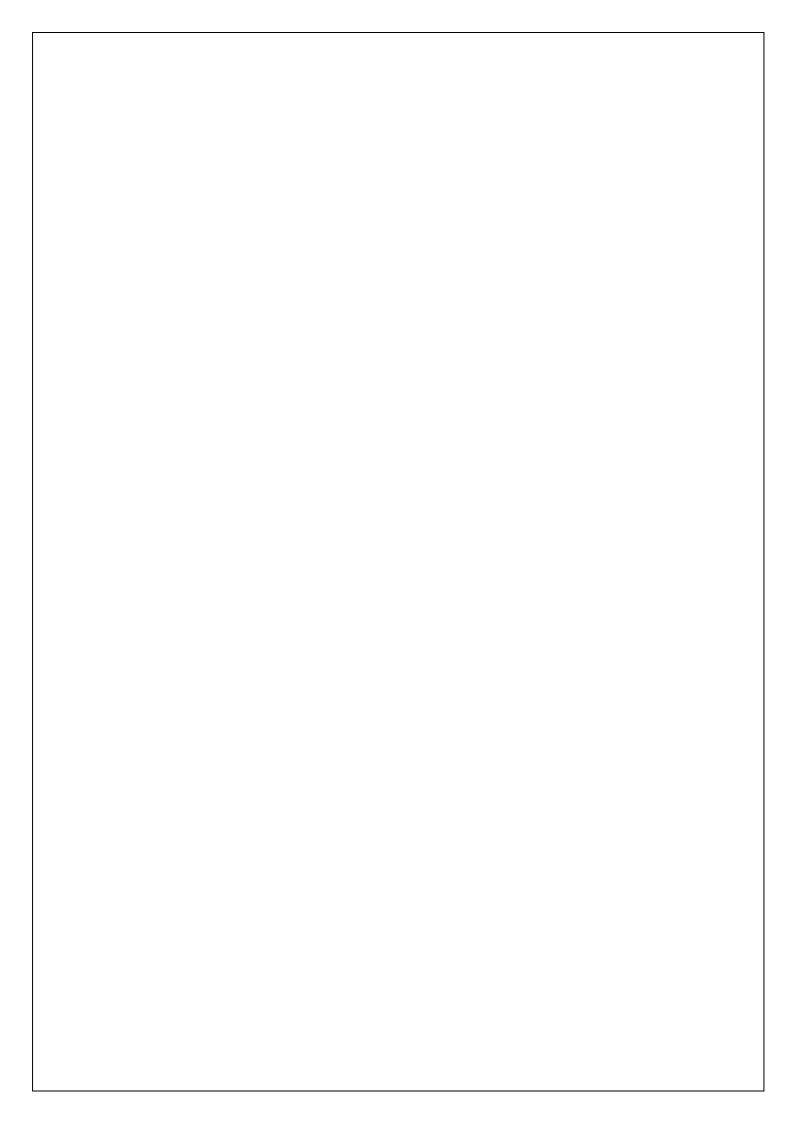

5. Enhanced Resume/CV: My internship experience at Bajaj Auto would be a valuable addition to your resume or CV, demonstrating my practical experience and skills to potential employers. Overall, my internship at Bajaj Auto have provided me with a strong foundation for a career in the manufacturing and operations field, helping me develop practical experience, transferable skills, and a professional network that can help me achieve my career goals.

Academic Year: 2022-23

# Name of Student : Sumit Bhaskar Baraskar

Email Id : <u>sumit.baraskar2002@gmail.com</u> Phone No: 8482985471

Name of Company	Capgemini, Mumbai, India
Name of Institute Mentor	Mr. Aabid C. Mulla
Duration Of Internship	4 months

#### Abstract:

Capgemini Mumbai, India: Leading IT consultancy specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented team committed to delivering exceptional results.

# **Company Profile:**

Capgemini India is a leading global provider of consulting, technology, and outsourcing services. It is a subsidiary of Capgemini, a multinational company headquartered in France. Capgemini India offers a wide range of services, including consulting, application development and management, infrastructure services, cloud computing, cybersecurity, and digital transformation solutions.

# **Internship Objective:**

Gain practical experience in developing full-stack applications using Java technologies. Expand skills in areas such as Java, JUnit and Mockito, MongoDB, Git and GitHub, Spring Core, Spring Boot, Spring Rest, Spring Security, Spring Cloud, Html CSS and JavaScript, ES6 and TypeScript, Angular, Rabbit MQ, and database management.

Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

# **Roles and responsibilities:**

Develop and maintain full-stack applications using Java technologies, ensuring high-quality code and adherence to coding standards. Collaborate with cross-functional teams to analyze requirements, design solutions, and implement features that meet client needs. Participate in code reviews, debugging, and troubleshooting to ensure optimal performance and functionality of applications.

# Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

Proficiency in Java programming language and Object-Oriented Programming (OOP) principles. In-depth knowledge of Java technologies, including Spring Framework.

Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries and optimizing performance. Familiarity with front-end technologies like HTML, CSS, JavaScript, and frameworks like Angular. Exposure to Agile development methodologies, including participating in scrum meetings and sprint planning.

#### Project Completed/Handled during Internship: (as per your projects but compact) :

During my internship at Capgemini, I successfully completed a Hotel Management System project. This project involved designing and developing a comprehensive system to manage Hotel operations, including Booking management, receipts handling, and sales tracking. I implemented the system using Java technologies such as Spring Boot Framework and Microservices, and SQL Server for database management. The project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for Hotel management.

#### **Achievements during Internship:**

Successfully delivered the Hotel Management System project, meeting all project requirements and deadlines. Received positive feedback from the team and stakeholders for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Name of 1st Company	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Ms. Amruta Udapurkar
Duration Of Internship	3 Months

# Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# **Company Profile:**

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

# **Internship Objective:**

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

# **Roles and Responsibilities:**

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

# Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on Agile and Scrum, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR

# **Project Completed / Handled during Internship:**

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

# **Achievements during Internship:**

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# **Internship Photos:**

Name of 2nd Company	Diggaj Motors
Name of Company Mentor	Mr. Ajinkya Pakhale
Name of Institute Mentor	Ms. Amruta Udapurkar
Duration Of Internship	1.5 Months

#### Abstract:

As a startup, Diggaj Motors embraces the agility and innovation that come with the entrepreneurial spirit. The company's dynamic and collaborative work environment encourages employees to think outside the box, experiment with new ideas, and challenge conventional norms. This culture of innovation allows Diggaj Motors to stay ahead of the curve and continually push the boundaries of electric vehicle technology.

#### **Company Profile:**

Diggaj Motors is an exciting startup company at the forefront of the electric vehicle (EV) revolution. With a strong focus on sustainability and innovative technology, Diggaj Motors is determined to reshape the automotive industry and pave the way for a greener and cleaner future.

#### **Internship Objective:**

The Electric Vehicle internship program at Diggaj Motors is designed to provide students and recent graduates with practical experience in the field of electric vehicle, working alongside a team of experienced professionals

#### **Roles and Responsibilities:**

Researching electric vehicles parts, Exploring various types of batteries, Watching videos on Electric vehicle, Learning and professional development .

#### Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

My internship at Diggaj Motors provided me with a well-rounded experience in the electric vehicle industry. The learning outcomes encompassed technical knowledge, market analysis, project management, problem-solving, sustainability, networking, entrepreneurship, and communication skills. These outcomes have significantly contributed to my personal and professional development, preparing me for future career opportunities in the EV sector.

#### **Project Completed / Handled during Internship:**

Through hands-on experience and research, I developed a comprehensive understanding of electric vehicle technology, including battery systems, electric powertrains, charging infrastructure, and intelligent connectivity solutions. This knowledge enabled me to contribute effectively to discussions and projects related to EV development.

#### **Achievements during Internship:**

During my internship, I encountered various challenges and unforeseen situations. These experiences helped me develop problem-solving skills and the ability to think critically in fast-paced environments. I learned to adapt quickly to changing circumstances and find creative solutions to overcome obstacles.

JSPM's

RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23

Academic Year: 2022-23 Name of Student : Mohit Mahesh Kulkarni Email Id : <u>mohitkulkarnim@gmail.com</u> Phone No: 9422529017

Name of Company	Capgemini ,Mumbai, India
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	4 months

# Abstract:

Capgemini Pune India: Leading IT consultancy specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented team committed to delivering exceptional results.

# **Company Profile:**

Capgemini India is a leading global provider of consulting, technology, and outsourcing services. It is a subsidiary of Capgemini, a multinational company headquartered in France. Capgemini India offers a wide range of services, including consulting, application development and management, infrastructure services, cloud computing, cybersecurity, and digital transformation solutions.

# **Internship Objective:**

Gain practical experience in developing full-stack applications using Java technologies. Expand skills in areas such as Java, JUnit and Mockito, MongoDB, Git and GitHub, Spring Core, Spring Boot, Spring Rest, Spring Security, Spring Cloud, Html CSS and JavaScript, ES6 and TypeScript, Angular, Rabbit MQ, and database management.

Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

# **Roles and responsibilities:**

Develop and maintain full-stack applications using Java technologies, ensuring high-quality code and adherence to coding standards. Collaborate with cross-functional teams to analyze

requirements, design solutions, and implement features that meet client needs. Participate in code reviews, debugging, and troubleshooting to ensure optimal performance and functionality of applications.

**Skills Technology/ Advanced tools/ software/ Procedures l learned during Internship:** Proficiency in Java programming language and Object-Oriented Programming (OOP) principles. In-depth knowledge of Java technologies, including Spring Framework.

Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries and optimizing performance. Familiarity with front-end technologies like HTML, CSS, JavaScript, and frameworks like Angular. Exposure to Agile development methodologies, including participating in scrum meetings and sprint planning.

#### **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at Capgemini, I successfully completed a Hotel Management System project. This project involved designing and developing a comprehensive system to manage Hotel operations, including Booking management, receipts handling, and sales tracking. I implemented the system using Java technologies such as Spring Boot Framework and Microservices, and SQL Server for database management. The project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for Hotel management.

#### **Achievements during Internship:**

Successfully delivered the Hotel Management System project, meeting all project requirements and deadlines. Received positive feedback from the team and stakeholders for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Phone No: 8482893177

Name of Company	Leoni wiring System Pune Pvt .Ltd
Name of Company Mentor	Mr . Shivaji Patil
Name of Institute Mentor	Ms. Amruta Udapurkar
Duration Of Internship	6 months

# Abstract:

LEONI is a global provider of products, solutions and services for energy and data managementin the automotive industry. LEONI concentrates its research and development work on the automotive industry's major trends such as electro mobility, autonomous driving, digitalization and connectivity. LEONI has already been active in the field of electro mobility for about 20 years and, in addition to high voltage cables and cable harnesses, also offers special components and charging cables for electric vehicles and plug-in hybrids.

# **Company Profile:**

The market-listed group of companies has around 100,000 employees in 28 countries and generated consolidated sales of EUR 5.1 billion in 2021.

The value chain ranges from standardized cables and special cables to highly complex wiring systems and related components. Leoni supports its customers as an innovation partner and solution provider with distinctive development and system expertise on the way to increasingly sustainable and connected mobility concepts by developing the next generation of wiring systems.

# **Internship Objective**:

I was appointed as an intern in Value Chain Management (VCM)department. I was given basic training about the work to be done. Working in this department gave me a broader vision and scope of automotive and off road engine wiring systems. A very different yet very relevant to automotive wiring systems.

I learned different soft-skills and software like SAP business Tool, as well as Different internal Department in VCM like Procrument, Production Planning, Import Export, Warehouse Management and Finishing Goods (FG) process.

# **Roles and responsibilities:**

In Value Chain Management I assigned as intern For all VCM activity and for VCM Support . Majorly My role is In Procrument Department . The Actual interaction With supplier regarding material Requirement , Also followup with Majorly local Suppliers .

Also work in import Export Department Regarding shipment clearance that import from Foreign suppliers from Different countries .

For Warehouse management and system reconciliation is major work responsibility done Under the Warehouse Manger .

# Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

In LEONI different soft-skills and software like Capital XC, as well as creation of SMV, BOM, WIRE CHART in Design and Development Department and supported in different quality tests performed on harness.

In Process Engineering LAY Cad software is used for Design the Harness lay up boards to

manufactureThe actual harness as per the drawing by customer End.

For all business activity and Supplier To Customer Interaction SAP BUSINESS Tool is Used to required the all date regarding the whole Leoni Plant .

# **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at Leoni Wiring Harness Pvt Ltd, I successfully Done In VCM Department that it is the main department of the Leoni Plant .I handled the material Purchasing Department In VCM , in that majorly Some local suppliers of Leoni from which we Purchase the Material that assigned to me From Scheduling ,purchase order and material Dispatched followup is handled individually by me.

Also Make E-way Bills for Import Shipment Clearance in Import Export Department is handled bt me itself . Inventory Management Is the major task handled under the guidance of Head of the VCM.

# Achievements during Internship:

Successfully Handled the Supplier for Purchasing Material and Also Handled the Production planning and Customer Demand that means the Actual interaction with Customer to fulfil their Demand . System reconciliation of Major Supplier like TYCO Is the main achievement during the last Month of the training . As I work in VCM , I work for all the internal department work in VCM .

[Internal]

Dr. S. L. Chavan

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary Academic Year: 2022-23

Name of Student: Munde Kishor (RBTL20EL023) Email ID: <u>kishormunde4413@gmail.com</u> Mobile No: 9370683821

Name of Company-1	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	3 Months

# • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# • Company Profile:

KPIT's engineering services help clients to design, develop, and test complex systems, software, and hardware for the automotive and manufacturing industries. The company has deep expertise in areas such as autonomous vehicles, connected cars, and electric vehicles, and works with clients to develop cutting-edge solutions that meet their unique needs.

# • Internship Objective:

Gain a knowledge about MATLAB software, how it is useful for testing purpose. MATLAB helps to perform mathematical calculation, design, analysis and optimization as well as gives speed, accuracy and precision to results. Learn new modules like VnV(Verification and Validation)

Also to gain some Knowledge about AUTOSAR i.e. Automotive Open System Architecture.

# • Roles and Responsibilities:

Implementation of a SIMULINK model based on given mathematical operation, to test by running the model. We have build many MATLAB model like Pendulum, Spring Mass System and many more, where we learned how we can use different blocks of Simulink to build a model.

In VnV, we were assigned to create a Test Harness to test the simulation.

In this GENESIS program we were assigned to complete the assignment and courses in the given duration of time.

• Skills Technology/Advanced tools /software's/Procedures learnt during Internship: Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. MATLAB fundamentals
- 4. MATLAB Onramp
- 5. Simulink Onramp
- 6. Simulink Fundamentals
- 7. State flow Onramp
- 8. Control System Design

# • Project Completed / Handled during Internship:

Did projects on Model Building Design of cruise control system and electronic throttle control by using MATLAB tool. Also we have modeled First order differential equation, second order differential equation, state flow problems in MATLAB Simulink.

# • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# • Next Plan of Action:

As an Model based design intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

# • Internship Photos:

Name of Company-2	N Kenin Transformers
Name of Company Mentor	Mr. Nachiket Kulkarni
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	1 Month

#### • Abstract:

The internship report outlines the experience gained while working at a transformer repairing company. The report covers various aspects of the company such as the organizational structure, operations, and maintenance procedures. It also includes a detailed analysis of the various types of transformers, their components and functions, as well as the repair techniques used by the company. Through this internship, the intern gained practical skills in transformer maintenance, troubleshooting, and repair while working with industry experts. The report concludes with recommendations for the company to improve its operations and maintain its competitive edge in the transformer repairing industry.

# • Company Profile:

**N Kenin Transformers** is the leading company for manufacturer, repairer of transformers in Latur. with a total of 15 years of experience in this field. This company is also expert in handling of electrical erection works for co-generation project.

They have plenty of products such as Power Transformer, Distribution Transformer,

Insulators,LV Winding HV Winding etc.

#### • Internship Objective:

The objectives of doing an internship in a transformer repairing company may include:

- Gaining hands-on experience: An important objective of an internship is to gain practical, hands-on experience in the field of transformer repair. This can be achieved by participating in repairing activities, observing technicians, and learning about different types of transformers.
- Understanding the repair process: Another objective could be to understand the entire repair process, from identifying the problem to fixing it. This would involve learning about the various tools, equipment and techniques used in transformer repair.
- Developing technical skills: Interns in a transformer repairing company can develop technical skills such as soldering, testing, troubleshooting, and reading schematics. These skills are essential for anyone who wants to pursue a career in electrical engineering.

# • Roles and Responsibilities:

As an intern in a transformer repairing company, your role and responsibilities may include:

- Assisting experienced technicians in the repair and maintenance of transformers.
- Learning about the different types of transformers, their components, and how they operate.
- Observing safety protocols and maintaining a safe work environment.
- Helping with routine testing and inspections to ensure that transformers are functioning properly.
- Documenting test results and other data in reports or computer databases.
- Participating in training programs to learn more about the field of transformer repair and gain new skills.

- Skills Technology/Advanced tools /software's/Procedures learnt during Internship: As an intern in a transformer repairing company, you may have learned several procedures related to transformer repair and maintenance. Some of these procedures include:
  - Transformer inspection: You may have learned how to inspect transformers for signs of damage or wear and tear. This could involve visual inspections as well as testing to check for electrical or mechanical issues.
  - Transformer oil analysis: The quality of transformer oil is critical for the proper functioning of a transformer. As an intern, you may have learned how to analyze transformer oil to detect any contaminants or other issues that could impact performance.
  - Transformer repair: You may have assisted with transformer repair activities such as replacing damaged components, rewinding coils, or repairing leaks in the cooling system.

# • Project Completed / Handled during Internship:

- Core Assembly
- Winding Assembly
- Core-winding Assembly
- Tank-up
- Transformer Tank Painting & Finishing

# • Achievements during Internship:

In this whole Internship Program, I learnt how industry works. I got knowledge of various types of automotive software's as well as Business Process. This internship is very upskilling program for me.

Name of Student	Sakshi Machindra Powar	
Name of Company	Pegasus Technologies & Software Pvt. Ltd.	
Name of Institute Mentor & Contact No.	Ms. Amruta Udapurkar	8788799127
Name of Company Mentor, Address & Contact No.	Mr. Somil Deshmukh, Nagpur	9764138488
Duration Of Internship	6 Months	

# **Abstract:**

Salesforce is one of the best cloud-based CRM platforms. It is an integrated CRM platform that provides a single shared view of each customer for all the departments within an organization, such as Marketing, Sales, Commerce, and Service. Salesforce is a SaaS or Software as a Service, which means there is no need to install the software or server to work on. Users can simply sign-up in Salesforce.com and can start running the business instantly.

# **Company Profile:**

The primary focus of Pegasus Technologies & Software Pvt. Ltd. is to offer outsourcing, technology, and consulting services to several global businesses. The company's services are concentrated on assisting its clients in achieving digital transformation, enhancing their overall performance, and improving business operations.

# **Internship Objective:**

The internship emphasized gaining expertise in a variety of sale CRM development technologies and frameworks, A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

# **Roles and responsibilies:**

The intern's daily obligations were laid out in a structured schedule created by their industry mentors during the internship. Different themes were assigned to us, and we were given deadlines for reading and understanding the material. We carefully followed the timetable to make sure we finished the required reading in the allotted time. An exam was given to gauge our knowledge and competence after we finished each lesson. This methodical approach helped us monitor our development and pinpoint areas that needed more focus, which aided in our overall learning and growth during the internship.

# **Skills Technology / Advanced tools / softwares / Procedures learnt during Internship:**

We were able to acquire database design, querying, and data manipulation techniques during our internship at Pegasus Technologies because to the practical experience we gained using hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills The experience of the internship was heavily reliant on the web application frameworks Workbench and Postman Working with the API's was another opportunity presented by the internship. Additionally, we developed expertise in Apex and Visual Force Technology.

#### **Project Completed/Handled during Internship:**

I worked on developing a Battle Station App and The Hospital Management App using Apex, Java, JS, CSS, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient experience for customers while booking online appointment of doctor. In order to ensure the secure transactions of doctor's fees, users have been required to log in, the developed system has also had a positive effect on both retailers and customers.

# **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding. A Salesforce internship offers an exciting opportunity to gain hands-on experience and develop valuable skills in one of the leading CRM platforms. During my internship at Pegasus Technologies & Software Pvt. Ltd., which lasted from 15 Jan 2023 to 15 June 2023 I had the opportunity to develop myself into various aspects of Salesforce CRM. The internship provided me with hands-on experience and allowed me to acquire essential skills in Salesforce Admin, Development of applications, Apex, Java, HTML, Lightning Flows, Logic Building Skills.

