Autolib NG Web OPAC

Auto Lib Software has been upgraded with Web OPAC Version in 2015. Web OPAC is the Online Public Access Catalogue, which allows users (Students and faculties) to avail the services of the library using Internet that enables speedy searching of library databases including books, e-books, e-journals and other e-resources. The Web OPAC is working as a gateway library. Web OPAC database accessed by a single key word at the click of the mouse. The search results are helpful in getting complete detail of the document related to the search query, saving the time and energy of the searching Library users.

Search

URL: <http://103.68.11.174/AutoLibWebOPAC/Search.aspx>

The Feature of Web OPAC is:

- **Search facility:** By specifying Author, Title, Subject or any other field.
- **Status of the Book:** Whether the book is on shelf or issued

- Number of copies available in library

How to access the library Web OPAC:

- Users need to type the URL:
<http://103.68.11.174/AutoLibWebOPAC/Search.aspx>
in the Mozilla /**Google Chrome** address bar.
- After clicking on the above mentioned link, the OPAC screen will pop up on their computer.
- Click the search tab and put the fields you required on Author, Title, and Publisher etc. You will get details of book availability.
- Enter **your Library Card Number** as login and default password as your **date of Birth**