PUNE

# **Department of Electrical Engineering**

Academic Year: 2022-23

Name of Student	Pusa Bharat Mahesh
PRN No.	RBTL20EL027
Name of Company	Thakur Electrical Works and Traders, MIDC, Nanded
Name of Company Mentor	Mr. Ashish Chandel
Name of Institute Mentor	Ms. Komal Zope
<b>Duration of Internship</b>	25/01/2023 to 08/06/2023

# Abstract:

During my final year of B. Tech, I had the opportunity to undergo an internship at Thakur Electrical works and Traders, MIDC, Nanded. Through practical engagement in routine inspections, troubleshooting, and testing, I gained comprehensive knowledge of maintenance practices and testing techniques. The internship emphasized the importance of safety protocols, analysis of test results, and technical skills development.

# **Company Profile:**

Thakur Electrical Works & Traders in Nanded HO, Nanded is known to satisfactorily cater to the demands of its customer base. It stands located at Nanded, CIDCO, MIDC, near Lokmat Bhawan plot w/3, Nanded HO-431601.The company strives for a positive experience through its offerings. Customer centricity is at the core of Thakur Electrical Works & Traders in Nanded HO, Nanded and it is this belief that has led the business to build long-term relationships. Ensuring a positive customer experience, making available goods and/or services that are of top-notch quality is given prime importance.

India's leading B2B market place, Jd Mart ensures engaging in business activities is a seamless process for small and medium enterprises as well as large businesses. In a wake to enable these businesses to reach their audience, this portal lets them showcase their offerings in terms of the products and/or services through a digital catalogue. This business has a wide range of product offerings and the product/catalogue list includes transformers, motor repairs etc.

# **Internship Objective:**

The objectives of the internship on "Transformer Maintenance and Testing" were to gain hands-on experience in transformer maintenance practices, develop proficiency in testing techniques, and acquire a comprehensive understanding of the role and importance of transformers in electrical power distribution systems.

#### **Roles and Responsibilities:**

During the internship on "Transformer Maintenance and Testing," I had several key roles and responsibilities. These included participating in routine inspections of distribution transformers, assisting in troubleshooting and diagnosing faults, conducting various tests to assess transformer performance, analyzing test results, and contributing to projects related to transformer installation and efficiency optimization. I also collaborated with experienced professionals, actively engaging in learning opportunities such as workshops and training sessions. Additionally, I was responsible for maintaining safety protocols, documenting activities, and effectively communicating with team members. These roles and responsibilities allowed me to gain practical experience and contribute to the overall maintenance and testing efforts of distribution transformers.

#### Skills Technology / Advanced tools / software / Procedures learnt during Internship:

During the internship on "Transformer Maintenance and Testing," I acquired valuable skills in diagnostics, testing techniques, and advanced tools. Developed expertise in analyzing test results, diagnosing faults, and interpreting data. Gained hands-on experience with advanced tools such as insulation testers, power analyzers. I also learned safety protocols, routine maintenance procedures, and installation techniques. Effective communication and collaboration with colleagues were also emphasized. Overall, the internship provided a comprehensive understanding of transformer maintenance and testing, utilizing advanced tools and procedures in the field.

# **Project Completed/Handled during Internship:**

During the internship on "Transformer Maintenance and Testing," I successfully completed several significant projects. I actively contributed to a transformer installation project, overseeing site preparation and electrical connections. Additionally, I played a pivotal role in a fault analysis project, analyzing fault records and utilizing advanced diagnostic techniques to enhance fault detection and prevention. I also participated in an efficiency optimization project, conducting measurements and recommending strategies to improve transformer performance.

Duration Of Internship	3 Months

# • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# • Company Profile:

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

# • Internship Objective:

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

# • Roles and Responsibilities:

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

# • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

1. Agile and Scrum

2. Embedded Systems

- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR
- 6. "Let Us C" Book
- 7. "The C Programming Language" Book
- 8. Virtual Lab Training on STM32H7A3

# • Project Completed / Handled during Internship:

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

# • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

Name of Company	S. S. Controls Systems Pvt. Ltd.
Name of Company Mentor	Mr. Pratik Deshmukh
Name of Institute Mentor	Prof. Komal Zope
Duration Of Internship	4.5 months

# Abstract:

S. S. Controls Systems Pvt. Ltd. : In my training period got opportunity to learned of different departments, The overall procedure of electrical panels manufacturing, did testing of panels, wiring of panel, learned protection schemes, observed rating of HV and LV panel components and skill of troubleshooting.

# **Company Profile:**

S. S. Controls Systems Pvt. Ltd. Is a leading company in India for manufacturing of Power Panels, Control Switchboards, Automation Panels and bus-ducts. The product range includes fixed and draw-out type Low Voltage switchboards as well as Medium Voltage Panels upto 33KV. We are leading vendor to Siemens Ltd. For EHV Control Panels for AIS and GIS. We are Ecoxpert Partner of Schneider Electric for Energy Management System.

# **Internship Objective:**

Development of skill through practical knowledge, Testing skill, In that learned the how to do the electrical panels testing, Troubleshooting skill, Logic building such as interlocking, Time management skill. Learning process of new things with practical knowledge such as the actual electrical panel manufacturing. Collaborative thinking, and enhancing electrical based knowledge.

#### **Roles and responsibilities:**

As a trainee engineer, in S. S. Controls Systems Company responsibilities under the production department from the commencement of order to the quality checking department. Did testing of electrical panel, wiring of various panels such as TDR Panel, Main LT panel and APFC panel. Checking legends of panel, connections and doing troubleshooting with experiences of on site visits. Doing work under the testing engineer with acknowledging basic to advance information about electrical field.

## Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

I have learned working of different departments, Observed the different electrical panels, did the continuity test of number of panels, known the wiring Loop chart, Sizes of different types of lugs, ferrule identification, reading of control circuit Diagram, Information about different components and IP protection scheme in electrical panel. Working of various panels such as APFC Panel, TDR Panel, Main LT Panel, and Vertical Washing Panel. Programmable Logic Controller basic information with ladder diagram software got to know during my internship.

#### **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at S. S. Controls Systems, I successfully completed a Testing of Automatic Power Factor Control Panel, Wiring of APFC panel, TDR Panel, Observed and analysed the working of Electric Charging panel of about 30 KV + 30 KV of rating. By using wiring loop chart completed wiring of contactors, Done troubleshooting of Parason Panels and also did the quality checking TDR panel (Tri Disc Refiner).

## **Achievements during Internship:**

Achievements during my internship, got to know the practical knowledge of different departments, By successfully completed testing of APFC panel, Gaining the wiring loop chart knowledge, Control Circuit diagram abled to understand, Gaining problem solving skill, Team work skill, and lot more knowing the information about electrical field

## JSPM'S RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-33 (An Autonomous Institute, Affiliated to Savitribai Phule Pune University) Department of Electrical Engineering

# Academic Year:2022-23

-	Name of Student & PRN No.	Apeksha Dhanaji Patil	RBT19EL027
	Name of Company	VORTEX	
	Name of company & Contact No.	Mr.Jordi Ferrer	9850952956
æ	Name of Institute Mentor & Contact No.	Dr.Sachin Argade	7709234649

## • Abstract:

The internship opportunity I had with VORTEX, was a great chance for learning and professional development. Vortex started its technology development in 2005 by former Wind & Site engineers, atmospheric physicists and computer experts in a unusual collaborative team of experienced professionals with active researchers. I am also grateful for having a chance to meet so many wonderful people and professionals who led me though this internship period.

## • Company Profile:

Vortex started its technology development in 2005 by former Wind & Site engineers, atmospheric physicists and computer experts in a unusual collaborative team of experienced professionals with active researchers.At Vortex we are not alone: our technology is based on Weather Research and Forecasting model (WRF), a state-of-the-art non-linear flow code developed through a collaborative effort by several atmospheric research centers and an active community.

## • Internship Objective:

In this internship, I gained theoretical as well as practical knowledge in Energy calculations which is very important in wind sector even I learned Wind Resource Assessment Wind resource assessment is the longest step in most wind projects, and it determines the future of a project.

#### **Roles and Responsibilities :**

- There were 44 sites on seasonal interface for one of the vortex client ,I had to prepare summery report for prediction data for period starting from March 22 till February 23
- To prepare this monthly summery, I had to login on seasonal interface & to check this data for each site and to record that in XL sheet
- > My role was to find out Annual energy numbers for different sites and for different clients
- Mainly I had to refer above shown tables, one is power curve table provided by turbine manufacture and bin and sector occurrence table extracted from vortex interface
- The first energy number is nothing but p50 generation level, By using this I had to calculate p50,p75,p90 PLF.

#### • Learning outcome:

- Learned about the problem identification
- > Learnt how the energy calculations done and time management
- > Built a problem solving mindset to overcome the difficulties faced in the energy calculations.
- Learnt how to use advanced tool effectively
- Understood multiple options available on user interface, for requesting data easily and different ways of downloading data from interface

## • Achievements during Internship:

The training at VORTEX, has truly been a most valuable professional experience that will have an everlasting impact on the building of my future career .I have Successfully completed the internship along with case study which was assigned to me during the internship period. During the internship, I received positive feedback from my mentor for my dedication and ability.

Dr. Sachin Argade (Institute Mentor) Dr. S. L. Chavan (HOD)

## RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary

Academic Year: 2022-23

Name of Student: Anushka Premnath Gaikwad (RBT19EL048) Email ID: anushakagaikwad7709@gmail.com Mobile No: 7709015566

Name of Company-1	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	4 Months

• Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

## • Company Profile:

KPIT's engineering services help clients to design, develop, and test complex systems, software, and hardware for the automotive and manufacturing industries. The company has deep expertise in areas such as autonomous vehicles, connected cars, and electric vehicles, and works with clients to develop cutting-edge solutions that meet their unique needs.

## • Internship Objective:

Gain a knowledge about MATLAB software, how it is useful for testing purpose. MATLAB helps to perform mathematical calculation, design, analysis and optimization as well as gives speed, accuracy and precision to results. Learn new modules like VnV(Verification and Validation)

Also to gain some Knowledge about AUTOSAR i.e. Automotive Open System Architecture.

## Roles and Responsibilities:

Implementation of a SIMULINK model based on given mathematical operation, to test by running the model. We have build many MATLAB model like Pendulum, Spring Mass System

and many more, where we learned how we can use different blocks of Simulink to build a model. In VnV, we were assigned to create a Test Harness to test the simulation.

In this GENESIS program we were assigned to complete the assignment and courses in the given duration of time.

 Skills Technology/Advanced tools /software's/Procedures learnt during Internship: Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. MATLAB fundamentals
- 4. MATLAB Onramp

## • Project Completed / Handled during Internship:

Did projects on Model Building Design of cruise control system and electronic throttle control by using MATLAB tool. Also we have build First order differential equation, second order differential equation, state flow problems in MATLAB Simulink.

#### • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

#### • Next Plan of Action:

As an Model based design intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

• Internship Photos:

## RAJARSHI SHAHU COLLEGE OF ENGINEERINGTATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

# Name of Student: Devanand P. Kamble Email Id: devkamble300@gmail.com Phone No: 9921494965

Name of Company	Ecosun Energy Company, Mumbai, India.
Name of Company Mentor	Mr. Sanjay Kulkarni.
Name of Institute Mentor	Mrs. Manjusha A Kanawade.
Duration Of Internship	5 months.

## Abstract:

Ecosun Energy is a solar company, where we are committed to harnessing the power of the sun to create a sustainable future. As a leading provider of solar installation services and water heater manufacturing, we are dedicated to making renewable energy accessible to everyone. At our company, we understand the pressing need to transition to cleaner and more efficient energy sources. That's why we specialize in the design, installation, and maintenance of solar systems for residential, commercial, and industrial clients.

## **Company Profile:**

Ecosun Energy is a dynamic and innovative company dedicated to providing renewable energy solutions to individuals and businesses. Specializing in solar power, we aim to make clean and sustainable energy accessible to all. Our company focuses on solar panel installation, offering customized solutions for residential, commercial, and industrial properties.

We understand that each client has unique energy needs, which is why we take a personalized approach to every project.

## **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge in the installation of a Solar Panel system and water heater. To gain valuable hands-on experience and contribute to the mission of Ecosun as an intern, by applying my knowledge of sustainable energy and environmental practices. I aim to enhance my skills in renewable energy project development, research, and analysis, while actively participating in the organization's efforts to promote clean and efficient solutions for a greener future.

## **Roles and responsibilities:**

Assisting with renewable energy project development: Supporting the team in researching and identifying potential sites for solar or wind energy projects, conducting feasibility studies, and analyzing data to assess project viability. Conducting research and analysis: Gathering data on renewable energy policies, regulations, and market trends, and providing insights to the team. Assisting in evaluating the financial and environmental impact of renewable energy projects.

## Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:

While working as an intern at Ecosun Energy, I have the opportunity to develop and enhance various skills, as well as gain experience with specific technologies and advanced tools/software used in the renewable energy industry. Some of the skills and technologies commonly utilized at Ecosun Energy and relevant to an internship role are Renewable Energy Software: Familiarity with software tools used for renewable energy project analysis and design, such as PVSyst, HOMER, WindPRO, RETScreen, or EnergyPlus.

## **Project Completed/Handled during Internship: (as per your projects but compact) :**

During my internship at Ecosun, I Successfully 4 projects, In which each project was having a load of around 7k KVA to 9K KVA. We were taught to calculate load, serve the owner, take notes, calculate the output, and fulfill the requirement of the customer.

## **Achievements during Internship:**

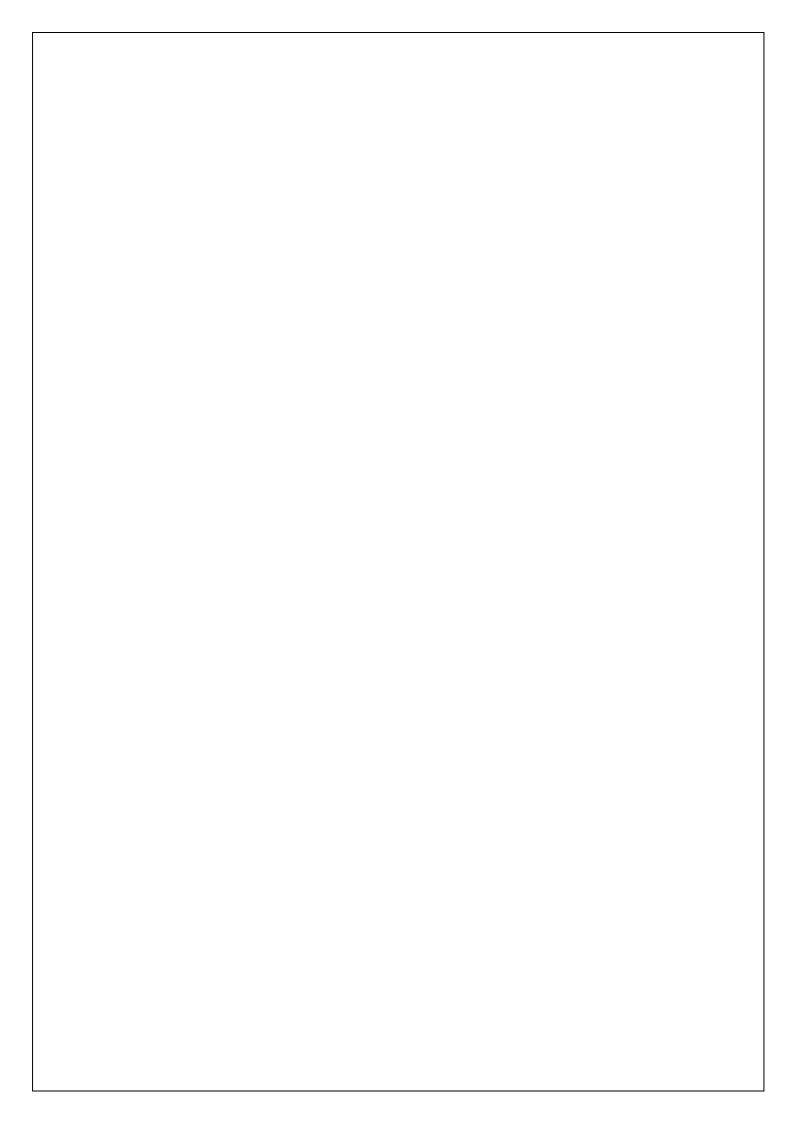

Completed The internship course with flying colors. Google designs certified courses for 3, months.

## **Photos:**

# Academic Year: 2022-23

# Name of Student : Arun Vishnu Kashid Email Id : <u>arunkashid8888@gmail.com</u> Phone No: 8888512951

Name of Student & PRN No.	Arun Vishnu Kashid	RBT19EL005
Name of Company	Skylight Software Solutio	n, Bhosari, pune
Name of Institute Mentor & Contact No.	Ms. Surbhi Singh	9411192142
Name of Company Mentor , Address & Contact No.	Mr. Aakash Jadhav	9595938868
Duration Of Internship	10/01/2023 To 10/06/2023	3

## Abstract:

Skylight Software Solution specialized in providing innovative web solution to its elaborative customer base. Website, Web, PHP, React JS, Angular JS, JAVA, Android Mobile Application Development Software and Software Product Based Company in Pune are some of the verticals we specialize in. We have earned the pride of being leading web solution provider in India. Therefore our Project & Product Development in Pune, Android App Development in Pune clients and our work speak for us. Business needs can be met only when technology is in sync with service. At Skylight Software Solution, we provide multi-dimensional IT services that would cater to high-end internet strategy, Software Development. And also design solutions for corporate customers all across the globe.

# **Company Profile:**

Skylight Software Solution is an emerging Information Technology (IT) and Software

Development Services provider in Pune, India incorporated in 2016. Our main objective is to transform people's life by using latest, reliable, flexible and secure technologies. We prefer to deal

with open source technologies to make Customized Product Development, Website Development, Web Application Development, Android Application Development, iOS Application Development, Mobile Application Development and Software Product Based Company in Pune, Commercial Project Development, Search Engine Optimization (SEO), Search Engine Marketing (SEM) and Corporate Training/ Industrial Project Training.

## **Internship Objective:**

In this internship, I gained theoretical as well as practical knowledge in developing front-end applications using HTML, CSS, Javascript Technologies. A front-end developer is a programmer that codes the front end of a website. Typically, the front-end developer's job is to convert website design files into raw HTML, JavaScript (JS) and/or CSS code. This includes the basic website design/layout, images, content, buttons, navigation and internal links. The end result is code that serves as the website's front-end structure, which is used by a back-end developer to add business logics and connect databases and processes, among other processes.

## **Roles and Responsibilities :**

In the start of the internship, I was appointed as software trainee. I gained theoretical as well as practical knowledge in developing front-end applications using HTML, CSS, Javascript Technologies. A front-end developer is responsible for ensuring that a website's visual front end is free of errors and looks exactly as designed. A front-end developer also ensures that a website has the same visibility across different computing and mobile Web browsers.

# Skills Technology / Advanced tools / software / Procedures learnt during Internship

At the beginning of my internship I learn basics of HTML. In that I learn about different types of tags and list and attributes and how to create forms. Then I started with CSS programming. In that I learn about types and different properties of CSS. In that I learn about designing of web pages. Then I learn about Javascript programming language. In that I learn about variables, data types, operators, arrays, loops, and validation.

# **Project Completed/Handled during Internship: (as per your projects but compact):**

After gaining theoretical knowledge, I get opportunity to apply these skills on the project work. I worked on the project name e-insurance. Maintaining all the details for the insurance such as cash information or age related important information into the hard copy and by chance if any of the document get missed up or get harmed then whole of the information will be missed, resulted into the major loss for the user. This project is safe and secure and useful for the user.

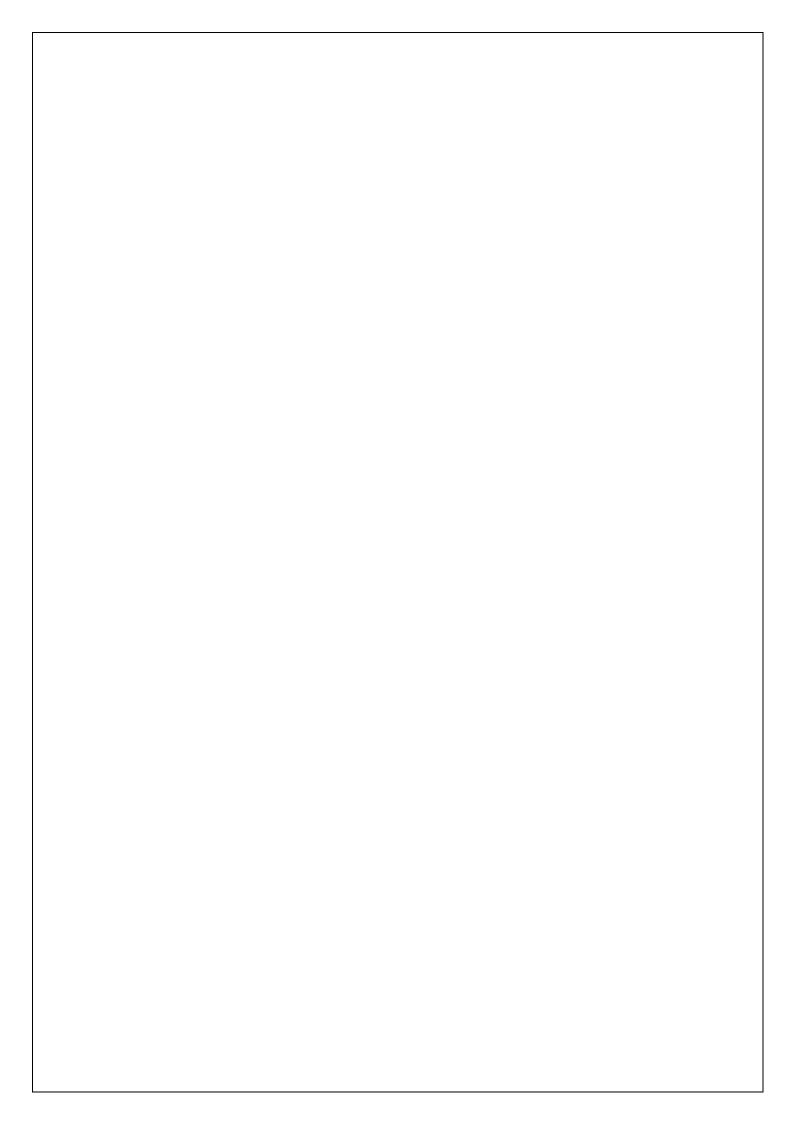

## **Achievements during Internship:**

I have Successfully completed the internship along with practical and theoretical knowledge and the work which was assigned to me during the internship period. I had the opportunity to apply these skills in a project work where I gained practical experience. During the internship, I received positive feedback from my mentor for my dedication.

Name of Company	Track2Training
Name of Company Mentor	Mr. S N Sharma
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	3 months

## Abstract:

During my content writing internship at Track2Training, I gained valuable hands-on experience in technical content writing and SEO Optimization tools & principles. I collaborated with the team to brainstorm ideas and curate information on variety of topics. This internship at Track2Training has strengthened my skills in technical content writing and equipped me with practical knowledge in maintaining excellence in my work.

## **Company Profile:**

Track2Training is an online higher education platform providing rigorous industry-relevant programs designed and delivered in collaboration with world-class faculty and industry. Merging the latest technology, pedagogy, and services, Track2Training is creating an immersive learning experience – anytime and anywhere. Track2training is an NGO working for providing online Training and Skill development to scholars around the world.

Visit them at https://track2training.com/ and https://www.track2training.org/

## **Internship Objective:**

The objective of this internship is to provide me the feel of the actual working environment and to gain practical knowledge and skills, and use of various writing tools and principles, etc.

#### **Roles and responsibilities:**

Content Creation, research and fact checking, SEO Optimization, Social Media Management, Collaboration and Coordination, Editing and proof reading, Adherence to the brands guidelines, monitoring and evaluation and to stay updated.

#### **Skills Technology:**

Blogger, WordPress and various SEO Optimization tools.

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

I had the task of writing at least an article a day. Likewise for three months my task was to write 90 articles in total.

#### Achievement:

I gained the necessary experience that a fresher should have as written and oral English communication. I also received a certificate of experience after successfully fulfilling my given tasks within the deadlines.

Internship Institute	HOD (Electrical)
Mentor	
Dr. Sachin Argade	Dr. S. L. Chavan

Name of Company	WellRange Engineering, Pune
Name of Company Mentor	Mr. Benudhar Dehuri
Name of Institute Mentor	Dr. Sachin Argade
Duration Of Internship	1.5 months

#### Abstract:

During my Quality Assurance internship at Well Range Enterprises, I gained valuable hands-on experience in ensuring product quality and maintaining high standards. I collaborated with the team to develop and implement quality assurance procedures, ensuring adherence to regulatory requirements. This internship at Well Range Enterprises strengthened my skills in quality assurance and equipped me with practical knowledge in maintaining product excellence.

#### **Company Profile:**

Well Range Enterprise's is the manufacturer of special purpose Jobs used in Oil Refinery Assembly and Automobile industry, and also Manufacturing & supplying of Assembly Parts for Valve, Gear, Adaptor, Choke Parts, Piston using CNC & VMC Machines.

#### **Internship Objective:**

The objective of industrial training is to provide me the feel of the actual working environment and to gain practical knowledge and skills, and use of various equipment to checking various types of jobs to ensure quality and accuracy of job.

#### **Roles and responsibilities:**

Developing and implementing standards for inspection. Developing a workflow for product inspection. Developing plans to help a company manage rejection of jobs. Communicating with other team members to solve problems. To define, monitor, and approve upon the processes needed to achieve top production standards To Designing quality standards, inspecting materials, equipment, processes, and products, developing quality control systems, and determining corrective actions.

#### **Skills Technology:**

Advanced knowledge of Quality equipment's and tools, their designs, uses, repair and maintenance. Ability to design and understand precision technical plans, blueprints, drawings and models

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

Quality Assurance of various products, controlling of quality management system. Approval and checking of inspected components as per the drawing and standard and taking approval of quality engineers, perform testing and inspection of components activities on shop floor and inspect inward material as per PO.

#### Achievement:

I gained the necessary experience that a fresher should have, in short the skills I got to work upon are Measuring Instruments, Excel and PowerPoint proficiency, Analysis Skills, Communication Skill, decision making skill, Analytical Drawing and Fixture Development knowledge.

Duration Of Internship	4 months

## Abstract:

Capgemini Pune India: Leading IT consultancy specializing in technology services, consulting, and outsourcing. Offers comprehensive solutions and expertise in various domains. Trusted by global clients for delivering innovative and scalable solutions. Driven by a talented team committed to delivering exceptional results.

## **Company Profile:**

Capgemini India is a leading global provider of consulting, technology, and outsourcing services. It is a subsidiary of Capgemini, a multinational company headquartered in France. Capgemini India offers a wide range of services, including consulting, application development and management, infrastructure services, cloud computing, cybersecurity, and digital transformation solutions.

## **Internship Objective:**

Gain practical experience in developing full-stack applications using Java technologies. Expand skills in areas such as Java, JUnit and Mockito, MongoDB, Git and GitHub, Spring Core, Spring Boot, Spring Rest, Spring Security, Spring Cloud, Html CSS and JavaScript, ES6 and TypeScript, Angular, Rabbit MQ, and database management.

Contribute to real-world projects, collaborate with a skilled team, and enhance understanding of industry best practices.

## **Roles and responsibilities:**

Develop and maintain full-stack applications using Java technologies, ensuring high-quality code and adherence to coding standards. Collaborate with cross-functional teams to analyze requirements, design solutions, and implement features that meet client needs. Participate in code reviews, debugging, and troubleshooting to ensure optimal performance and functionality of applications. **Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** Proficiency in Java programming language and Object-Oriented Programming (OOP) principles. In-depth knowledge of Java technologies, including Spring Framework.

Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries and optimizing performance. Familiarity with front-end technologies like HTML, CSS, JavaScript, and frameworks like Angular. Exposure to Agile development methodologies, including participating in scrum meetings and sprint planning.

#### **Project Completed/Handled during Internship: (as per your projects but compact):**

During my internship at Capgemini, I successfully completed a Shopping Cart System project. This project involved designing and developing a comprehensive system to manage Cart operations, including Products management, order handling, and sales tracking. I implemented the system using Java technologies such as Spring Boot Framework and Microservices, and SQL Server for database management. The project allowed me to apply my skills in full-stack development, database design, and software engineering principles to deliver a functional and efficient solution for Shopping Cart.

#### **Achievements during Internship:**

Successfully delivered the Shopping Cart System project, meeting all project requirements and deadlines. Received positive feedback from the team and stakeholders for my contributions to the development and implementation of the system. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

Name of 2nd Company	M/S SP ENTERPRISES
Name of Company Mentor	Mr. Sachin Patil
Name of Institute Mentor	Mr.Rahul Ankushe
Duration Of Internship	1.5 Months

## Abstract:

This project report documents the experiences and outcomes of an internship conducted under an electrical contractor. The objective of the internship was to gain practical knowledge and skills in the field of electrical contracting while contributing to the projects and operations of the contractor. The report provides an overview of the electrical contractor's background, the duration and schedule of the internship, and the various responsibilities and tasks undertaken during the internship. It highlights the skills and knowledge acquired, the challenges faced and overcome, and the contributions made to the company. The report also emphasizes the importance of collaboration and teamwork in a professional setting. Additionally, it reflects on the lessons learned and the personal and professional growth achieved through the internship. The report concludes with recommendations for the electrical contractor and expresses gratitude to those who provided guidance and support throughout the internship.

## **Company Profile:**

Name: [M/S SP ENTERPRISES] Location: [Kalewadi,Pune] Size: [Number of employees, annual revenue, etc.] Year Established: [2015] Specialization: [ Commercial, Residential Wiring, industrial Wiring, etc.]

## **Internship Objective:**

The objective of providing a company profile is to present a comprehensive overview of the electrical contractor. It serves as a means to communicate the key information about the company's background, services, expertise, projects, and future goals. The company profile aims to:

- 1. Inform: It provides readers with a clear understand
- 2. Showcase Expertise:
- 3. Build Credibility:
- 4. Attract Clients and Partners:
- 5. Highlight Innovation and Sustainability:
- 6. Set Future Direction:

## **Roles and Responsibilities:**

Rules and Responsibilities for an Internship under an Electrical Contractor:

As an intern working under an electrical contractor, it is important to adhere to certain rules and responsibilities to ensure a productive and professional experience. Here are some general guidelines:

1. Punctuality and Attendance:Arrive on time for work and adhere to the agreed-upon schedule.Notify the supervisor in advance if unable to attend work due to illness or other emergencies.

2. Professional Conduct: Maintain a professional demeanor and dress appropriately for the workplace. Demonstrate respect and courtesy towards colleagues, clients, and supervisors.

3. Confidentiality:Respect and maintain the confidentiality of sensitive company information, trade secrets, and client data.Do not disclose any confidential information to unauthorized individuals.

4. Safety and Compliance:Follow all safety protocols and guidelines provided by the electrical contractor.

- Comply with relevant safety regulations and wear appropriate personal protective equipment (PPE) when required.

5. Task Execution:Complete assigned tasks and responsibilities in a timely manner.Seek clarification from supervisors if unsure about any instructions or requirements.

6. Learning and Development:Actively engage in learning opportunities and seek guidance from experienced professionals.Ask questions, take notes, and apply acquired knowledge to enhance skills and understanding.

7. Communication: Maintain open and clear communication with supervisors and team members. Report progress, challenges, and any potential issues promptly to the appropriate personnel.

#### Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

If the electrical contractor utilized BIM processes, you may have worked with BIM software platforms like Autodesk Navisworks or Trimble MEP. These tools enable collaboration, clash detection, and coordination among different trades involved in a construction project.

You may have been involved in analyzing and optimizing electrical systems for energy efficiency. This could include using software like EnergyPlus or IES VE to perform energy modeling, simulation, and analysis to identify opportunities for energy savings and sustainability.

Depending on the projects you worked on, you might have gained knowledge about programmable logic controllers (PLCs), human-machine interfaces (HMIs), and SCADA (Supervisory Control and Data Acquisition) systems. These technologies are crucial for monitoring and controlling electrical processes in various industrial applications.

Throughout the internship, you would have learned and followed safety procedures related to electrical work, including lockout/tagout procedures, arc flash safety, electrical grounding, and personal protective equipment (PPE) requirements.

#### **Project Completed / Handled during Internship:**

I completed project during my internship was

- Industrial Wiring at Cybertake Technology
- Residential Wiring

#### **Achievements during Internship:**

- 1. Project Completion:
- 2. Problem Solving:
- 3. Skills Development:
- 4. Collaboration:
- 5. Safety Compliance:
- 6. Cost Efficiency:
- 7. Innovation:
- 8. Client Satisfaction:
- 9. Leadership:
- 10. Professional Growth:

Internship Institute Mentor Mr.Rahul Ankushe HOD (Electrical) Dr. S. L. Chavan

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary Academic Year: 2022-23

Name of Student: Jadhav Jyoti Balaji (RBTL20EL008) Email ID: jyotijadhav0658@gmail.com Mobile No: 9307215181

Name of Company-1	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	Ms. Amruta Udapurkar
Duration Of Internship	3 Months

## • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

## • Company Profile:

KPIT's engineering services help clients to design, develop, and test complex systems, software, and hardware for the automotive and manufacturing industries. The company has deep expertise in areas such as autonomous vehicles, connected cars, and electric vehicles, and works with clients to develop cutting-edge solutions that meet their unique needs.

## • Internship Objective:

Gain a knowledge about MATLAB software, how it is useful for testing purpose. MATLAB helps to perform mathematical calculation, design, analysis and optimization as well as gives speed, accuracy and precision to results. Learn new modules like VnV(Verification and Validation)

Also to gain some Knowledge about AUTOSAR i.e. Automotive Open System Architecture.

## • Roles and Responsibilities:

Implementation of a SIMULINK model based on given mathematical operation, to test by running the model. We have build many MATLAB model like Pendulum, Spring Mass System and many more, where we learned how we can use different blocks of Simulink to build a model. In VnV, we were assigned to create a Test Harness to test the simulation.

In this GENESIS program we were assigned to complete the assignment and courses in the given duration of time.

## • Skills Technology/Advanced tools /software's/Procedures learnt during Internship:

Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. MATLAB fundamentals
- 4. MATLAB Onramp
- 5. Simulink Onramp
- 6. Simulink Fundamentals
- 7. State flow Onramp
- 8. Control System Design

## • Project Completed / Handled during Internship:

Did projects on Model Building Design of cruise control system and electronic throttle control by using MATLAB tool. Also we have modeled First order differential equation, second order differential equation, state flow problems in MATLAB Simulink.

## • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

## • Next Plan of Action:

As an Model based design intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, Develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

## • Internship Photos:

Name of Company-2	Vaishnavi Electricals Pvt. Ltd.
Name of Company Mentor	Mr. Uday Kulkarni
Name of Institute Mentor	Ms. Amruta Udapurkar
Duration Of Internship	1 Months

#### • Abstract:

The internship report outlines the experience gained while working at a transformer repairing company. The report covers various aspects of the company such as the organizational structure, operations, and maintenance procedures. It also includes a detailed analysis of the various types of transformers, their components and functions, as well as the repair techniques used by the company. Through this internship, the intern gained practical skills in transformer maintenance, troubleshooting, and repair while working with industry experts. The report concludes with recommendations for the company to improve its operations and maintain its competitive edge in the transformer repairing industry.

## • Company Profile:

**VAISHNAVI ELECTRICALS Pvt Ltd** is the leading company for manufacturer, repairer of transformers in Latur. with a total of 15 years of experience in this field. This company is also expert in handling of electrical erection works for co-generation project.

They have plenty of products such as Power Transformer, Distribution Transformer,

Insulators,LV Winding HV Winding etc.

#### • Internship Objective:

The objectives of doing an internship in a transformer repairing company may include:

- Gaining hands-on experience: An important objective of an internship is to gain practical, hands-on experience in the field of transformer repair. This can be achieved by participating in repairing activities, observing technicians, and learning about different types of transformers.
- Understanding the repair process: Another objective could be to understand the entire repair process, from identifying the problem to fixing it. This would involve learning about the various tools, equipment and techniques used in transformer repair.
- Developing technical skills: Interns in a transformer repairing company can develop technical skills such as soldering, testing, troubleshooting, and reading schematics. These skills are essential for anyone who wants to pursue a career in electrical engineering.

#### • Roles and Responsibilities:

As an intern in a transformer repairing company, your role and responsibilities may include:

- Assisting experienced technicians in the repair and maintenance of transformers.
- Learning about the different types of transformers, their components, and how they operate.
- Observing safety protocols and maintaining a safe work environment.
- Helping with routine testing and inspections to ensure that transformers are functioning properly.
- Documenting test results and other data in reports or computer databases.
- Participating in training programs to learn more about the field of transformer repair and gain new skills.

- Skills Technology/Advanced tools /software's/Procedures learnt during Internship: As an intern in a transformer repairing company, you may have learned several procedures related to transformer repair and maintenance. Some of these procedures include:
  - Transformer inspection: You may have learned how to inspect transformers for signs of damage or wear and tear. This could involve visual inspections as well as testing to check for electrical or mechanical issues.
  - Transformer oil analysis: The quality of transformer oil is critical for the proper functioning of a transformer. As an intern, you may have learned how to analyze transformer oil to detect any contaminants or other issues that could impact performance.
  - Transformer repair: You may have assisted with transformer repair activities such as replacing damaged components, rewinding coils, or repairing leaks in the cooling system.

## • Project Completed / Handled during Internship:

- Core Assembly
- Winding Assembly
- Core-winding Assembly
- Tank-up
- Transformer Tank Painting & Finishing

#### • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING (An Autonomous Institute Affiliated to Savitribai Phule Pune University) DEPARTMENT OF ELECTRICAL ENNGINEERING INTERNSHIP SUMMARY (A. Y. 2022-23)

## Name of student: Guru Kamble Mail: <u>gurukamble152802@gmail.com</u> Contact No: +91 8411912360

Name of Company	ENERGYBAE Private Limited
Name of Company Mentor	Akshay Jain
Name of Institute Mentor	R. S. Ankushe
Duration of Internship	6 Months

## Abstract:

The company focuses on providing tailored renewable solutions for all the customer needs. They offer best solutions in Wind, Solar and Hybrid System to achieve the renewable requirements. It works in collaborating with the manufacturers and vendors to get and provide the renewable resources to the needed ones.

## **Company Profile**:

ENERGYBAE Private Limited is a comprehensive end-to-end renewable energy platform providing tailored solutions for all the customer needs. The services are provided with the help of more than 120 vendors and manufacturers associated with the company. The company started by keeping a vision Empower People to Power Themselves using Renewable Energy. They aspire to make a difference to this world using knowledge and experience. Wayumitra is a star product of this company which is a hybrid rooftop turbine product. It is a synergy product of Wind and Solar Energy providing reliable power and maintenance services for renewable energy systems.

## **Internship Objective**:

The objective is to gain actual experience of a startup company working in renewable field of technology. Improve my technical and personal skills and increase my confidence of working in this field. Get to know about the market place where the provider and customer are connected to. Also, work on my personal qualities and skills to improve myself and role a responsibility to contribute to the real world.

## **Roles and Responsibilities:**

The roles and responsibilities that I played was not a single one. I started with getting to know the customer needs. Connecting with the new customers and providing the technical solutions after the whole analysis of their requirement and the site survey. Also, develop a plan that can be provided to the customer by creating the BOQs and Proposals. Sometimes, designed some sketches of the project planned in SketchUp, PV Sketch software.

## Skills/Technology learned:

I worked on problem analysis skill with different kind of situations and necessities and improved by getting the solutions to the situations. Get to know and learn the process of customer need assessment and system design.

Also, I improved myself to operate the following software.

- 1. SketchUp
- 2. PV Sketch

## Achievements:

Successfully completed all the tasks before the deadline. Provide the project proposal data to the customers in every possible way with a detailed plan. Worked on designing software and completed some project designs that are to be provided. Successfully closed the multiple deals of the customers. For the completion of the project, installed solar system, wind turbines, etc and provided products delivery services.

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary A.Y 2022-23 Academic Year: 2022-23

# Name of Student : Omkar Vijay Kurade Email Id : omkarkurade022@gmail.com

Phone No: 9673769619

Name of Company	Cotmac Electronics Pvt Ltd,Pune, India
Name of Company Mentor	Mr.Amol Zagade
Name of Institute Mentor	Mrs.Amruta Udapurkar
Duration Of Internship	4 months

## Abstract:

Cotmac Pune India: An automated system improves the system efficiency, plant monitoring, productivity and operation management of the plant. This paper focuses on various aspects of automation of laboratory based mini-thermal power plant and virtual simulation of same. Automatic plant operation and monitoring is achieved by automatic controllers, indicators placed on the panel displays the status of valves, sensors and actuators used in the automation of the plant.

## **Company Profile:**

Cotmac Electronics Pvt Ltd is one of the leading organizations in the field of Industrial Automation. As Automation Solutions Providers, we have an impressive Track Record in various industries including Power, Auto, Textile and Packaging. Our customers include Market Leaders and we have added value totheir productivity with our proficiency in Factory Automation Solutions as well as Process Automation.

## **Internship Objective:**

However, in India, the overall penetration of automation solutions - the first step towards creating a digital enterprise - is still moderate. Cotmac's solutions for the automotive industry - PLC, SCADA, Robotics, Motion Control, Drives, Vision Systems and Bar Coding - enable customers to embrace the latest technologies. Electrical control panels are a key element of industrial automation. All manufacturing processes and production lines require electrical control panels to protect equipment, increase productivity, reduce down time, and meet safety regulations.

#### **Roles and responsibilities:**

Logic development and Hardware testing,etc. The Experian HMI incorporates features developed from extensive consideration of human factors by the Abnormal Situation Management Consortium. It includes a comprehensive set of built-in system displays and industry leading standard functionality that minimize implementation costs and reduce start up times.

**Skills Technology/ Advanced tools/ software/ Procedures 1 learned during Internship:** Proficiency TIA portal 16 and simatic manager logic development for PLC programming SCADA software or screen developing. Types of pannel manufacturing ,In these project we use Honeywell's software solutions, which includes Experian Process Knowledge System (EPKS). This system uses different types of software application which may need for automation assembly. For the graphic development we use the software called HMI Web Display Builder, then we create logic to run the process according to customer's requirement. For that we use Configuration Studio for highly immersive logic development. We have to check the graphics and the logics perfectly linked together and working properly. To run this type of setup we use Experian's flex station software. There are mainly three software's which are used in entire process.

#### **Project Completed/Handled during Internship:**

Executation of Thermal Power Plant Automation The main objective is to provide idea about working of power plant to project, the benefits of virtual simulation in practical laboratories, to create an understanding about different types of sensors and actuators used in power plant instrumentation and to create a possibility of remote access of plant operation using Supervisory Control and Data Acquisition (SCADA).

#### **Achievements during Internship:**

The most important part of industrial training is the knowledge we get, during this four month training I get the knowledge about the industry. Whenever you're working with any industry it doesn't mean that firm is associated with just one person which is CEO or director of that company it depends upon the different departments and the people who are working under that department it may contains logistic, manufacturing, designing, inventory and many more.

#### **Internship Institute Mentor**

HOD (Electrical)

Mrs. Amurta Udapurkar

Dr. S. L. Chavan

Rajarshi Shahu College of Engineering, Tathawade,

Pune Department of Electrical Engineering

# Academic Year: 2022-23

Name of Student & PRN No.	Nikhil Balasaheb More	RBTL20EL028
Name of Company	TechRel Technologies Pv	t. Ltd.
Name of Institute Mentor & Contact No.	Dr. Sachin Argade	7709234649
Name of Company Mentor, Address & Contact No.	Mr. Shailesh Dale	8208416137
Duration Of Internship	25/01/2023 To 9/06/2023	

# Abstract:

During my final year of B. Tech, I had the opportunity to undergo an internship at a renowned institute specializing in full-stack development. This institute is highly regarded for its practical approach to education and its commitment to preparing students for the ever-evolving field of technology. The institute was founded with the aim of helping students bridge the gap between academic learning and industry requirements.

# **Company Profile:**

" TechRel Technologies Pvt Ltd " is an organization, founded to prepare IT professionals, who lack perception or essential skills, vital to excel in the IT field. The training program is designed to make them adept at facing the challenges of the IT world. It provides a favorable opportunity for fresh IT graduates to maximize their potential and also assists in launching their careers. The course schedule is designed to provide quality and dynamic IT training to young IT minds in an effort to guide them in their nascent careers.

# **Internship Objective:**

Overall, my internship at this institute was a valuable experience. I gained a solid foundation in full-stack development, thanks to their practical teaching methods and industry-oriented approach. I feel confident that the knowledge and skills I acquired during my time there have prepared me well for a successful career in this dynamic field.

# **Roles and Responsibilities:**

The practical sessions of my internship allowed me to work on real-world full-stack development projects, where I gained hands-on experience in building responsive and interactive websites. I learned how to combine HTML, CSS, and JavaScript to create seamless web experiences, and I also gained experience in setting up back-end servers, creating RESTful APIs, and connecting them to the front end. Through practical experience, I developed problem-solving skills and a comprehensive understanding of the full-stack development process.

# Skills Technology / Advanced tools / software / Procedures learnt during Internship:

Full stack development involves building both the front-end and back-end components of a website or web application, and it requires proficiency in multiple technologies and frameworks. During my internship training, I learned about the fundamental aspects of full-stack development, focusing on key components such as front-end development. • Front-end development encompasses creating the user interface and user experience of a website, and I gained knowledge in HTML, CSS, and JavaScript for structuring content, styling, and adding interactivity.

# **Project Completed/Handled during Internship:** (as per your projects but compact):

After Gaining theoretical knowledge, I get opportunity to apply these skills in a real-world scenarioby working on a Dynamic Travel Page. To apply our learning, we were assigned a task to create a static travel page website. This involved utilizing specific HTML tags, including nav, section, div, p, and more. We were also provided with various page templates to work with, allowing us to practice and showcase our skills in designing and structuring a website.

# **Achievements during Internship:**

I gained knowledge in front-end technologies, back-end programming, API development, version control, and the usage of frameworks and libraries. The practical experience I gained during my training equipped me with essential skills for a successful career in full-stack development. I am now well-prepared to handle end-to-end web application development, applying best practices and leveraging my understanding of various technologies and frameworks.

Name of Company	Cad & Cart, Pimpri-Chinchwad, Pune-411018.
Name of Company Mentor	Mr. Mahesh Takey (8208501735)
Name of Institute Mentor	Mr. Sandeep Gaikwad.
Duration Of Internship	5 months.

# Abstract:

Developing a responsive and user-friendly website for a local business that showcases their products and services. This report focuses on the understanding of HTML, CSS, and Django, including the fundamentals, practical implementation. It does not cover advanced topics beyond the level of experience. Also, it has designs for search engines and has a fast-loading speed. The website should be developed using HTML, CSS, and a modern web framework such as Django.

# **Company Profile:**

Cad and Cart is a cloud manufacturing platform that empowers engineers, manufacturing companies, SMEs, and students to connect with vendors effortlessly. Its user-friendly interface, rapid quotation system, and commitment to unbiased sourcing make it an invaluable resource for accelerating the manufacturing process and bringing innovative products to market with greater efficiency.

### **Internship Objective:**

Gain practical experience in web development. Expand skills in areas such as HTML, CSS and Django. A great opportunity to develop professional skills such as communication, teamwork, problem-solving, and time management. The world of web development is constantly evolving, and it's important to keep up with the latest trends and technologies.

### **Skills Technology learning during Internship:**

Proficiency in HTML, CSS, JS And Django. In-depth knowledge of CRUD operations in Django as well as basics of python for applying it in the framework. Experience in working with Git and GitHub for version control and collaborative development. Strong understanding of SQL and database management, including writing complex queries and optimizing performance. Familiarity with front-end technologies like HTML, CSS, JavaScript.

### Task Completed/Handled during Internship:

During my internship at Cad & Cart, I successfully completed a task of creating student login page. This task involved designing and developing a comprehensive login page to store student details. I implemented the system using CRUD operations in Django such creating different views and using it for adding entries of students in it.

### **Achievements during Internship:**

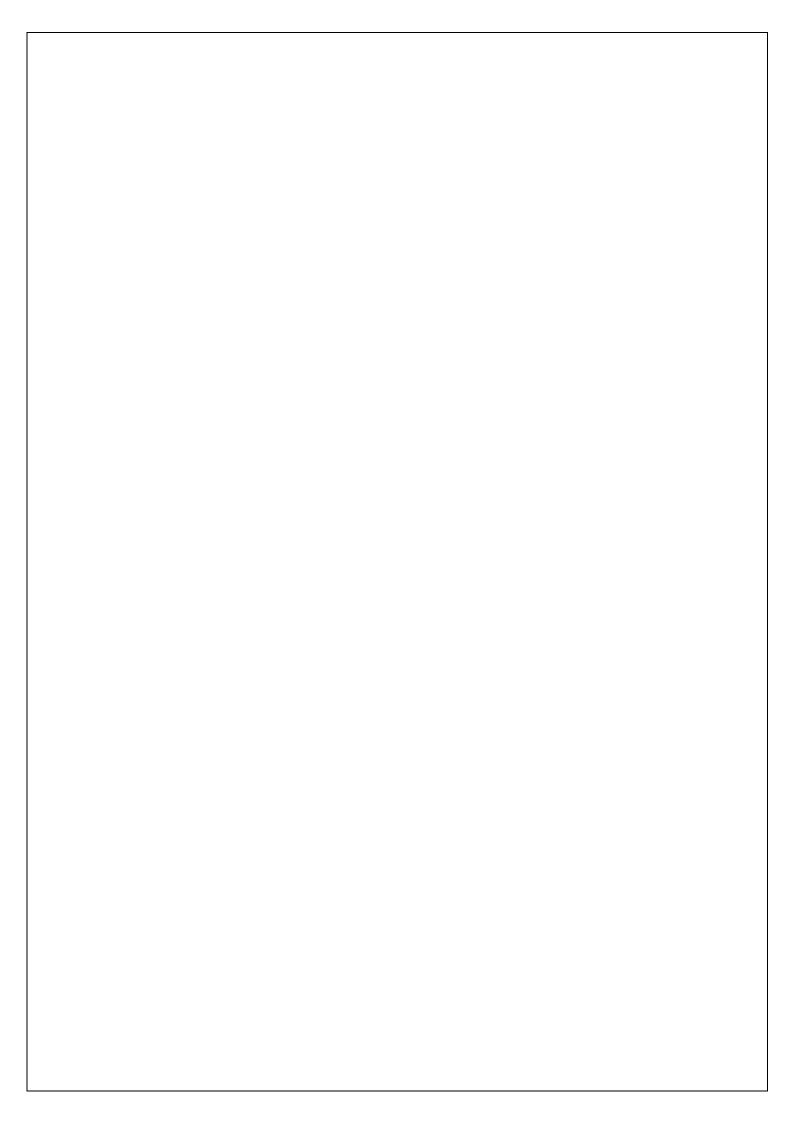

Using the crud operations, I successfully created a Student Details login info in a backend which includes students roll no, name, division & marks with the help of documentation provided. After completing the crud operations & creating student detailed views, proper alimenting and styling should be given to it. So, these view data was collaborated with other intern and then student login page was created in which basic student details like roll no, first name, last name, division, and marks can be submitted.

Name of Company	Expert Design School
Name of Company Mentor	Mr. Vijay Pawar
Name of Institute Mentor	Prof. Rashmi Panherkar
Duration Of Internship	4 months

### Abstract:

Expert Design School is a Pune based best certification courses and career development programme in the field of Automobile Product Design & Analysis training services. Expert assists Companies with tending to their Training needs in CAD and CAE domain. We Groom the Fresher Engineers and the person who needs to exceed expectations their career in Product Design in all perspectives.

# **Company Profile:**

Expert have faith in constant improvement and development in our insight, frameworks, and condition in which we work. We are the best having international quality CAD/CAE preparing Academy in Pune.

Expert Design School is the implementing partner for the training program of Savitribai Phule Pune University. Expert Design School has a memorandum of understanding with the Savitribai Phule Pune University to implement their courses in CAD & CAE.

# **Internship Objective:**

gain hands-on experience in automotive design, specifically in wire harness development, using Creo software. I aim to apply my theoretical knowledge, learn industry best practices, and contribute to the development of innovative and efficient automotive electrical systems.

### **Roles and responsibilities:**

As a student in automotive design, wire harness, and Creo software classes, my roles and responsibilities include actively participating in lectures, engaging in hands-on design projects, seeking clarification when needed, collaborating with classmates, and demonstrating proficiency in utilizing Creo software to create accurate and efficient automotive designs.

### Skills Technology/ software/ Procedures I learned during Internship:

In automotive design, wire harness, and Creo software, I have learned several key concepts and skills. I have gained knowledge in creating 3D models of automotive components, understanding the principles of wire harness design and routing, and implementing industry standards and regulations. I have also acquired proficiency in using Creo software for modelling, assembly, and simulation, enabling me to optimize designs for performance and manufacturability. Additionally, I have developed an understanding of electrical systems in vehicles, including wire sizing, connector selection, and routing considerations. Overall, my learning in these areas has equipped me with the necessary skills to contribute effectively to automotive design projects.

### Project Completed/Handled during Internship: (as per your projects but compact) :

I worked on several projects that enhanced my skills and knowledge in the field. I participated in the design of automotive components, creating 3D models and optimizing them for manufacturing. I collaborated with classmates on group projects, fostering teamwork and communication skills. Additionally, I gained experience in applying industry standards and regulations to ensure compliance and safety in automotive designs. Through these projects, I developed a comprehensive understanding of the automotive design process and gained practical skills that will benefit me in future endeavour in the automotive industry.

#### **Achievements during Internship:**

During my classes in automotive design, wire harness, and Creo software, I have achieved several significant milestones. I successfully completed complex design projects, creating 3D models of automotive components with precise dimensions and specifications. I demonstrated proficiency in wire harness design, routing, and integration, ensuring efficient and reliable electrical systems. Additionally, I excelled in utilizing Creo software, effectively employing its features for modelling, assembly, and simulation. My achievements include receiving positive feedback from instructors and peers, delivering high-quality design solutions, and applying industry best practices. These accomplishments have enhanced my skills and prepared me for real-world challenges in automotive design.

Name of Company	E-Transit System	
Name of Institute Mentor & Contact No.	Mr. Sandeep Gaikwad Sir	8390317357
Name of Company Mentor, Address & Contact No.	Mr. Laxman Bagal sir	8788791206
Duration Of Internship	6 Months	

# Abstract:

When electrified transit systems make grid aware choices, improved social welfare is achieved by reducing grid stress, reducing system loss, and minimizing power quality issues. Electrifying transit fleet has numerous challenges like non availability of buses during charging, varying charging costs and so on, that are related the electric grid behavior. However, transit systems do not have access to the information about the co-evolution of the grid's power flow and therefore cannot account for the power grid's needs in its day-to-day operation. In this paper we propose a framework of transportation-grid co-simulation, analyzing the spatio-temporal interaction between the transit operations with electric buses and the power distribution grid.

# **Company Profile:**

E Transit Systems provides an all-inclusive solution for all energy services-related needs. Energy Audit Services, Electrical Services, Electrical Contracting Services, Power Electronic Services, and a variety of Special Services are just a few of the areas where we excel. E Transit Systems has set a goal to find areas of the greatest advantage to the user industry, as well as to successfully implement created solutions. ETS takes a holistic approach to "Energy Management" and creates tailored solutions according to the needs of the customer.

# **Internship Objective:**

Report Preparation as given Standard Set by Company required to do Project Given by company. Getting all sorts of project relate information from Energy Engineers and Service Engineer to compete the given task. Our Project Titled is "Energy Saving and Conservation act Solids High tech" Is about the heating and cooling to electronics and appliances, it takes a lot of energy to power our daily lives. despite that our homes are larger and contain more devices.in that specializes in Energy Audit, Implementing various Energy Conservation Techniques, Power Quality Studies, and Electrical Safety Audits for industries. My major duties will include Report Preparation as per given standards set by Company, reporting to given manager, getting all sorts of project relate information from Energy engineers and service engineer to compete the given task. And collecting data about company and their turnover about that and make a report for that company.

# **Roles and responsibilies:**

The E-Transit Systems provides an all-inclusive solution for all energy services-related needs. Energy Audit Services, Electrical Services, Electrical Contracting Services, Power Electronic Services, and a variety of Special Services are just a few of the areas where we excel. E Transit Systems has set a goal to find areas of the greatest advantage to the user industry, as well as to successfully implement created solutions. ETS takes a holistic approach to "Energy Management" and creates tailored solutions according to the needs of the customer. They make Apfc Panels for Stone Crusher Machine and Rmc Machine. I Learn that how to calculates the load by electrical bills and some additional data about that company I learn more from E-transit company. they give me lot of knowledge about their works. And how to works on sites they guide me step by step at my positions. They give me information about which components are they use in their company and given practical knowledge how others companies are works. They give me information about power analysers and Infrared Thermometer and Lux meter. And they said how these components are used in industry

# **Skills Technology / Advanced tools / softwares / Procedures learnt during Internship:**

Technical or hard skills help electricians perform their job-specific tasks. Candidates typically develop these skills through vocational education or apprenticeships. Electricians often use technical skills to install, repair and maintain electrical infrastructure components. They also benefit from experience with hand tools and powered equipment. Successful electricians also follow safety standards and procedural requirements in all their projects. good problem-solving skills.

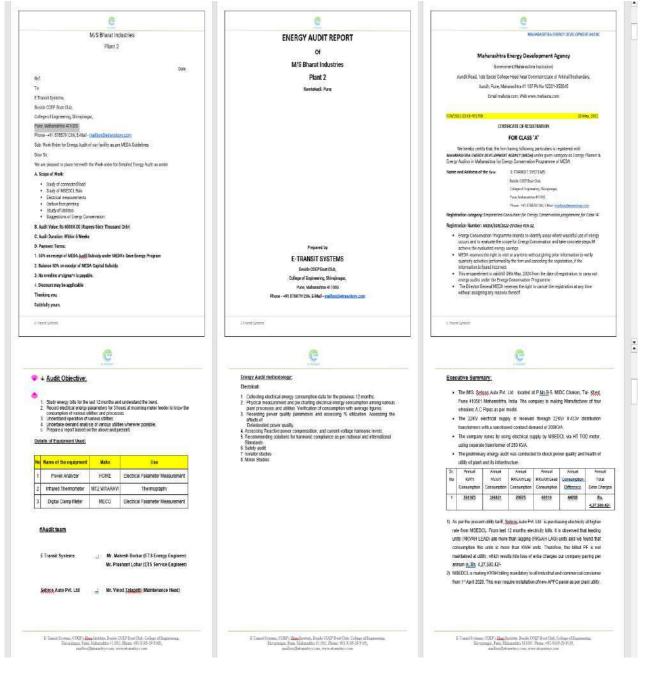

# **Project Completed/Handled during Internship:**

I have learnt about report Preparation as given Standard Set by Company required to do Project Given by company. Getting all sorts of project relate information from Energy Engineers and Service Engineer to compete the given task. Our Project Titled is "Energy Saving and Conservation act Solids High tech" Is about the heating and cooling to electronics and appliances, it takes a lot of energy to power our daily lives. despite that our homes are larger and contain more devices.in that specializes in Energy Audit, Implementing various Energy Conservation Techniques, Power Quality Studies, and Electrical Safety Audits for industries. My major duties will include Report Preparation as per given standards set by Company, reporting to given manager, getting all sorts of project relate information from Energy engineers and service engineer to compete the given task.

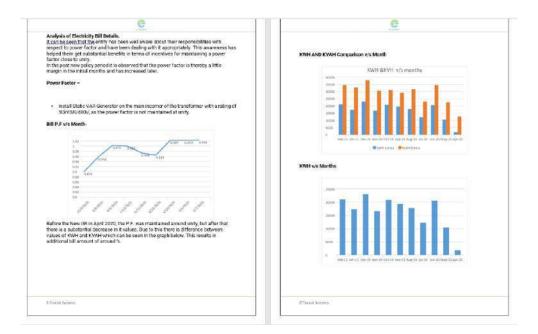

# **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the core field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding. And give me Some Knowledge about Stone crusher machine And Apfc Panel and their Components.

# Department of Electrical Engineering Internship Summary A.Y 2022-23

Academic Year: 2022-23

Name of Student: Pravinkumar Prabhusingh Thakur Email Id: <u>pravinkumarthakur@gmail.com</u>

Phone No: 9270831111

Name of Company	Eletransco EPC solutions (OPC) Pvt Ltd.
Name of Company Mentor	Mr. Nitin Palande
Name of Institute Mentor	Prof. Rashmi Panherkar
Duration Of Internship	1 months

### Abstract:

Eletransco is growing as one of the leading organization in electrical, solar and IT field. Eletransco offers a comprehensive range of Services to Solar, Electrical and IT Industries. As an EPC contractor specialising in the design and execution of power plants, Eletransco specially emphasis on the "on-time and on-budget" construction and delivery of Project, optimised to deliver superior output.

# **Company Profile:**

Established in the year 2018, Our mission is to provide industry-leading technical training and expertise in renewable and non-renewable energy to empower people, communities, and businesses worldwide. Eletransco has a significant presence in the field of transmission and distribution of electrical energy. It offers a complete range of service on procurement, execution, testing & commissioning of electrical overhead / underground system.

# **Internship Objective:**

In This internship include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge learned in class. Apply Basic design Principles to Present Ideas, information, Products

### **Roles and responsibilities:**

Assisting in the design and installation of solar energy systems Conducting research on solar technologies and their applications. Supporting the team in data analysis and project management Participating in site visits and inspections. Collaborating with colleagues to ensure smooth project execution.

### Skills Technology/ software/ Procedures I learned during Internship:

I have learned valuable skills and knowledge. I gained expertise in solar energy system design and installation, including site assessment, equipment selection, and system optimization. I also acquired proficiency in using PVsyst software, which allowed me to analyse solar system performance, simulate energy production, and evaluate financial metrics. Additionally, I learned about solar panel technologies, grid integration, regulatory compliance, and project management. Overall, my internship provided me with a comprehensive understanding of the solar industry, hands-on experience in solar system design, and the ability to effectively utilize PVsyst software for accurate system analysis and optimization.

### Project Completed/Handled during Internship: (as per your projects but compact) :

I had the opportunity to handle various projects related to solar system design and installation. I actively participated in site visits and assessments, assisting in evaluating the feasibility of solar installations. I contributed to the design process by creating system layouts and conducting shading analysis. Additionally, I assisted in the installation process, working alongside the team to mount solar panels, connect electrical components, and ensure proper system functionality. These hands-on experiences provided me with valuable insights into the practical aspects of solar projects and enhanced my understanding of the industry.

### **Achievements during Internship:**

I achieved notable accomplishments. I actively participated in solar system design and installation projects, assisting in the successful completion of multiple installations. I conducted comprehensive data analysis using PVsyst software, providing valuable insights into system performance and energy production. Additionally, I collaborated effectively with the team, contributing to site visits, inspections, and project documentation. I received positive feedback for my attention to detail, adaptability, and strong work ethic. Overall, my achievements during the internship demonstrate my ability to apply theoretical knowledge, contribute to real-world projects, and deliver results in the solar industry

# Internship Summary A.Y 2022-23 Academic Year: 2022-23

# Name of Student: Rajratna Kunal Wasnik Email Id: wasnikrajratna30@gmail.com Phone No: 7879398966

Name of Student	Rajratna Kunal Wasnik	
Name of Company	Q-SPIDER, Pune	
Name of Institute Mentor & Contact No.	Mr. Sandeep Gaikwad	8390317357
Name of Company Mentor, Address & Contact No.	Mr. Dhananjay Tayade, pune	8951922961
Duration Of Internship	6 Months	

# **Abstract:**

This report is a comprehensive account of my internship experience at Q-spider as a Java developer. The internship took place offline, starting on January 15th, 2023 and lasted for 18 weeks, during which I worked for 6 hours per day. This opportunity was provided by the Department of Electrical Engineering at JSPM's Rajarshi Shahu College of Engineering in Tathawade, Pune 33, where I am currently studying

# **Company Profile:**

In today's competitive job market, internships have become an integral part of the learning journey for students and aspiring professionals. An internship serves as a bridge between academic studies and practical application, offering a unique opportunity to gain valuable industry experience and enhance one's skillset.

# **Internship Objective:**

The internship emphasized gaining expertise in a variety of. Java development technologies and frameworks, including Core java, SQL Server, Web API, , HTML, CSS, and TypeScript, as well as becoming familiar with contemporary technologies used in industry through the L-Shift Programmer.

### **Roles and responsibilies:**

The intern's daily obligations were laid out in a structured schedule created by their industry mentors during the internship. Different themes were assigned to us, and we were given deadlines for reading and understanding the material. We carefully followed the timetable to make sure we finished the required reading in the allotted time. An exam was given to gauge our knowledge and competence after we finished each lesson. This methodical approach helped us monitor our development and pinpoint areas that needed more focus, which aided in our overall learning and growth during the internship.

# Skills Technology / Advanced tools / software's / Procedures learnt during Internship:

We were able to acquire database design, querying, and data manipulation techniques during our internship at Q-spider because to the practical experience we gained using Core java and SQL Server, a relational database management system. The experience of the internship was heavily reliant on the web application. Working with the Web API was another opportunity presented by the internship. Additionally, we developed expertise in front-end development tools including, HTML, CSS, and TypeScript.

### **Project Completed/Handled during Internship:**

I worked on developing a Flipchart clone using Angular, Web API, and SQL Server during my internship. This project was mainly aimed at creating a simple and efficient shopping experience for customers while giving merchants the opportunity to offer their products on an online marketplace. In order to ensure the secure transactions, users have been required to log in and make purchases. In addition to improving sales and customer satisfaction, the developed system has also had a positive effect on both retailers and customers.

### **Achievements during Internship:**

During my internship, I acquired a significant comprehension of the industry's functioning and was exposed to diverse advanced technologies that are currently in use in the IT field. This chance proved to be an exceptional means for me to enhance my skills. Furthermore, I collaborated with my colleagues on a case study project, which further augmented my expertise and understanding.

Name of Company	<ol> <li>Tata Motors Passenger Vehicle Limited, Pune</li> <li>ENERGYBAE Private Limited, Pune</li> </ol>
Name of Company Mentor	<ol> <li>Mr. Venkatesh Kulkarni (Tata Motors Passenger Vehicle Limited)</li> <li>Mr. Akshay Jain (ENERGYBAE Private Limited, Pune)</li> </ol>
Name of Institute Mentor	Mr. Sandeep Gaikwad
Duration Of Internship	4.5 months

# Abstract:

- 1. TATA Motors under the guidance of mentors on Production, Maintenance & Quality improvement of D-Ring BIW of TATA Punch Car. To increase the D-Ring production by decreasing the cycle time perjob without compromising quality or safety of the product or manpower with available resources till existing D-Ring was expanded; as the automated cycle time for welding was reduced by adding more robots.
- 2. EnergyBae The customer need assessment and handling from lead to the closing of the deal is a process in which various techniques and solutions are used for problem and data analysis. The design incorporates factors such as panel tilt, orientation, shading analysis, and positioning to maximize energy collection according to customer requirement.

# **Company Profile:**

- 1. Tata Motors Passenger Vehicle Limited Tata Motors Limited (Previously Known as Tata Engineering and Locomotive Company, TELCO) is India's largest Automobile Company, Tata Motors is the leader in Commercial vehicles in each segment and the second largest in the products in the compact, midsize car, and utility vehicle segments. The company is the world's fifth largest medium and heavy commercial vehicle manufacturer and has the world's second-largest medium and heavy passenger vehicles market with winning bus manufacturers.
- 2. EnergyBae EnergyBae is a comprehensive end-to-end renewable energy platform providing tailored solutions for all the customer needs. The services are provided with the help of more than 120 vendors and manufacturers associated with the company. The company started with a Wind turbine and Hydrogen Engine manufacturing company in 2017 by Mr Akshay Jain & Mr Pranay Khobragade, The company aspire to make a difference to this world using the knowledge and experience.

### **Internship Objective:**

- 1. Tata Motors- Production, Maintenance & Quality improvement of D-Ring BIW. Data Analysis were made and inspection of manpower efficiency was done. For this, D-Ring Station and Operator works were closely monitored, so that the slightestchange, which can lead to decrease in cycle time can be implemented. An opportunity to get familiarised with various machinery, materials, inspection procedure, documentation and also an insight of the worker psychology, their habits and attitude.
- 2. EnergyBae- was one of my best experiences of the industry and market. I got to learn various things related to the market, customers and renewable projects and its process of completion. The design incorporates factors such as panel tilt, orientation, shading analysis, and positioning to maximize energy collection. get knowledge of designing according to customer requirement. It also shows the status of the projects and all the interactions done between the customer and employee of the company.

### **Roles and responsibilities:**

- 1. **Tata Motors** To increase the D-Ring production by decreasing the cycle time perjob without compromising quality or safety of the product or manpower with available resources till existing D-Ring was expanded; as the automated cycle time for welding.
- 2. EnergyBae- The design incorporates factors such as panel tilt, orientation, shading analysis, and positioning to maximize energy collection.

### Skills Technology/ Advanced tools/ software/ Procedures I learned during Internship:

- **1.** Tata Motors- Able to visualize the work situation in a better way, worker psychology, their habits and attitude. Also, interaction with various departments and understand cycle of manufacturing cars.
- 2. EnergyBae- Solar panel structure design in SketchUp offers a cost-effective and environmentally friendly approach to solar energy generation.

### **Project Completed/Handled during Internship: (as per your projects but compact):**

- 1. Tata Motors- The aim of the firts Project was to increase the D-Ring production by decreasing the cycle time per job without compromising quality or safety of the product or manpower with available resources till existing D-Ring was expanded. In this project rigorous Data Analysis were made and Inspection of manpower efficiency was done. Second project was to analyse tips change method to increase production and to reduce cost. Third project was to do 5s audit and prepare check list.
- 2. EnergyBae- Tasks was to design incorporates factors such as panel tilt, orientation, shading analysis, and positioning to maximize energy collection, the solar panel structure design in SketchUp software according to customer requirement.

#### **Achievements during Internship:**

Solutions were provided and various corrective actions were made like changing the loading sequence, welding sequence etc to increase the efficiency and thus reducing the cycle time, and also reduced cost and increased production by analysing tip change method. Understand the designing and installation of solar panels. Demonstrated strong problem-solving skills and the ability to work effectively in a team environment, contributing to the overall success of the project.

# Internship Company Mentor

- 1. Mr. Venkatesh Kulkarni (Tata Motors Passanger Vehicles Limited, Pune)
- 2. Mr. Akshay Jain (EnergyBae, Pune)

Internship Institute Mentor Mr. Sandeep Gaikwad HOD (Electrical)

Dr. S. L. Chavan

JSPM's RAJARSHI SHAHU COLLEGE OF ENGINEERING, TATHAWADE, PUNE-411033 (An Autonomous Institute Affiliated to Savitribai Phule Pune University, Pune) Department of Electrical Engineering Internship Summary Academic Year: 2022-23

Name of Student: Suyog Chandrakant Kadnor (RBT19EL038) Email ID: kadnorsuyog69@gmail.com Mobile No: +91 8698276991

Name of Company	KPIT Technologies Limited
Name of Company Mentor	Mrs. Nidhi Chaudhari
Name of Institute Mentor	MR. Sandeep Gaikwad
Duration Of Internship	6 Months (still going on)

# • Abstract:

KPIT Technologies is a global technology company that provides digital transformation solutions to businesses across various industries. The company was founded in 1990 and is headquartered in Pune, India, with a presence in North America, Europe, and Asia-Pacific regions.

# • Company Profile:

KPIT offers a range of services, including product engineering, digital and enterprise solutions, IT consulting, and engineering services. Its clients span across the automotive and transportation, energy and utilities, and industrial and manufacturing sectors, among others.

# • Internship Objective:

The embedded systems internship program at KPIT is designed to provide students and recent graduates with practical experience in the field of embedded systems, working alongside a team of experienced professionals.

# • Roles and Responsibilities:

The embedded systems intern has been exposed to various aspects of embedded systems development, including hardware design, firmware development, and testing. Successfully completing the onboarding process and familiarizing themselves with the organization's development tools, processes, and methodologies.

Learnt concepts on AGILE AND SCRUM, Embedded System, Embedded C and C programming. CPU Architecture, Embedded Systems Design Cycle, Processors and Microcontrollers, GPIO Programming, Timers, Verification / Validation and Code Quality. Courses completed in training are as follows:

- 1. Agile and Scrum
- 2. Embedded Systems
- 3. C Programming Language
- 4. Embedded C
- 5. AUTOSAR
- 6. "Let Us C" Book
- 7. "The C Programming Language" Book
- 8. Virtual Lab Training on STM32H7A3

# • Project Completed / Handled during Internship:

Did projects on C programming and interfacing of microcontrollers like LPC2148 and STM32 using Virtual lab. Also done the different projects on STM32H7A3 on GPIO, UART, TIMER, ADC, DAC, etc.

# • Achievements during Internship:

In this whole Internship Program, I Learnt How industry Works. I got Knowledge of Various types of automotive software's as well as Business Process. This internship is very UPSKILLING Program for me.

# • Next Plan of Action:

As an embedded systems intern at KPIT, your next plan of action may depend on your specific role and responsibilities within the company. However, here are some general steps you can take to make the most of your internship: Familiarize yourself with the company and its products, Understand the project goals, develop a plan, Work on your technical skills, Communicate effectively, Network with colleagues.

# 

# **Abstract:**

Qspider is an institute that offers comprehensive training in software developer and quality assurance. Their classes cover various aspects of testing methodologies, tools, and techniques, equipping students with the necessary skills to excel in the field. Through hands-on practical sessions and industry-relevant projects, Qspider focuses on imparting practical knowledge to help students become proficient software testers. With experienced faculty and a structured curriculum, Ospider provides a conducive learning environment for individuals seeking a career in software testing

# **Company Profile: (2-3 lines)**

Ospiders Classes is a renowned software developer institute with multiple branches across India. They offer comprehensive training programs in various software technologies like Java, Python, Web Development, and Software Testing. The institute focuses on providing hands-on practical training, industry-relevant curriculum, and placement assistance to help students build a successful career in the IT industry. Qspiders Classes has a team of experienced trainers and a track record of producing skilled professionals.

### **Internship Objective:** (2-3 lines)

In this internship, I gained theoretical as well as practical knowledge in developing full stack applications. This includes learning front-end frameworks, back-end development. The internship aims to provide hands-on exposure to real-world projects.

### **Roles and Responsibilities :**(5 lines)

As an intern at Ospider, a Java full stack internship role, I am working with a my mentor and gaining hands-on experience in developing and maintaining web applications. Responsibilities may include front-end development using Core Java, HTML, CSS, and JavaScript. My responsibility at Qspiders included creating a front and validation of a various fields. But I also did Some functions of backend. I learned a lot about how to communicate with people in the community who are very different from me.

### Skills Technology / Advanced tools / Softwares / Procedures learnt during Internship :( 6 lines)

I have learned software development methodologies, I have gained knowledge of web development technologies such as Core Java, HTML, CSS, JavaScript and working with databases, including SQL (Structured Query Language) for querying and manipulating data. Strong skills utilizing various software like Server, eclipse Kepler (platform) and different libraries and required for supporting the codes. Excellent coding skills and quick understanding of requirements.

### Project Completed/Handled during Intership: (as per your projects but compact)

I have successfully completed two projects using HTML: a Google home page and a cricket team template. These projects showcase my proficiency in HTML and my ability to create visually appealing and functional web pages. the cricket team template demonstrates my skills in creating a structured layout for displaying team information. Through these projects, I have gained valuable hands-on experience in HTML development and enhanced my understanding of web design principles.

### Achievements during Internship: (2-3 lines)

In this whole internship program, I learnt the culture of IT industry. I got knowledge of software development technologies, Planning and Preparing skills. Strong organizational and time management skills.

#### Letter of Intent ("LOI")

December 18, 2022

Dear Vaishnavi Rajkumar Kharade,

We are pleased to inform that your candidature has been shortlisted for the position of **Analyst/A4** with **Capgemini Technology Services India Limited** (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in **Annexure 1** to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the **Annexure-2**. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification:</u> Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: -
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment process.
  - 3. The business and skill requirement of the Company.
  - 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

**Note 1:** Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the requirement of project/assignment/client (including night shifts).

**Note 2:** After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
  - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
  - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
  - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
  - 6. Any act or omission which is in violation of any Company policy.
- H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written consent.
- I You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact <u>fresherhiring.in@capgemini.com</u>, please ensure you mention your name, registered email id, superset id and details of the query.

#### Internship Completion Certificate

#### Date: June 23, 2023

This is to certify that Yashodhan Thombre has successfully completed the internship program at Mctroville Realtors. The internship was carried out from January 23, 2023 to June 23,2023 under the supervision of Mr. Sanket Londhe.

During the internship period, Yashodhan demonstrated a strong commitment to learning and exhibited excellent performance in various aspects of real estate operations. They actively participated in tasks such as property research, client communication, market analysis, and administrative duties. Their dedication and professionalism contributed significantly to the success of our team.

We commend Yashodhan's enthusiasm, adaptability, and eagerness to acquire new skills in the real estate industry. They displayed a strong work ethic, effectively collaborated with colleagues, and consistently met project deadlines. Their ability to handle challenging situations and attention to detail were particularly noteworthy.

By completing this internship, Yashodhan has gained valuable practical experience in the real estate field, which will undoubtedly benefit their future career endeavors. We believe that their knowledge and skills acquired during their time with us will serve as a solid foundation for their professional growth.

We extend our sincere appreciation to Yashodhan for their exceptional contributions during the internship period. The Metroville Realtors team wishes them continued success in their future endeavors.

In appreciation of your successful completion of the internship in **Research and Development** at InThink Technologies. This Internship was conducted between 01/ 01 /2023 to 01/ 06 /2023

## CognaTech

To:

Aditi Chavan

aditichavan918@gmail.com Vishal Nagar, Pimple Nilakh, Pune -411027

#### Dear Aditi,

Congratulations on being selected to be a part of CognaTech Family!! We are pleased to offer you an internship position as Full Stack Development Intern. You shall be working in our full stack development team. Your reporting authority shall be intimated to you at the time of joining.

Your scheduled date of internship with us will be from 02-Jan-2023. If you accept this offer, you will begin your internship with the Company. As an intern, you will receive "temporary employment" status. As a temporary employee, you will not receive any of the employee benefits that regular Company employees receive.

By accepting this offer, you agree that throughout your internship, you will observe all policies and practices governing the conduct of our business and employees, including our policies prohibiting discrimination and harassment. This letter sets forth the complete offer we are extending to you and supersedes and replaces any prior inconsistent statements or discussions. It may be changed only by a subsequent written agreement.

This letter constitutes the complete understanding between you and the company regarding your internship and supersedes all prior discussions or agreements. This letter may only be modified by a written agreement signed by both of us.

Kindly respond to this letter as your acceptance of terms mentioned in this letter. If you have any queries, please feel free to get in touch with us.

#### Dear Prathmesh,

Congratulations on being selected to be a part of CognaTech Family !! We are pleased to offer you an internship position as Java Development Intern. You shall be working in our backend development team. Your reporting authority shall be intimated to you at the time of joining.

Your scheduled date of internship with us will be from 16-Jan-2023. If you accept this offer, you will begin your internship with the Company. As an intern, you will receive "temporary employment" status. As a temporary employee, you will not receive any of the employee benefits that regular Company employees receive.

By accepting this offer, you agree that throughout your internship, you will observe all policies and practices governing the conduct of our business and employees, including our policies prohibiting discrimination and harassment. This letter sets forth the complete offer we are extending to you and supersedes and replaces any prior inconsistent statements or discussions. It may be changed only by a subsequent written agreement.

This letter constitutes the complete understanding between you and the company regarding your internship and supersedes all prior discussions or agreements. This letter may only be modified by a written agreement signed by both of us.

Kindly respond to this letter as your acceptance of terms mentioned in this letter. If you have any queries, please feel free to get in touch with us.

Candidate ID: 24887603

Kaumodaki Koul B.E. Information Technology Rajarshi Shahu College of Engineering, Tathawade

#### Dear Kaumodaki Koul,

Further to our Letter of Intent for the position of Programmer Analyst Trainee / Programmer Analyst aligned to the hiring category and in response to your subsequent confirmation for Internship Program with us, we are pleased to offer you an internship on premises with us for a period of 3 to 6 months. Your internship on-boarding will be scheduled based on your availability factoring your college exam schedule and our business requirements.

During this period, you will be provided with a stipend of INR 12,000 per month equated to the planned duration of the Internship curriculum and will be paid only subject to successful completion of milestones as defined in the curriculum prior to the monthly stipend processing window for a given month based on your performance and attendance.

Though Cognizant Internship is a pre-requisite skill and capability development program, it does not guarantee employment and there is no employer – employee relationship during the course of this internship program. However, the successful completion of internship will form a critical part of your eligibility for employment with Cognizant if an opportunity arises in future.

You will be provided a learning curriculum as per the skill track assigned to you. The learning design would expect you to drive your learning through hands on exercise and project work. There will also be series of webinars, guizzes. SME interactions mentor connects, code challenges, assessments etc. to accelerate your learning. The outcome during internship would be monitored through formal evaluations.

Prior to joining on the rolls of Cognizant, you must have successfully completed the prescribed Internship program. Upon successful completion of internship, you will be part of the batch available for on-boarding as a full-time employee with Cognizant between July 2023 to August 2024. In the event of unsatisfactory performance during the Internship or non-completion of the Internship, no Internship Completion Certificate shall be issued by Cognizant. Cognizant reserves rights at its sole discretion to revoke its Letter of Intern

#### Section A: Terms and Conditions:

1. The Internship timings would be for 10 hours per day from Monday through Friday aligned to the working timings followed in Cognizant which based on the need could also be operated on a shift model. Attendance is mandatory on all the days to stay active in the Internship Program. The Intern Offer would be cancelled if the mandatory requirement of minimum 85% attendance at office is not met in a month.

2 Interns are covered under Cognizant's calendar holidays of the respective location of internship, and you would need to adhere with minimum attendance requirements. Prior approvals are must towards any unavoidable leave or break requests during the program and internship would be cancelled if leaves are availed without prior approvals.

3. You would be required to ensure timely completion and submission of assignments, project work and preparation required prior to the sessions failing which your internship would be cancelled.

#### Dear KAUMODAKI.

Congratulations on being selected to be a part of CognaTech Family!! We are pleased to offer you an internship position as Java Development Intern. You shall be working in our backend development team. Your reporting authority shall be intimated to you at the time of joining.

Your scheduled date of internship with us will be from 17-Jan-2023. If you accept this offer, you will begin your internship with the Company. As an intern, you will receive "temporary employment" status. As a temporary employee, you will not receive any of the employee benefits that regular Company employees receive.

By accepting this offer, you agree that throughout your internship, you will observe all policies and practices governing the conduct of our business and employees, including our policies prohibiting discrimination and harassment. This letter sets forth the complete offer we are extending to you and supersedes and replaces any prior inconsistent statements or discussions. It may be changed only by a subsequent written agreement.

This letter constitutes the complete understanding between you and the company regarding your internship and supersedes all prior discussions or agreements. This letter may only be modified by a written agreement signed by both of us.

Kindly respond to this letter as your acceptance of terms mentioned in this letter. If you have any queries, please feel free to get in touch with us.

## Sub: Informing about the company name change and NDA policy.

Dear Sir/Mam,

I am writing to inform you that our company name has been changed from CollegeRanker Ent. to TwiLearn EduTech Pvt. Ltd. This change has been made in order to better reflect our evolving business goals and objectives.

Additionally, I wanted to let you know that we have recently hired a new intern, **Pranav Deshmukh**, to join our team. As part of the hiring process, we have had Pranav sign a non-disclosure agreement (NDA) in order to protect our company's confidential information.

We believe that Pranav will be a valuable asset to our team and are confident that they will uphold the terms of the NDA. We would appreciate it if you to respect the confidential nature of our business information and to not share any sensitive details with outside parties.

#### Sincerely,

Archana S

10-Jan-2023

Candidate ID: 24161268

Akshay Sanjay Chaudhari B.E. Information Technology Rajarshi Shahu College of Engineering, Tathawade

#### Dear Akshay Sanjay Chaudhari,

Further to our Letter of Intent / Offer for the position of Programmer Analyst Trainee / Programmer Analyst aligned to the hiring category and in response to your subsequent confirmation for Internship Program with us, we are pleased to offer you an Internship on premises with us for a period of 3 to 6 months. Your Internship onboarding will be scheduled based on your availability factoring your college exam schedule and our business requirements.

During this period, you will be provided with a stipend of INR 12,000 per month equated to the planned duration of the Internship curriculum and will be paid only subject to successful completion of milestones as defined in the curriculum prior to the monthly stipend processing window for a given month based on your performance and attendance.

Though Cognizant Internship is a pre-requisite skill and capability development program, it does not guarantee employment and there is no employer – employee relationship during the course of this internship program. However, the successful completion of internship will form a critical part of your eligibility for employment with Cognizant if an opportunity arises in future.

You will undergo a learning curriculum as per the learning track assigned to you. The learning path will include in-depth sessions, hands on exercise and project work. There will also be series of webinars, quizzes, SME interactions, mentor connects, code challenges, assessments etc. to accelerate your learning. The outcome during Internship would be monitored through formal evaluations.

Prior to joining on the rolls of Cognizant, you must have successfully completed the prescribed Internship program. In the event of unsatisfactory Internship, Cognizant reserves rights at its sole discretion to revoke its employment offer.

#### Please also note that:

• The Internship timings would be for 10 hours per day from Monday through Friday aligned to the working timings followed in Cognizant which based on the need could also be operated on a shift model. Attendance is mandatory on all the days to stay active in the Internship Program. The Intern Offer would be terminated if the mandatory requirement of minimum 90% attendance at office is not met in a month.

 Interns are covered under Cognizant's calendar holidays of the respective location of internship, and you would need to adhere with minimum attendance requirements. Prior approvals are must towards any unavoidable leave or break requests during the program and internship would be terminated if leaves are availed without prior approvals.

 You would be required to ensure timely completion and submission of assignments, project work and preparation required prior to the sessions failing which your internship would be terminated.

The Technical skills track mapped could change at the start or mid-way or even later during the program depending
on business demand changes and you would be required to be flexible for this change failing which your internship
would be terminated.

 After successful completion of your Internship if there is a business demand which expects you to get skilled on a different skill, you would be expected to get skilled in that demand failing which your Full Time Offer would be cancelled / withdrawn.

Regd Office: 115/535, Old Mahabalipuram Road, Okkiam Thoraipakkam, Chennai - 600 097

 Stipend payment will be done for the prescribed Internship Curriculum period only and no additional payment will be done for any delay in completion. Attendance and successful completion of Milestone(s) are the eligible factors for processing stipend payment and tenure spent will not guarantee your monthly stipend payment.

There would be zero tolerance to plagiarisms and misconduct during the internship. Adherence to Cognizant
Internship policies and guidelines is mandatory and any breach of incident reported will lead to immediate cancellation
of Internship without any notice.

 During the course of your Internship and at all times, you shall be governed by Cognizant's Social Media Policy and shall, refrain from posting malicious, libelous, defamatory, false, obscene, political, anti-social, abusive, and threatening messages/statements or disparaging the Company, clients, associates, competitors, or suppliers or any third parties, irrespective of whether any such statements are likely to cause damage to any such entity or person. Any breach of this section would lead to immediate termination of the Internship and revocation of the Employment Offer/Agreement.

 Cognizant reserves rights regarding IT infra as applicable and access to information and material of Cognizant during the internship period and may modify or amend the Cognizant GenC program terms and conditions from time to time.

At the time of your reporting for the internship, you will be required to sign a Non - Disclosure Agreement with the company. During the course of your Internship and after completion of the same, you are required to maintain strictest confidentiality with respect to company proprietary or products that you access or come into contact with, during your project as an Intern, at all times as per our Policy. Use of company proprietary information or products shall not be made without prior permission from the concerned authority. Any breach of information security will be dealt as per Company Policy.

This offer from Cognizant shall be active and valid for only 3 calendar days and hence you are expected to accept or decline the offer through the company's online portal within the said time-period of 3 calendar days and you will also be required to submit the mandatory documents at least 7 days before your Internship Onboarding Date as part of your Pre-joining & Background Verification (BGV) process. In case you don't comply to the above timelines, this Offer shall stand withdrawn and will be considered as cancelled. Any official written extension to the offer validity and the above-mentioned timelines will be at the sole discretion of Cognizant.

Below are the mandatory documents to be submitted as part of your Background Verification: • Your Pan Card

Letter of Authorization (LOA) which should be downloaded from the BGV application hand signed with your name and date and reuploaded back to the application

Below are the mandatory documents to be submitted as part of your Pre-joining formalities:

2 Passport sized Photographs preferably with a Grey / White background

Personal individual bank account from a nationalized bank for processing stipend

Please do not hesitate to call us for any information you may need. We wish you good luck.

Yours sincerely, For Cognizant Technology Solutions India Pvt. Ltd.,

ent

Maya Sreekumar Vice President - Human Resources

I have read the offer, understood and accept the above mentioned terms and conditions.

Mr. Harsh Sonwane Pune Maharashtra, India – 411033

Dear Harsh,

To

BITLANCE TECH HUB PVT LTD is pleased to offer you the position of **Web Developer** for our organization. We are excited about the potential that you bring to our company.

As we discussed during your interviews, you will be working in our Pune regional office, where our company is located. You will report directly to the Managing Director of Operations and be a member of our Executive Management Team.

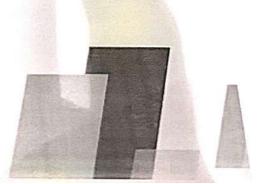

You will be classified as an exempt executive-level employee.

In accepting our offer of employment, you certify your understanding that your employment will be on an at-will basis, and that neither you nor any Company representatives have entered into a contract regarding the terms or the duration of your employment.

As an at-will employee, you will be free to terminate your employment with the Company at any time, with or without cause or advance notice. Likewise, the Company will have the right to reassign you, to change your compensation, or to terminate your employment at any time, with or without cause or advance notice.

Letter of Intent ("LOI")

December 18, 2022

Dear Rushikesh Ravindra More,

We are pleased to inform that your candidature has been shortlisted for the position of **Analyst/A4** with **Capgemini Technology Services India Limited** (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set fortl. in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification:</u> Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: -
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment process.
  - 3. The business and skill requirement of the Company.
  - The date of joining and the location of your employment will be purely based on business
     The location of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the requirement of project/assignment/client (including night shifts).

Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

- training and your employment depending on your performance in its opinion.
  - The Company reserves the rights to withdraw and/or cancel your candidature, in case of the
  - 1. Any active backlog in Your academics discovered pre or post Onboarding training

2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by You during the interview process/ pre-onboarding training misrepresentation by You during the interview process/ pre-onboarding training to compare the interview process. program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview

3. Any delay in submitting any of the documents/requirements for completion of any verification

process (pre-onboarding or pre-offer) as required by the Company within the stipulated

4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ west change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences what to any reasons/ preferences whatsoever which further leads to no Offer from the Company

- 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
- 6. Any act or omission which is in violation of any Company policy.

H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and Private document. Letter of Intent ("LOI")

December 18, 2022

Dear Shubham Maruti Thite,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure- 2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. Pre-onboarding Document Verification: Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any

2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business

F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be

- 1. Your successful; completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum
- passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini. 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment
- The business and skill requirement of the Company.
- 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini. 5. The location of your initial reporting, post-onboarding training and the date of your joining for

the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting. Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with

Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the

Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
    - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
    - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
    - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
    - Any act or omission which is in violation of any Company policy.
    - H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written
    - You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on

Letter of Intent ("LOI")

December 17, 2022

Dear Nishika Vinod Waghmare,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and

applicable to you as may be communicated by the Company later. Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with

- A Please note that your name mentioned in this LOI will be used to create your records in Annexures hereto (hereinafter referred to as LOI). Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
  - B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
  - C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure- 2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
  - The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We D also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
  - Pre-onboarding training Program and Terms & Conditions of the LOI

1. Pre-onboarding Document Verification: Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as a series of the eligible diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the first of (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: subject to: -
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment
  - process.
  - 3. The business and skill requirement of the Company.
  - 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the requirement of project/assignment/client (including night shifts).

Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. #### Letter of Intent (LOI)

## superset ID: 3352854

Date: September 30, 2022

#### Dear Shrushti Ashok Matode,

🗲 cognizant

we are immensely glad to extend a hearty welcome to you to our Cognizant family.

This LOI refers to your application for employment with Cognizant Technology Solutions India Private Limited (" Cognizant ") and subsequent incussions. Basis the information and representation provided by you, we have found you suitable for the GenC role and your designation will be programmer Analyst Trainee. Upon final scrutiny, a formal full-time employment Offer Letter with the compensation, terms and conditions, rules. regulations & policies (" Employment Agreement ") will be issued, and such Employment Agreement shall be subject to and be effective only upon your successful completion of the full-time internship program or Cognizant identified training programs as opted by you or mandated by Cognizant and background verification. You will have an opportunity to opt for a full-time internship with stipend during your final semester and terms and conditions governing such full-time internship program shall be detailed in the Intern Offer Letter.

It is hereby clarified that participation in this full-time internship program or Cognizant idenlified training programs shall not deem to constitute you to be an employee of Cognizant and the scope of this full-time internship program or Cognizant identified training programs does not include any supervisory responsibilities and that there is no agency, fiduciary or employer-employee relationship intended or created by reason of this LOI.

During this full-time internship program or Cognizant identified training programs, you shall not be entitled for any benefits paid or made available to gnizant's full-time employees

Upon your successfully completion of full-time internship program or Cognizant identified training programs, completion of background verification and being onboarded as an employee under a definitive Employment Agreement, your annual total remuneration shall be INR 4,01,988/- per annum. The detailed information on compensation and benefits will be provided in your full-time employment Offer Letter.

This LOI expresses only our intent to enable you participate in the full-time internship program or such Cognizant identified training programs as opted by you or as mandated by Cognizant, and there upon successful completion of the training which brings eligibility to receive a definitive Employment Agreement, subject to completion of hiring formalities, background verification and procedures. Cognizant has zero tolerance towards malpractice in any form and reserves all rights with respect to hiring decisions and issue of full-time Offer. This document is only a letter of intent and does not constitute any contractual relationship between you and Cognizant. Cognizant holds all rights to withhold or cancel this LOI and/or the Intern / Full-time employment Offer Letter due to non-conformance of performance benchmark or moral code of conduct.

Code of Conduct : You shall comply with Cognizants Core Values and Standards of Business Conduct, located at and incorporated herein by reference. https://www.cognizant.com/us/en/documents/code-of-ethics.pdf

This LOI from Cognizant is valid for 1 week - 7 calendar days, from the date of the LOI. Hence, you are requested to accept or decline the LOI within 1 week from the date of the LOI. In case we do not receive any response from your end within the aforementioned time period, this LOI shall stand withdrawn, and will be considered as void. Any extension to the LOI validity will be at the sole discretion of Cognizant. Please note that this LOI is not deemed to be considered as an employment contract or offer letter for purposes of joining Cognizant as an employee. For all onboarding formalities, the definitive Employment Comment of the considered as an employment contract or offer letter for purposes of joining Cognizant as an employee. the definitive Employment Agreement is required.

Upon accepting this LOI, you hereby consent for Cognizant Technology Solutions India Private Limited to receive the personal information and/or sensitive personal information ('Personal Information') submitted by you for background verification and share the same with its empaneled vendors located in India for conducting mandatory background checks for employment opportunities with Cognizant.

Subject: Thinklink Internship

Dear Vishwas,

Congratulations! We are pleased to extend you with our written Internship Offer of employment with Makewise Technologies Pvt. Ltd on behalf of client ThinkLink Inc at our office in Bengaluru, Karnataka.

Your monthly stipend under the Internship Initiative will be an amount of Rs 45,000 /- (Rupees Forty Five Thousand) payable as per company policies further described in the service agreement and SOW. You are expected to dedicate a minimum of 8 hours / day during the business week (Monday - Friday) towards your responsibilities during the course of your Internship.

This offer letter, together with your Consultant Service Agreement, forms the complete and exclusive statement of your employment with Makewise Technologies Pvt. Ltd. It supersedes any other agreements or promises made to you by anyone, whether oral or written. Changes to the terms of this letter require a written modification signed by an authorized signatory of Makewise.

This offer of employment is contingent upon the following:

(i) Your acceptance of this written offer of employment.

(ii) You not being subject to any secrecy, confidentiality, non-compete or other agreements with a third party which would restrict or interfere with your ability to perform responsibilities of the position;

(iii) Your execution of Makewise's standard confidentiality agreement;

(iv) Your execution of Non Disclosure agreements; and

(iv) You passing a reasonable background and reference check conducted by MakeWise Technologies Pvt. Ltd based on your completion of an employment application and professional references. You will be an employee "at will" of MakeWise Technologies Pvt. Ltd and work on projects assigned to you by our client, ThinkLink Inc as your initial assignment, which shall based on company's discretion.

Please sign this offer letter below to indicate your acceptance of this offer by 26.12.2022. If we do not receive your written acceptance by that time, this offer is void.

We look forward to your joining our team. Should you have any questions or need any further information regarding this offer or the position, please do not hesitate to contact : pavanpk@makewise.in

Letter of Intent ("LOI")

December 18, 2022

Dear Shubham Dnyandeo Ghalme,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI

1: <u>Pre-onboarding Document Verification</u>: Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable, information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini. 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment

process.

3. The business and skill requirement of the Company.

..... · · ·

- 4. The date of joining and the location of your employment will be purely based on business
- requirements of Capgemini and the skill set as assessed by Capgemini. 5. The location of your initial reporting, post-onboarding training and the date of your joining for
- the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the

requirement of project/assignment/client (including night shifts). Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances: following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ Concealment of information Concealment of information by you during the interview process/ pre-onboarding training program or the recruited program or the recruitment process to seek employment including but not limited to misrepresentation of lef misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents. Score sheet or documents submitted, malpractice during the assessment and or interview process etc.
    - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (and the stipulated process (pre-onboarding or pre-offer) as required by the Company within the stipulated 4. For not agreeing to the project/assignment/location assigned by the Company or seeking
    - change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
  - 6. Any act or omission which is in violation of any Company policy. H This is a highly Confidential and Private document. You are required to treat this LOI and its contants as strictly constants contents as strictly confidential and knowld not disclose the same to any person or entity (except to your advisory attention and should not disclose the same to any person or entity (except to your advisory attention) without our prior written
  - to your advisors, attorneys and accountants, for seeking their advice) without our prior written You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at

  - any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact fresherhiring in@capgemini.com , please ensure you mention your name, registered email id, superset id and details of the query.

#### Letter of Intent (LOI)

Superset ID: 2943214

Date: September 30, 2022

#### Dear Sonali Rameshchandra Sharma,

We are immensely glad to extend a hearty welcome to you to our Cognizant family.

This LOI refers to your application for employment with Cognizant Technology Solutions India Private Limited (" Cognizant ") and subsequent discussions. Basis the information and representation provided by you, we have found you suitable for the GenC role and your designation will be Programmer Analyst Trainee. Upon final scrutiny, a formal full-time employment Offer Letter with the compensation, terms and conditions, rules, regulations & policies (" Employment Agreement ") will be issued, and such Employment Agreement shall be subject to and be effective only upon your successful completion of the full-time internship program or Cognizant identified training programs as opted by you or mandated by Cognizant and background verification. You will have an opportunity to opt for a full-time internship with stipend during your final semester and terms and conditions governing such full-time internship program shall be detailed in the Intern Offer Letter.

It is hereby clarified that participation in this full-time internship program or Cognizant identified training programs shall not deem to constitute you to be an employee of Cognizant and the scope of this full-time internship program or Cognizant identified training programs does not include any supervisory responsibilities and that there is no agency, fiduciary or employer-employee relationship intended or created by reason of this LOI.

During this full-time internship program or Cognizant identified training programs, you shall not be entitled for any benefits paid or made available to Cognizant's full-time employees.

Upon your successfully completion of full-time internship program or Cognizant identified training programs, completion of background verification and being onboarded as an employee under a definitive Employment Agreement, your annual total remuneration shall be INR 4,01,988/- per annum. The detailed information on compensation and benefits will be provided in your full-time employment Offer Letter.

This LOI expresses only our intent to enable you participate in the full-time internship program or such Cognizant identified training programs as opted by you or as mandated by Cognizant, and there upon successful completion of the training which brings eligibility to receive a definitive Employment Agreement, subject to completion of hiring formalities, background verification and procedures. Cognizant has zero tolerance towards malpractice in any form and reserves all rights with respect to hiring decisions and issue of full-time Offer. This document is only a letter of intent and does not constitute any contractual relationship between you and Cognizant. Cognizant holds all rights to withhold or cancel this LOI and/or the Intern / Full-time employment Offer Letter due to non-conformance of performance benchmark or moral code of conduct.

Code of Conduct : You shall comply with Cognizants Core Values and Standards of Business Conduct, located at and incorporated herein by reference. https://www.cognizant.com/us/en/documents/code-of-ethics.pdf

This LOI from Cognizant is valid for 1 week - 7 calendar days from the date of the LOI. Hence, you are requested to accept or decline the LOI within 1 week from the date of the LOI. In case we do not receive any response from your end within the aforementioned time period, this LOI shall stand withdrawn, and will be considered as void. Any extension to the LOI validity will be at the sole discretion of Cognizant. Please note that this LOI is not deemed to be considered as an employment contract or offer letter for purposes of joining Cognizant as an employee. For all onboarding formalities, the definitive Employment Agreement is required.

Upon accepting this LOI, you hereby consent for Cognizant Technology Solutions India Private Limited to receive the personal information and/or sensitive personal information ('Personal Information') submitted by you for background verification and share the same with its empaneled vendors located in India for conducting mandatory background checks for employment opportunities with Cognizant.

For further queries, related to Letter of Intent (LOI), please raise a request by clicking "Raise a Query" button in the below link. Use Superset ID as Candidate ID and choose Category as Letter of Intent (LOI).

https://campus2cognizant.cognizant.com/Pages/Prelogin GenC-HR Team will reach out to you over email to guide you on the next steps.

Thank you for the interest and stay tuned to hear from us.

Yours sincerely.

For Cognizant Technology Solutions India Pvt. Ltd.

Letter of Intent ("LOI")

December 18, 2022

Dear Sonali Rameshchandra Sharma,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

RBTI9IT104

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification</u>: Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: -
  - 1. Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - 2. All the eligibility requirements laid down by Capgemini as mentioned during the recruitment process.
  - 3. The business and skill requirement of the Company.
  - 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts ns per the requirement of project/assignment/client (including night shifts).

Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

Letter of Intent ("LOI")

December 18, 2022

Dear Schuzelle Gratel Fernandes,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later. Please note that it is essential for you to participate, effectively leverage and successfully complete this program assigned and applicable to approximate the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later. program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with

- Annexures hereto (hereinafter referred to as LOI). A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
  - We are proposing compensation package and benefits post-onboarding, the details of which are в set forth in Annexure 1 to this LOI.
  - C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure- 2 . Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
  - D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.

E Pre-onboarding training Program and Terms & Conditions of the LO

1. Pre-onboarding Document Verification: Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if applicable) information provided by you is verified, therefore you are subject to a detailed document verification as per the Company process of the document set submitted by you as per Annexure 2

Note: Based on certain business requirement and statutory rules Capgemini may initiate certain additional checks before and during your tenure in Capgemini and by accepting this LOI you agree to undergo such additional checks when required. Capgemini will not take any individual approval for the same.

- 2. Pre-onboarding Training Program: This may also include pre-onboarding training programs as may be applicable to you and that may be a combination of trainings, assessments, working on client projects & assignments. Post issuance and acceptance of this LOI, you will be communicated appropriately about the pre-onboarding training program you have to successfully complete within stipulated time as per the Company expectations and parameters. By accepting this LOI, you agree to adhere to the terms and conditions of the training program as communicated to you by the Company. Further, please be advised that the Company may consider issuance of Employment Offer Letter ("Offer") based on your performance in the assigned pre-onboarding training program and as per the business requirements.
- F Post successful completion of your pre-onboarding training program, final semester degree/ diploma examination and as per the Company's business requirements you will be eligible (Subject to Clause E) for the final Offer. You agree and acknowledge that the final Offer shall be subject to: -
  - Your successful completion of all curricular requirements within the stipulated timeframe, as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ timeline/ grade/ rank/ class as determined by Capgemini.
  - All the eligibility requirements laid down by Capgemini as mentioned during the recruitment process.
  - The business and skill requirement of the Company.
  - 4. The date of joining and the location of your employment will be purely based on business requirements of Capgemini and the skill set as assessed by Capgemini.
  - 5. The location of your initial reporting, post-onboarding training and the date of your joining for the same would be communicated to you in due course of time. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting.

Note 1: Your employment with Capgemini will be conclusive on you executing the Offer with Capgemini which shall contain details including the scope, terms and conditions of your employment and the contractual obligation with Capgemini. Post your onboarding with the Company, you may be required to (i) work on any client or Capgemini project(s) that are assigned to you from time-to-time, (ii)on any technical platforms/skills and or work in shifts as per the requirement of project/assignment/client (including night shifts).

Note 2: After commencement of employment you will be on probation for a period of six months from your date of joining and subject to the probation policy of the Company your employment will be confirmed. During your probation you may be required to undergo classroom trainings for such duration as deemed necessary by Capgemini and your performance will be evaluated periodically during such training period. Capgemini reserves the right to decide the continuance of your further

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
  - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
  - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
  - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
  - 6. Any act or omission which is in violation of any Company policy.
  - H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written consent.
  - I You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact <u>fresherhiring.in@capgemini.com</u>, please ensure you mention your name, registered email id, superset id and details of the query.

#### Dear Adnaan Shafiuddin Shaikh,

At the outset, we would like to extend our sincere thanks for exploring internship opportunities with KPIT. Further to our discussions, we are delighted to extend you an offer of internship.

This offer is based on your profile, relevant academic experiences and performance in the selection process.

- Designation: Trainee
- Grade: A Grade
- Base Location: Pune

You will be required to be physically present at the base location for the entire duration of the internship.

During your internship, your stipend including all benefits will be INR 25,000.00/- per Month.

You shall be governed by the terms and conditions of service during your internship with KPIT as per existing policies and those that may be amended from time to time.

## Internship Duration: 23rd Jan 2023 to 28th Apr 2023

#### Terms of Internship -

#### Working Hours

Your working hours are governed by applicable law.

#### Mobility

• KPIT reserves the right to transfer / utilize your services at any of its offices, work sites on the terms and conditions as applicable to you at the time of transfer.

#### Holidavs

You are entitled to Public Holidays applicable in India every year.

#### **Compensation Structure**

• The structure of the compensation package offered to you will be as per the prevailing Company policy at the time of your joining.

#### **Confidentiality Agreement**

 As part of the joining formalities, you are required to sign a confidentiality agreement, which aims to protect the intellectual property rights and business information of KPIT and its clients.

#### **KPIT** Code of Conduct

· You are required to sign the KPITs Code of Conduct and follow the same in your day-today conduct as an intern of KPIT.

#### Rules and Regulations of the Company

· Your internship will be governed by the policies, rules, regulations, practices, processes and procedures of KPIT as applicable to you and the changes therein from time to time.

#### Culture at KPIT

- KPIT has open door policy which makes the work culture transparent and easy to approach.
- · It always gives opportunities and challenges beyond your current role to prove yourself and achieve greater heights.
- · KPIT has an open culture, a great work environment, and offers a sense of belonging to employees, which is conducive to future growth.
- · KPIT is the perfect place for someone looking for a challenging, fast growing environment with opportunities to take on bigger responsibilities and learn cross functional skills.
- · With a relatively flat organizational structure, KPIT encourages innovative thinking and gives everyone a sound hearing, regardless of the seniority of the individual.
- Channelization of raw energy and execution of good ideas is brought in by young employees like you.
- KPIT gives you a platform for new ideas and a lot of innovation is fostered here.
- · Gives you an opportunity to discuss ideas with the senior management and be enabled to execute them, at a

#### Offer Letter and Terms of Employment Date: September 8, 2022

#### Dear Candidate,

At the outset, we would like to extend our sincere thanks for exploring career opportunities with KPIT. Further to our discussions, we are delighted to extend you an offer of employment.

This offer is based on your profile, relevant work experience and performance on the selection process.

- Designation: Associate Software Engineer
- Grade: A

Your Total Target Compensation Including all benefits will be Rs 4,50,000/- (Four Lakh and Fifty Thousand) per annum; upon Successful completion of KPIT Elective (If Applicable)

You shall be governed by the terms and conditions of service during your employment with KPIT as per existing policies and those that may be amended from time to time.

Kindly confirm your acceptance through the system generated email within 3 days from the date of this offer beyond which this offer is considered null and void. Your offer is subject to following clauses:

- a. You are required to go through our Flagship Foundation level Training program 'Genesis', led by the Education and Competency Development (ECoDe) Team of KPIT.
- b. Your performance on this program would be assessed and tracked in the form of a Merit-List.
- c. The Genesis program would be followed by an internship program (offline or hybrid) for a stipulated duration mapped to specific KPIT Delivery Verticals (Departments). Your commencement of Internship in these verticals at KPIT would be determined basis the merit list and your overall academic obligations at the time. Additionally, your performance during the internship period would decide the onboarding date for live vertical-specific projects at KPIT. Onboarding to live projects would commence only on completion of the final examinations.
- d. The selection and joining at KPIT will stand cancelled in the event of failure in the pen-ultimate / final semester BE Examinations or alternatively if the performance in Genesis program and Internship engagement is sub-par.

Remuneration during Genesis and Internship Programs:

- · Stipend will be paid during the genesis training and internship program.
- Monthly salary as per CTC offered would commence once allocated to live projects, at the end of the
  respective month.

You will be eligible for Gratuity, Mediclaim and Group Personal Accidental benefits as per the company policy. The duly signed appointment letter will be issued to you on the first day of your joining at KPIT only upon submitting your valid testimonials and related joining formalities.

A new assignment workplace and colleagues, await you to jump start to achieve the company's vision of building a global Mobility Organization. Work life at KPIT is all about mobility, enabling our customers by accelerating Implementation of next generation mobility technologies. We value fun as an integral part of our culture.

For KPIT Technologies Limited.

Letter of Intent (LOI)

Superset ID: 2912619

Date: September 30, 2022

Dear Rohit Ganesh Shelar,

We are immensely glad to extend a hearty welcome to you to our Cognizant family.

This LOI refers to your application for employment with Cognizant Technology Solutions India Private Limited ("Cognizant") and subsequent discussions. Basis the information and representation provided by you, we have found you suitable for the GenC Elevate role and your designation will be Programmer Analyst Trainee. Upon final scrutiny, a formal full-time employment Offer Letter with the compensation, terms and conditions, rules, regulations & policies ("Employment Agreement") will be issued, and such Employment Agreement shall be subject to and be effective only upon your successful completion of the full-time internship program or Cognizant identified training programs as opted by you or mandated by Cognizant and background verification. You will have an opportunity to opt for a full-time internship with stipend during your final semester and terms and conditions governing such full-time internship program shall be detailed in the Intern Offer Letter.

It is hereby clarified that participation in this full-time internship program or Cognizant identified training programs shall not deem to constitute you to be an employee of Cognizant and the scope of this full-time internship program or Cognizant identified training programs does not include any supervisory responsibilities and that there is no agency, fiduciary or employer-employee relationship intended or created by reason of this LOI.

During this full-time internship program or Cognizant identified training programs, you shall not be entitled for any benefits paid or made available to Cognizant's full-time employees.

Upon your successfully completion of full-time internship program or Cognizant Identified training programs, completion of background verification and being onboarded as an employee under a definitive Employment Agreement, your annual total remuneration shall be INR 4,01,988/- per annum. You are also eligible for a One-time Skill Bonus\* of INR 25,000/-. The detailed information on compensation and benefits will be provided in your fulltime employment Offer Letter.

\*One-time Skill Bonus will be based on the technical competency demonstrated thru skill-based assessment, Interview and full-time Internship /

Cognizant identified training programs. This LOI expresses only our intent to enable you participate in the full-time internship program or such Cognizant identified training programs as opted by you or as mandated by Cognizant, and there upon successful completion of the training which brings eligibility to receive a definitive Employment Agreement, subject to completion of hiring formalities, background verification and procedures. Cognizant has zero tolerance towards malpractice in any form and reserves all rights with respect to hiring decisions and issue of full-time Offer. This document is only a letter of intent and malpractice in any form and reserves all rights with respect to hiring decisions and issue of full-time Offer. This document is only a letter of intent and documents and issue of full-time offer. does not constitute any contractual relationship between you and Cognizant, Cognizant holds all rights to withhold or cancel this LOI and/or the Intern / Full-time employment Offer Letter due to non-conformance of performance benchmark or moral code of conduct.

Code of Conduct : You shall comply with Cognizants Core Values and Standards of Business Conduct, located at and incorporated herein by reference. https://www.cognizant.com/us/en/documents/code-of-ethics.pdf

This LOI from Cognizant is valid for 1 week - 7 calendar days, from the date of the LOI. Hence, you are requested to accept or decline the LOI within 1 week from the date of the LOI. In case we do not receive any response from your end within the aforementioned time period, this LOI shall stand withdrawn, and will be considered as void. Any extension to the LOI validity will be at the sole discretion of Cognizant. Please note that this LOI is not deemed to be considered as an employment contract or offer letter for purposes of joining Cognizant as an employee. For all onboarding formalities, the definitive Employment Agreement is required.

Upon accepting this LOI, you hereby consent for Cognizant Technology Solutions India Private Limited to receive the personal information and/or sensitive personal information ("Personal Information") submitted by you for background verification and share the same with its empaneled vendors located in India for conducting mandatory background checks for employment opportunities with Cognizant.

For further queries, related to Letter of Intent (LOI), please raise a request by clicking "Raise a Query" button in the below link. Use Superset ID as Candidate ID and choose Category as Letter of Intent (LOI).

https://campus2cognizant.cognizant.com/Pages/Prelogin

GenC HR Team will reach out to you over email to guide you on the next steps. Thank you for the interest and stay luned to hear from us.

Yours sincerely.

Maya Sreekumar Vice President - Human Resources

10-Jan-2023

Candidate ID: 24161304

Rohit Ganesh Shelar B.E. Information Technology Rajarshi Shahu College of Engineering, Tathawade

#### Dear Rohit Ganesh Shelar,

Further to ou: Letter of Intent / Offer for the position of Programmer Analyst Trainee / Programmer Analyst aligned to the hiring category and in response to your subsequent confirmation for Internship Program with us, we are pleased to offer you an Internship on premises with us for a period of 3 to 6 months. Your Internship onboarding will be scheduled based on your availability factoring your college exam schedule and our business requirements.

During this period, you will be provided with a stipend of INR 12,000 per month equated to the planned duration of the Internship curriculum and will be paid only subject to successful completion of milestones as defined in the curriculum prior to the monthly stipend processing window for a given month based on your performance and attendance.

Though Cognizant Internship is a pre-requisite skill and capability development program, it does not guarantee employment and there is no employer – employee relationship during the course of this internship program. However, the successful completion of internship will form a critical part of your eligibility for employment with Cognizant if an opportunity arises in future.

You will undergo a learning curriculum as per the learning track assigned to you. The learning path will include in-depth sessions, hands on exercise and project work. There will also be series of webinars, quizzes, SME interactions, mentor connects, code challenges, assessments etc. to accelerate your learning. The outcome during Internship would be monitored through formal evaluations.

Prior to joining on the rolls of Cognizant, you must have successfully completed the prescribed Internship program. In the event of unsatisfactory Internship, Cognizant reserves rights at its sole discretion to revoke its employment offer.

#### Please also note that:

• The Internship timings would be for 10 hours per day from Monday through Friday aligned to the working timings followed in Cognizant which based on the need could also be operated on a shift model. Attendance is mandatory on all the days to stay active in the Internship Program. The Intern Offer would be terminated if the mandatory requirement of minimum 90% attendance at office is not met in a month.

 Interns are covered under Cognizant's calendar holidays of the respective location of internship, and you would need to adhere with minimum attendance requirements. Prior approvals are must towards any unavoidable leave or break requests during the program and internship would be terminated if leaves are availed without prior approvals.

 You would be required to ensure timely completion and submission of assignments, project work and preparation required prior to the sessions failing which your internship would be terminated.

 The Technical skills track mapped could change at the start or mid-way or even later during the program depending on business demand changes and you would be required to be flexible for this change failing which your internship would be terminated.

 After successful completion of your Internship if there is a business demand which expects you to get skilled on a different skill, you would be expected to get skilled in that demand failing which your Full Time Offer would be cancelled / withdrawn.

Regd Office: 115/535, Old Mahabalipuram Road, Okkiam Thoraipakkam, Chennai - 600 097

 Stipend payment will be done for the prescribed Internship Curriculum period only and no additional payment will be done for any delay in completion. Altendance and successful completion of Milestone(s) are the eligible factors for processing stipend payment and tenure spent will not guarantee your monthly stipend payment.

There would be zero tolerance to plagiarisms and misconduct during the internship. Adherence to Cognizant
Internship policies and guidelines is mandatory and any breach of incident reported will lead to immediate cancellation
of Internship without any notice.

 During the course of your Internship and at all times, you shall be governed by Cognizant's Social Media Policy and shall, refrain from posting malicious, libelous, defamatory, false, obscene, political, anti-social, abusive, and threatening messages/statements or disparaging the Company, clients, associates, competitors, or suppliers or any third parties, irrespective of whether any such statements are likely to cause damage to any such entity or person. Any breach of this section would lead to immediate termination of the Internship and revocation of the Employment Offer/Agreement.

 Cognizant reserves rights regarding IT infra as applicable and access to information and material of Cognizant during the internship period and may modify or amend the Cognizant GenC program terms and conditions from time to time.

At the time of your reporting for the internship, you will be required to sign a Non - Disclosure Agreement with the company. During the course of your Internship and after completion of the same, you are required to maintain strictest confidentiality with respect to company proprietary or products that you access or come into contact with, during your project as an Intern, at all times as per our Policy. Use of company proprietary information or products shall not be made without prior permission from the concerned authority. Any breach of information security will be dealt as per - Company Policy.

This offer from Cognizant shall be active and valid for only 3 calendar days and hence you are expected to accept or decline the offer through the company's online portal within the said time-period of 3 calendar days and you will also be required to submit the mandatory documents at least 7 days before your Internship Onboarding Date as part of your Pre-joining & Background Verification (BGV) process. In case you don't comply to the above timelines, this Offer shall stand withdrawn and will be considered as cancelled. Any official written extension to the offer validity and the above-mentioned timelines will be at the sole discretion of Cognizant.

Below are the mandatory documents to be submitted as part of your Background Verification:

Your Pan Card

• Letter of Authorization (LOA) which should be downloaded from the BGV application hand signed with your name and date and reuploaded back to the application

Below are the mandatory documents to be submitted as part of your Pre- joining formalities:

· 2 Passport sized Photographs preferably with a Grey / White background

· Personal individual bank account from a nationalized bank for processing stipend

Please do not hesitate to call us for any information you may need. We wish you good luck.

Yours sincerely, For Cognizant Technology Solutions India Pvt. Ltd.,

Maya Sreekumar Vice President - Human Resources

I have read the offer, understood and accept the above mentioned terms and conditions,

RE: Data Asle Employment Agreement

#### Dear Kaustubh.

On behalf of Data Axle Solutions Private Limited ("Data Axle" or Company), I am pleased to welcome you to our team as Associate Software Engineer-ID1888. In this position, you will be expected to devote your full business time, attention and energies to the performance of your duties with the Company. We are pleased to present to you our employment agreement effective Jul 10, 2023 based on the following terms & conditions:

1. Office Location and Working Hours. The primary office location will be Pune, India. Employees shall work 45 hours per week based on a five day working work. The normal working hours and working time of each employee would be governed by the Company policies pertaining to the same and will be on the specific duties assigned and the department requirements. The initial work timings will be informed at time of joining. If necessary, the Employee all work such additional hours as may be necessary for the Employee to perform his her duties effectively.

2. Compensation. The Company will pay you an Annual Cost To The Company (CTC) of Rs. 9,25,000 in accordance with the Company's standard payroll policies, including compliance with applicable withholding requirements. The detailed breakup has been attached (Annesure A) for your reference. The first and last payment by the Company to you will be adjusted, if necessary, to reflect a commencement or termination date other than the first or last working day of a pay period.

3. Benefits and Obligations. During the term of your employment, you will be entitled to the Company's standard vacation and benefits covering employees at your level, as such may be in effect from time to time, subject to and in accordance with applicable law. All active employees of the Company who are regularly scheduled to work 30 hours or more per week are eligible to participate in the plan on their date of hire. More details on your benefits package is shared as an attachment separate from this offer letter. You will also be entitled to receive any statutory benefits in accordance with and subject to applicable law. You will be required to perform your duties in a professional manner in accordance with the provisions of the terms and conditions contained herein and all applicable Company policies.

4 Prior Employment Relationships; Conflicting Obligations, If you have not already done so, we request that you disclose to the Company any and all agreements relating to your prior employment that may affect your eligibility to be employed by the Company or limit the manner in which you may be employed. It is the Company's understanding that any such agreements will not prevent you from performing the duties of your position and you represent that such is the case. Moreover, you agree that, during the term of your employment with the Company, you will not engage in any other employment, occupation, consulting or other business activity whether for remineration or profit or otherwise, without the prior written consent of the Company, nor will you engage in any other activities that conflict with your obligations to the Company. Similarly, you agree not to bing any third-party confidential information to the Company, including that of your former employer, and that in performing your duties for the Company you will not in any way utilize any such information.

5. Confidentiality and Inventious Agreement. As a condition of this offer of employment, you will be required to complete and sign the Company's standard form of Confidentiality and Inventions Agreement (Annexure B).

26. Background Check; Contingeneues. This employment agreement is contingent and conditional upon the satisfactory completion of background screens to be performed by the Company and or independent contractors of the Company. If such checks fail to satisfy the Company's requirements for employees at your level, this employment agreement shall be rescinded.

7. Prohotion. You will be on probation for a period of three months from the date of joining. At the end of probation period, based on your performance evaluation, your services will be confirmed in the regular employment of the Company, in writing. The Company reserves the right to extend your probation period further, if your performance is not as per expectations. Employment maybe terminated by us without notice during probation.

8. Termination: Company reserves the right to terminate your employment with immediate effect in the event of any misrepresentation, incorrect or inadequate disclosure or concealment of facts on yoar part. Further, Company reserves the right to terminate your employment with immediate effect upon a determination made by it that you have: (i) breached the terms and conditions of this employment agreement; (ii) breached any policies of Company; (iii) failed to discharge your duties in accordance with the terms and conditions of this employment agreement; (ii) breached any policies; (iv) committed an act onussion which constitutes misconduct (v) failed to successfully complete any performance improvement plan; or (vi) committed any actionussion that requires disciplinary action.

If Company believes it is necessary as a party of any disciplinary proceedings or in order to investigate a complaint against you, it may suspend you for so long as it may think fit, without prepadice to its right to subsequently terminate this Agreement on the same or any other ground. This contract of employment is subject to termination by either party giving 60 days notice in case your employment is continued by the Company. For employees who are on probation, either party can terminate the contract of employment by giving a notice of two weeks. Fither party is not bound to give any reason thereof. The Company reserves the right to pay or recover salary in heu of notice period. Further, the Company may at its discretion televe you from such date as it may deem fit even before the expiry of the notice period, by paying you salary in heu of notice for the remander of the notice period and is not bound to give any reason thereof. On acceptance of the separation notice, before you are releved you will hand over to the Company all correspondence, specifications, formulae, books, documents, cost data, market data, literature, drawings and you shall not reproduce or retain any copies of these items.

## data axle

Data Axle Solutions Private Limited ICC Tech Park Senapati Bapat Rd, Laxmi Society, Model Colony Shivajinagar, Pune, Mabarashira 411016

On termination, you shall receive any accrued but unpaid salary, benefits and all other payments on the next regularly scheduled payroll date or as required by applicable law. However, Company shall have the right to deduct any outstanding amounts owed by you to it and you expressly authorize Company to deduct such outstanding from your full and final settlement.

9. Retriement The age of retirement from the Company shall be on attainment of sixty years.

10. Assignment. Any attempted assignment, transfer, conveyance or other disposition of your right to compensation or other benefits under this employment agreement, shall be null and void.

11. Consent to use information. You hereby consent to the collection of your personal information including your sensitive personal information by the Company in relation to your employment at the Company, including for the purposes of conducting background checks and screens, and for the processing of your benefits while you are employed with the Company. You further consent to the Company sharing such personal information with authorized third parties for legitimate purposes in connection with the Company's business and in compliance with applicable law.

12. Modification: Any modification of this employment agreement or additional obligation assumed by you or the Company in connection with this by how ment agreement shall be binding only if evidenced in writing signed by you and the Company. Provided however that the Company may in its sole discretion and subject to applicable law, modify/ change the terms of any policies, benefit plans or payouts, which are applicable to all employees or any class grade of employees without the requirement of obtaining your prior consent.

13 Waver and Severability: Any failure or delay on the part of the Company to enforce its rights under this Agreement shall not constitute a waiver on its part in relation to such rights, unless agreed to specifically in writing. If any provision of this employment agreement is held invalid, illegal or unenforceable by a court of competent jurisdiction, such invalidity, illegality or unenforceability will not affect any other provisions of this employment agreement, and this employment agreement will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

14. Applicable Law. The validity, interpretation, construction and performance of this employment agreement shall be governed by the laws of India. Any and all disputes that arise in connection this employment agreement shall be subject to the exclusive jurisdiction of the competent courts at Pune. India.

Via the link provided, please type your name as it appears on your Application to duly accept all of the terms and conditions of this Employment Agreement including the Offer Letter. Compensation Statement, and Employee Confidentiality and Inventions Statement, within 48 hours of receipt.

If you have any questions related to this employment agreement, please contact me at david lobley a data-axle com. Thanking you and looking forward to a long and bencheral association with you

Sincerely.

David Lobley Manager, Talent Acquisition Data Axle Solutions Private Limited

Letter of Intent ("LOI")

December 18, 2022

Dear Veena Sachin Tapale,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and applicable to you as may be communicated by the Company later.

Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company. such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification:</u> Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - Any active backlog in your academics discovered pre-or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
  - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
  - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
  - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
  - 6. Any act or omission which is in violation of any Company policy.
- H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written consent.
- I You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact <u>fresherhiring.in@capgemini.com</u>, please ensure you mention your name, registered email id, superset id and details of the query.

#### Offer Letter and Terms of Employment Date: September 8, 2022

Dear Candidate,

At the outset, we would like to extend our sincere thanks for exploring career opportunities with KPIT. Further to our discussions, we are delighted to extend you an offer of employment.

This offer is based on your profile, relevant work experience and performance on the selection process.

- Designation: Associate Software Engineer
- Grade: A

Your Total Target Compensation Including all benefits will be Rs 4,50,000/- (Four Lakh and Fifty Thousand) per annum: upon Successful completion of KPIT Elective (If Applicable)

You shall be governed by the terms and conditions of service during your employment with KPIT as per existing policies and those that may be amended from time to time.

Kindly confirm your acceptance through the system generated email within 3 days from the date of this offer beyond which this offer is considered null and void. Your offer is subject to following clauses:

- You are required to go through our Flagship Foundation level Training program 'Genesis', led by the Education and Competency Development (ECoDe) Team of KPIT.
- b
- Your performance on this program would be assessed and tracked in the form of a Merit-List. The Genesis program would be followed by an internship program (offline or hybrid) for a stipulated c. duration mapped to specific KPIT Delivery Verticals (Departments). Your commencement of Internship in these verticals at KPIT would be determined basis the merit list and your overall academic obligations at the time. Additionally, your performance during the internship period would decide the onboarding date for live vertical-specific projects at KPIT. Onboarding to live projects would commence only on completion of d
- The selection and joining at KPIT will stand cancelled in the event of failure in the pen-ultimate / final semester BE Examinations or alternatively if the performance in Genesis program and Internship engagement is sub-par.

Remuneration during Genesis and Internship Programs:

- Stipend will be paid during the genesis training and internship program. .
- Monthly salary as per CTC offered would commence once allocated to live projects, at the end of the

You will be eligible for Gratuity, Mediclaim and Group Personal Accidental benefits as per the company policy. The duly signed appointment letter will be issued to you on the first day of your joining at KPIT only upon submitting

A new assignment workplace and colleagues, await you to jump start to achieve the company's vision of building a global Mobility Organization. Work life at KPIT is all about mobility, enabling our customers by accelerating Implementation of next generation mobility technologies. We value fun as an integral part of our culture.

For KPIT Technologies Limited.

Rahul Uplap Associate Vice President Global Head - Education & Competency Development (ECoDe)

Catalyzing Your Impact

December 16, 2022

Sumit Raosaheb Deshmukh Jawahar Nagar, Nr R, Amekar Bhavan, Akola - 444001

Dear Sumit ("you", "your", "Intern"),

With reference to your application and interviews with us, we ("we", "us", "Company", "TresVista") are delighted to extend you an offer for the position of a full time Intern, IT, at our Pune, Maharashtra office for a period of twenty-six weeks starting January 16, 2023 and ending July 14, 2023. Subsequent to your successful completion of the Initial Period, your tenure may, upon mutual agreement, be extended for another six (6) month period thereafter, on the engagement terms as applicable and communicated to you by the Company

The following are the terms and conditions of the offer letter ("Offer Letter"):

- 1. You will undergo a comprehensive new hire training which will commence on your date of joining. It will familiarize you with the culture of the Company along with your job roles and responsibilities. The location of this training will be confirmed closer to your date of joining
- 2. You will be paid a monthly stipend of INR 20,000 (before taxes) per month prorated for the duration of your engagement.
- 3. A total of seven paid Vacation Days and three paid Personal Days will be available to you for the duration of the Internship.
- 4. If you desire to resign, you are required to serve a one-month notice ("Notice Period").
- 5. Upon accepting this Offer, it is expected that you will not interview with any other company and/or accept any other offers.
- 6. Going forward, we will communicate with you via emails. You should check your emails regularly and acknowledge our emails, whenever necessary. In case there is a change in your email ID or mobile number, you should notify the HR Department immediately.
- 7. You must not use, refer or state that you are working at the Company across any social media platforms.
- 8. Before your Date of Joining, we will require you to fulfil all formalities listed in Annexure 1.
- 9. This Offer is subject to
  - a. Company being satisfied with the results of a background check and references as prescribed by the Company;
  - b. your providing documents required by the Company and completing all formalities listed in Annexure 1;
  - c. Your joining no later than the joining date mentioned above or such other date as the Company may confirm in writing; and
  - d. your satisfactory performance in the tests and assignments during the Training Period.

LUPIN AAK 6462 www.tresvista.com

This Offer Letter along with its Annexures and all other documents signed by you governs your internship. This Offer Letter shall become effective and binding on your Date of Joining ("Internship Agreement").

If you have any questions or would like a more detailed discussion of the terms above, please do not hesitate to contact the HR Department. Failure to adhere to any of the conditions mentioned above will result in an automatic rescinding of this offer.

You understand that this offer stands valid till your date of joining only, and your failure to join the Company on the said date without a prior request to reschedule your joining, agreeable to the Company, shall lead to the revocation of this Offer Letter without any further notice to you.

Kindly sign this Offer Letter signifying your acceptance to the above terms and conditions. We wish you a very prosperous career with us.

Yours Sincerely,

jce

# Dear Yogesh,

Congratulations on being selected to be a part of CognaTech Family!!

We are pleased to offer you an internship position as **Full Stack Development Intern**. You shall be working in our full stack development team. Your reporting authority shall be intimated to you at the time of joining.

Your scheduled date of internship with us will be from 10-Jan-2023. If you accept this offer, you will begin your internship with the Company. As an intern, you will receive "temporary employment" status. As a temporary employee, you will not receive any of the employee benefits that regular Company employees receive.

By accepting this offer, you agree that throughout your internship, you will observe all policies and practices governing the conduct of our business and employees, including our policies prohibiting discrimination and harassment. This letter sets forth the complete offer we are extending to you and supersedes and replaces any prior inconsistent statements or discussions. It may be changed only by a subsequent written agreement.

This letter constitutes the complete understanding between you and the company regarding your internship and supersedes all prior discussions or agreements. This letter may only be modified by a written agreement signed by both of us.

Kindly respond to this letter as your acceptance of terms mentioned in this letter. If you have any queries, please feel free to get in touch with us.

Dear Yogesh Ingole,

#### Sub: Internship Offer

We are pleased to offer you internship in Tata Consultancy Services (TCS) with the following terms and conditions:

- The tentative start date is 15-Feb-2023 and end date is 31-Jul-2023. These dates can be changed in discussion with the Project Guide
- 2. You will be assigned a Project Guide under whose supervision you will work on the project assigned to you.
- 3. You shall complete your project in accordance with the requirements and guidance of the TCS Project Guide, and maintain qualitative standards as required. You will maintain the discipline, dignity, honor and goodwill of TCS.
- 4. The arrangement is not that of an employer and an employee and as such you shall not be eligible to any allowances or other benefits as may be available to the employees of TCS.
- 5. You will observe the rules & regulations and discipline of TCS, and also maintain complete confidentiality and secrecy of the matters pertaining to TCS and/or any data that has been provided to you in the course of your project work. The detailed terms of Confidentiality, Data and Intellectual Property Protection are enclosed as Annexure A. You will be permitted to attend any classes in the college / university at the discretion of the Project Guide if so called for during the period of your project assignment.
- 6. On completion of your internship you will be required to submit a copy of your project report, which will be the sole property of TCS.
- 7. You shall not undertake any internship in parallel with this internship
- In the event of any misconduct or breach of terms of this internship on the part of the Intern during the internship period, TCS reserves the right to terminate internship without any notice.
- 9. This offer of Internship will be governed as per the Laws of India.

Letter of Intent ("LOI")

December 18, 2022

Dear Aishwarya Ashwin Nikhal,

We are pleased to inform that your candidature has been shortlisted for the position of Analyst/A4 with Capgemini Technology Services India Limited (hereinafter referred to as "Capgemini" or Company). You will be required to participate and complete the pre-onboarding training program assigned and and and and the company later.

applicable to you as may be communicated by the Company later. Please note that it is essential for you to participate, effectively leverage and successfully complete this program as a prerequisite prior to being onboarded as an employee with Capgemini.

We request you to carefully read and understand the Terms and Conditions of this Letter of Intent with Annexures hereto (hereinafter referred to as LOI).

- A Please note that your name mentioned in this LOI will be used to create your records in Capgemini & the same will be continued for all the communication & Company documentation purpose. In case you need a change in the name; please notify before commencement of training. Please note that no changes to the record can be made later in time. The name provided by you should match with the identification documents submitted to the Company, such as Aadhar Card, PAN card, Passport, etc.
- B We are proposing compensation package and benefits post-onboarding, the details of which are set forth in Annexure 1 to this LOI.
- C Upon accepting this LOI, you will be required to submit a set of documents as mentioned in the Annexure-2. Thereafter, you will be provided access to our pre-onboarding training program, as applicable. This will enable you to learn and master the concepts and skills required to be industry ready. The pre-onboarding training program can include physical classroom training/ self-paced e-learning/ hybrid model of training. The learning journey will be inclusive of assignments, assessments, hackathons/ competitions, and webinars as deemed appropriate by Capgemini.
- D The progress made by you in this learning journey would not only help you in getting onboarded but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
- E Pre-onboarding training Program and Terms & Conditions of the LOI
  - 1. <u>Pre-onboarding Document Verification:</u> Capgemini adheres to a strong document verification process. As a part of this process all the personal, educational and professional (if

training and your employment depending on your performance in its opinion.

- G The Company reserves the rights to withdraw and/or cancel your candidature, in case of the following circumstances:
  - 1. Any active backlog in your academics discovered pre or post Onboarding training commencement.
  - 2. In case the Company discovers any fraudulent means/ malpractice/ misrepresentation/ concealment of information by you during the interview process/ pre-onboarding training program or the recruitment process to seek employment including but not limited to misrepresentation of information/ forging or fabrication of documents in resume/ academic score sheet or documents submitted, malpractice during the assessment and or interview process etc.
    - 3. Any delay in submitting any of the documents/requirements for completion of any verification process (pre-onboarding or pre-offer) as required by the Company within the stipulated timelines
    - 4. For not agreeing to the project/assignment/location assigned by the Company or seeking change in onboarding/ training/ work location and/or delaying/ deferring the onboarding due to any reasons/ preferences whatsoever which further leads to no Offer from the Company
    - 5. Disobedience by you to any of the mentioned Terms and Conditions in the LOI
    - 6. Any act or omission which is in violation of any Company policy.
    - H This is a highly Confidential and Private document. You are required to treat this LOI and its contents as strictly confidential and should not disclose the same to any person or entity (except to your advisors, attorneys and accountants, for seeking their advice) without our prior written consent.
    - I You agree and acknowledge that this LOI should not be construed as an offer of employment from Capgemini or any promise thereto. Subject to the terms of this LOI the Company may at any time, at our discretion, revoke this LOI.

We would request you to review the above terms and let us know if they are acceptable to you, within the acknowledgment deadline from the date of the issuance of this LOI (the details as would be mentioned on the portal used for the said purpose).

Should you have any query, please to contact <u>fresherhiring.in@capgemini.com</u>, please ensure you mention your name, registered email id, superset id and details of the query.

# 4. Personal Allowance

You will be eligible for a monthly personal allowance of INR 17,272/- per month. This component is subject to review and may change as per TCSL's compensation policy.

# PERFORMANCE PAY

You will receive a monthly performance pay of INR 4,300/-. The same will be reviewed on completion of your first Anniversary with the company and will undergo a change basis your own ongoing individual performance.

Your Performance Bonus will be INR 3,100/- per month, and will be paid at the closure of each quarter based on the performance of the company and your unit and to the extent of your allocation to the business unit.

Performance Bonus is subject to review on your first anniversary and may undergo a change based on the actual performance of the Company, your business unit and your own ongoing individual performance. The payment is subject to your being active on the company rolls on the date of announcement of Performance Bonus.

This payment shall be treated as productivity bonus in lieu of statutory profit bonus.

You will be eligible for a City Allowance of INR 400/- per month. This allowance is fully taxable, is specific to India and linked to your base branch. It is subject to review and will be discontinued while on international assignments.

You are eligible for Retention Incentive of INR 70,000/- payable to you on an annual basis. This component is in appreciation of continuity of your service in TCSL and will be paid on completion of each year from the introduction of this incentive for a period of 3 years. The Company reserves the right to modify the same in line with the TCS Compensation Policy.

# XPLORE/ LEARNING INCENTIVES

You will be eligible for Readiness Incentive AND/ OR Competency Incentive, basis your performance in TCS Xplore Program. The incentives gives you an additional earning potential of upto ₹60,000 over and above your CTC during the first year. The Learning Incentive pay outs made as per your eligibility are recoverable, if you cease to be employed with TCSL, within 12 months of joining TCSL.

# Employment Offer as an Intern

Dear Mr. Vinit Vikas Hingmire Congratulations...

In reference to your application & credentials, we would like to congratulate you on being selected for an internship with GTL Infotech based at Shivajinagar. Your internship is scheduled to start effective 25/01/2023 for a period of 6 months.

As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through the hands-on application of the knowledge you learned in class.

The Work/Project details and technology platform will be shared with you on or before the commencement of training.

Your willingness to join GTL INFOTECH can be expressed by confirming acceptance of Employment.

Address

Shivajinagar, Pura

Again, congratulations and we look forward to working with you.

Please feel free to contact us for any clarification.

# Subject: Confirmation of Internship

### Dear Anita Pujari,

e b

91

We welcome you to Kedar Industries and Technologies!

We hereby confirm your internship at Kedar Industries and Technologies, for the duration of six months from 2<sup>nd</sup> January 2023 to 30<sup>th</sup> June 2023. Extension of the internship tenure is purely based upon organizational requirement.

Designation:	Intern
Location:	Pune
Service Agreement	N.A.
Internship Period:	06 months
Notice Period:	N.A.
Date of joining:	On 02 <sup>nd</sup> January 2023

During the foresaid training period you will be governed by the policies and procedures applicable to Kedar-Pune office and will be assigned internship project under the guidance and mentorship of Mr Rohal Shinde.

You also must submit the project synopsis and detailed project report after completion of the internship for project evaluation and certification purpose. The payout during the above stated period will be purely based on your performance.

During your association with Kedar Industries and Technologies, any violation of company policies will directly lead to termination.

We wish you all the best for the internship.

### Training Internship Offer Letter

Dear Purven,

In reference to your application, we would like to congratulate you on being selected for the Training internship with Samarth Computer Institute It's time to Upgrade based out of Pune, Maharashtra.

Your training is scheduled to start from 27/01/2023

As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through the hands-on application of the knowledge you learned in class. The project details and technology platform will be shared with you on or before commencement of training.

We look forward to having you at Samarth Computer Institute It's time to Upgrade and wish you a successful internship.

Welcome to our team.

Easy To Learn

Name of the Student:	Om Kiran Ghodake
Name of the training Institute	Samarth Computer Institute
Institute Mentor Name	Dr.N.S Navgale
Industry Mentor Name	Mr.Mahesh Gutalkar

### Abstract:

Samarth Computer Institute is a training institute in Akurdi. They offer C,C++,Python,Java,SQL,Web such as courses IT various development.Besides they also offer CAD courses.

In Samarth Computer Institute I enrolled for the Structured query language (SQL) course in the month of January. The duration of this course was 2 months. Within the period of this course I learned basics of SQL, use of SQL. And towards the end of this course I was able to apply the concepts learned like creating database/table, inserting values in the table, editing the values etc.

After completing SQL I enrolled for Python programming language course. Duration of this course was 3 months. During this course I learned how to write code in Python, need of python ,application of python. With the concepts I learned I practiced various coding problems.

During both courses I solved assignments and quizes given by my instructor and got it evaluated.

Dear Mr. Omkar,

rou have been selected for the internship with our organization. Your internship is from\_09.01.2023 to 20 06.2023, following which based on your performance you may get full time offer from the company.

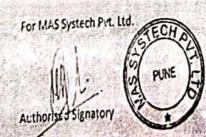

Date of joining would be 09.01.2023

During the internship, you will be assigned different tasks & projects based on ongoing requirements. Therefore you would be expected to put your best efforts in executing the work given to you time to time.

You agree that in accepting internship, you are not replying on any representations or statements concerning employment or other benefits that are not contained in this letter or the employment agreement. Company will solely reserve the right to make any changes to the date of joining.

Your Internship will be governed by the rules, regulations & policies of the company. Please carry a signed copy of this letter on the day of your joining as a token of your acceptance.

Welcome to MAS Systech Pvt. Ltd. We wish you a long, rewarding and a fulfilling career and looking forward to your extended association with the company.

10.06.2023

## CERTIFICATE

This certifies that Mr. Shardul Surendra Kulkarni has successfully completed the internship program at SHRI TECH SYSTEMS, Talwade in the capacity of 'Design Engineer' from 15.01.2023 to 31.05.2023

During the internship, this candidate demonstrated exceptional dedication, enthusiasm, and professionalism. He actively contributed to various projects and tasks, showcasing his skills and adaptability in a fast-paced work environment. His commitment to learning and their willingness to take on new challenges were commendable.

By successfully completing this internship, The candidate has gained valuable industry experience, enhanced their skills in **Design and manufacturing fields**, and contributed to the success of our organisation.

We commend Mr. Shardul Kulkarni for his outstanding performance and dedication during their time at SHRI TECH SYSTEMS. We believe he has a bright future ahead in his chosen career path.

P

M. T. Somnathe Director SHRI TECH SYSTEMS

Date: 14th Jul 2023

## TO WHOM SO EVER IT MAY CONCERN

### Sub: Internship Completion

This is to certify that the below-mentioned student has successfully completed the project in SKF India Ltd.

Name	: Mr. Aditya Lohar

Course	: B.E. Mechanical Engineering
LDUISE	. D.L. Incontract - 0

Institute : JSPM Rajarshi Shahu College of Engineering, Tathawade

Project Topic : Application development in Microsoft PowerApps for Managing Library

Project Duration : 2<sup>nd</sup> January 2023 to 14<sup>th</sup> July 2023

During his project period, he was found sincere, hand -working.

We wish him all the success in the future endeavors.

For SKF India Ltd.

Gautam Kumar Director – People Experience, Industrial Region ISEA & Director - Industrial Business, Singapore, Malaysia & Philippines

Tathawade- Pune.

Subject - Joining of intern for Three Months internship program.

Dear Sir,

We M/s e Veera Green Technology Pvt.Ltd, Pune, are very honoured to have the career build up touch with your esteemed Educational Institution. We are glad to inform that we have accepted your recommendation for fourth year B. Tech. Mechanical Engineering students to join and enroll for Internship. Students joining for the internship are as follows,

1) Mr. Mahesh Raghunath Chavan.

The interns enrolled temporarily for next 3 months for the period from 1 Oct 2022 to 30<sup>th</sup> Dec 2022; under project "Special Purpose Machine". He will be treated as full time Design and development Trainee and will be engaged in onsite & documentary work activities. After satisfactory completion of their three months trainee period, they will eligible to issuance of their internship program certificate as well.

Thanks & Regards,

Director,

e Veera Green Technology Pvt.Ltd
